**REMOVAL OF THOMAS F. BOYLE,
MEMBER OF BOARD OF EDUCATION,
FROM OFFICE.**

The following communications from his Honor the Mayor were received, read, ordered entered at large in journal and filed:

Mayor's Office

City and County of San Francisco.

San Francisco, December 29th, 1908.
To the Board of Supervisors of the
City and County of San Francisco:

I beg to notify you that I have this day removed from office Thos. F. Boyle, a member of the Board of Education in and for the City and County of San Francisco and the President thereof, upon the grounds and for the causes set out in the communication, a copy of which is attached hereto.

EDWARD ROBESON TAYLOR,
Mayor.

San Francisco, December 29th, 1908.
To Thomas F. Boyle, a member of the
Board of Education in and for the
City and County of San Francisco
and the President of said Board:

I, Edward Robeson Taylor, as Mayor of the City and County of San Francisco, do hereby, by virtue of the authority in me vested by the Charter of the City and County of San Francisco, remove you from the Board of Education as a member thereof for the grounds and causes as follows, to-wit:

Notwithstanding the eviction from office of ex-Mayor Schmitz, you still submit yourself to his influence and advice in the discharge of your duties as School Director; and notwithstanding said Schmitz, in association with one Abraham Ruef, had debauched the public service of this city to an extent almost unparalleled in any other city, you still continue your association with said Schmitz, under the pretense that he is not guilty of the offenses charged against him, and for which he has been indicted. You have become so bold in your association with him as that, within a few weeks last past, you took him into a vehicle hired by this city for your use as a member of the Board of Education, and drove him down Van Ness avenue, you and he, while thus appearing together in public bowing and smiling to the passers-by as you went along. By this conduct you made public proclamation that in your opinion either said Schmitz had committed no offense of

any kind against the City, or that such offenses as had been committed by him were condoned by you. Such conduct in the face of the public by an official of this City, particularly by a member of the Board of Education, is shameful and shamefaced, and is not to be borne with toleration by the Mayor of San Francisco; it demonstrates your unfitness to be on the Board, for it shows, independently of all moral considerations, a lack of that good judgment and good sense which a member of the Board of Education indubitably should possess. And when we come to consider the influence of an educational official of your rank upon the children in the public schools, who naturally look up to such a one as you for example and guidance, your offense appears all the more gross and rank.

Within a few months last past you have promoted and secured as assistant storekeeper for the Board of Education, at a salary of \$1500 a year, your own brother who was secretary of the said Schmitz at the time of his eviction from office. The storekeeper of the Board of Education needed no assistant, while the Board of Education needed the money which has been and still is needlessly expended upon the useless assistant. The place was simply made in order that your brother—a favorite of said Schmitz—might be provided with a sinecure at the expense of the public treasury.

(Signed)

EDWARD ROBESON TAYLOR,
Mayor.

**Relative to the Acquisition of a Municipal
Water Supply.**

The following communication was received, read and *ordered referred to the Water Rates Committee*:

Communication From the Spring Valley
Water Company Relative to the Sale of
Its Plant to the City.

December 30, 1908.

To the Water Rates Committee of the Honorable, the Board of Supervisors of the City and County of San Francisco.—Gentlemen: We beg to further acknowledge your letter of December 9th. Referring to your question:

"Do you wish to sell the properties of the Spring Valley Water Company, now used in supplying the City and County of San Francisco to the City and County?"

We beg to inform you that we have no wish to sell, but that we have every willingness to sell the properties to the City and County of San Francisco at a fair valuation. We beg to refer you to our letter to the Board of Supervisors, dated October 2nd, 1908, and to the published statement of the

company. Any tentative valuation suggested by the Supervisors has, in our opinion, been far below the value of the property, and it would be of no avail to name a price unless it met with the approval of the voters.

It has been our hope that this entire matter would shape itself so that you would recognize the true value of our properties, and that with your co-operation the voters of San Francisco would learn their value. We accept the result of the recent election as an expression of the desire of the municipality to own its water supply.

To arrive at definite figures which will be acceptable to both parties may not be without difficulty, considering the nature of the transaction. The properties of this company will not be sold below their fair value, and you have expressed a desire to purchase them at not only a fair value but "at such a price as the City would be justified in paying therefor."

Referring to your suggestion that this matter be placed before the shareholders, we beg to state that we will be glad to act upon it, reserving, however, the privilege, which we also deem a duty, of making such recommendations as we think proper.

In further reply to your letter, we beg to state that we are informed and believe that, under the Constitution of the State of California, under whose authority and protection this company rests, the City and County of San Francisco will be unable to enter into competition with it, and that the properties of the Spring Valley Water Company cannot be "taken or damaged without just compensation", and, therefore, no shareholder need view with alarm the suggestion that the City will proceed to construct its own works.

On behalf of the shareholders of the company, we feel entirely justified in expressing their sincere willingness to sell to the City and County of San Francisco the properties of this company, now used in supplying water to the City and County of San Francisco, at a fair and reasonable valuation.

Respectfully,

SPRING VALLEY WATER COMPANY.

By S. P. EASTMAN,
Assistant to the President.

Prohibiting Fortune Telling and Business Similar Thereto.

Bill No. 727, Ordinance No. —, (New Series), entitled, "Prohibiting the advertisement or carrying on the business of fortune telling or business similar thereto."

Motion.

Supervisor Connolly moved that M. F. Sullivan be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, *M. F. Sullivan* addressed the Board protesting against the passage of the Ordinance on the ground that it would work a hardship on many worthy persons. He favored the imposition of a license and the regulation of the business of fortune telling.

C. A. Grimmer, representing the Eugenic Society of California, protested against the passage of the Ordinance on the ground that it would prohibit the teachings of his organization which were based on astronomical science.

M. S. Norton, representing the First Spiritual Aid Society, opposed the passage of the Ordinance for the reason, he declared, that there was sufficient law in the Penal Code to correct all abuses covered by the Ordinance proposed.

Final Passage.

Whereupon, the question being taken, the above Bill was finally passed as Ordinance No. 648 (New Series), by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—17.

Extension of Time, Construction of Fire Cisterns.

Also, Resolution No. — (New Series), as follows:

Resolved, That the American Construction Company be and is hereby granted an extension of sixty days' time from and after December 19, 1908, within which to complete the contract for constructing fire cisterns at Battery and Market streets and at Mission and West Mission streets.

This extension of time is granted for the reason that on account of unforeseen difficulties encountered the contractors find themselves unable to finish the work within the time required.

Blasting Permit.

Also, Resolution No. — (New Series), Granting P. H. Mahoney permission, revocable at will of the Board of Supervisors, to explode blasts at Twenty-third and Church streets, at Hill and Noe streets, at Twenty-fourth and Noe streets, at Twenty-ninth and Noe streets, and at Twenty-first and Eureka streets, for a period only existing during the fulfillment of his contracts for the construction of fire cisterns at the above locations; provided that said permittee shall execute and file a good and sufficient bond in the sum of \$5000, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided also that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this resolution be violated by the said P. H. Mahoney, then the privilege and all rights accruing thereunder shall become null and void.

Adopted.

The following Resolution was adopted:

Intention to Change Grades on Certain Streets.

On motion of Supervisor Center:

Resolution No. 3135 (New Series), Declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on Douglass street and on Twenty-sixth street, in accordance with the recommendation of the Board of Public Works, filed December 23, 1908; and further declaring that no assessment district is necessary, as no damage will result from said change of grades, inasmuch as the streets are ungraded and there are no existing street

improvements; also directing said Board of Public Works to cause to be conspicuously posted along the street or streets upon which said change or modifications of grades is contemplated, notice of the passage of this resolution of intention.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—17.

Providing \$5500 for Fire Alarm Signal Boxes.

Supervisor McLeran introduced:

Resolution No. — (New Series), as follows:

Resolved, That the sum of \$5500 be and the same is hereby set aside, appropriated and authorized to be expended by the Department of Electricity out of the item "For paving, repaving and repairs to streets, for reconstruction and repairs to buildings," in the budget of the fiscal year 1908-9, for the purpose of enabling said department to complete the work on fire alarm boxes now under construction by said department; also to enable said department to purchase the necessary machinery and equipment required in course of said construction.

The attention of the Auditor and the Treasurer is hereby called to the provisions of this Resolution.

Motion.

Supervisor McLeran moved that the privilege of the floor be granted to Hugo D. Keil, Commissioner, Department of Electricity.

So ordered.

Privilege of the Floor.

Whereupon, *Hugo D. Keil* addressed the Board, stating that the Department of Electricity had made no requisition on the Supervisors for the purpose outlined in the Resolution, that said Department had recommended the Gamewell system, which it thought the best for the City.

Bernard Faymonville, Commissioner, also addressed the Board, stating that the City should have a non-interfering system in connection with its proposed auxiliary water system, and that the so-called village system now in use by City was antiquated and not productive of the best results.

Edgar Peixotto, representing the Downtown Improvement Association, also addressed the Board favoring the non-interference system.

Amendment Adopted.

Whereupon, Supervisor Murdock presented as an amendment the following resolution, which was, on his motion, adopted by the following vote:

Resolved, That the sum of \$5500 be set aside, payable out of the General Fund, for the purpose of enabling the Department of Electricity to provide

fire alarm boxes for the use of the City.

Ayes—Supervisors Bancroft, Comte, Connolly, D'Ancona, Jennings, Johnston, McAllister, Murdock, Murphy, Payot, Pollok, Rixford—12.

Noes—Supervisors Booth, Broderick, Center, Hocks, McLeran—5.

Absent—Supervisor Giannini—1.

Passed for Printing.

Thereupon, the original resolution as amended and in words and figures following, was *passed for printing*:

Resolution No. — (New Series), as follows:

Resolved, That the sum of \$5500 be and the same is hereby set aside, appropriated and authorized to be expended by the Department of Electricity out of the item "For paving, repaving and repairs to streets, for reconstruction and repairs to sewers and for construction of and repairs to buildings," in the budget of the fiscal year 1908-9, for the purpose of enabling said department to provide fire alarm boxes for the use of the City.

The attention of the Auditor and the Treasurer is hereby called to the provisions of this Resolution.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Appointment of William H. Smith, Jr., Justice of Peace, Vice Hon. J. J. Van Nostrand.

Supervisor Bancroft introduced the following resolution and moved the suspension of the rules for its immediate consideration:

So ordered.

Resolution No. — (New Series):

Whereas, The Governor of the State of California has appointed William H. Smith, Jr., former Assistant City Attorney, to the vacancy in the Justices' Court created by the election of the Honorable John J. Van Nostrand to the Superior Court of the City and County of San Francisco; and

Whereas, The said William H. Smith, Jr. has served the City and County of San Francisco faithfully and well as Assistant City Attorney, and has in his official association with the members of this Board given general satisfaction by reason of his ability and courtesy; therefore, be it

Resolved, That we, the Board of Supervisors, commend the action of the Governor of the State of California in appointing William H. Smith, Jr., a Justice of the Peace of the City and County of San Francisco and that in so far as it lies in our power we approve and confirm such appointment.

And the Clerk is hereby directed to advertise this Resolution in the Evening Post newspaper.

In Board of Supervisors, San Francisco, January 4th, 1909.

Substitute Resolution Lost.

Supervisor Connolly presented the following substitute resolution, and moved its adoption in lieu of the foregoing:

Whereas, Honorable John J. Van Nostrand, one of the Justices of the Peace in and for the City and County of San Francisco, State of California, has resigned as a Justice of the Peace in and for said City and County, State aforesaid, and

Whereas, A vacancy has occurred in the office of Justice of the Peace, in and for the City and County of San Francisco, State of California, by reason of the resignation of Honorable John J. Van Nostrand, and

Whereas, Under and pursuant to the provisions of Section 111 of the Code of Civil Procedure of the State of California and other provisions of the law of the State of California, the Board of Supervisors of the City and County of San Francisco, State of California, have the power to appoint some competent person to hold the office of Justice of the Peace for the remainder of the unexpired term; therefore be it

Resolved, That William Sea, Jr., a duly qualified and licensed attorney at law, admitted to practice in all the Courts of the State of California, and a duly qualified citizen and resident of the City and County of San Francisco, State of California, be and he is hereby appointed a Justice of the Peace in and for the City and County of San Francisco, State of California, for the remainder of the unexpired term, vice Hon. John J. Van Nostrand, resigned.

Refused passage by the following vote:

Ayes—Supervisors Broderick, Center, Connolly—3.

Noes—Supervisors Bancroft, Booth, Comte, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—14.

Absent—Supervisor Giannini—1.

Amendment.

Supervisor Murphy moved to, amend Supervisor Bancroft's Resolution by striking out all reference to the Governor and changing the form of the Resolution so as to make it an appointment from the Board of Supervisors.

Amendment carried.

Adopted.

Whereupon, Supervisor Bancroft's Resolution, amended as follows, was adopted by the following vote:

Resolution No. 3136 (New Series), as follows:

Resolved, That pursuant to the provisions of the Code of Civil Procedure of the State of California, William H. Smith, Jr., be and is hereby appointed Justice of the Peace to fill the vacancy in the Justices' Court created by the

election of Hon. John J. Van Nostrand to the Superior Court of the City and County of San Francisco.

Accepting Offer of Western Pacific Railroad Company to Sell School Lands and Providing \$14,700 for Payment Thereof. Resolution No. 3144 (New Series), as follows:

Whereas, The Western Pacific Railway Company, in order to secure its right of way, was obliged to commence condemnation proceedings against the City and County of San Francisco for the purpose of condemning two school lots in Potrero Nuevo Blocks Nos. 254 and 265, and said action was carried to final judgment and a final order of condemnation condemning the property for public use and awarding damages to the City and County of San Francisco in the sum of \$14,700 was duly entered; and

Whereas, The Board of Education during the pendency of said action, being anxious to obtain a school site in the locality of the lots condemned, arranged with the Western Pacific Railway Company that said company should tender to the City and County for sale for school purposes a lot of which the company was the owner, and which lot was examined by the Board of Education, found suitable for school purposes and appraised in the sum of \$16,500; and

Whereas, The money recovered as damages, to wit: the sum of \$14,700, was paid by the Western Pacific Railway Company into the General Fund of the City and County of San Francisco, and said company now offers to convey to the City and County for the amount of the damages paid the following described land, which has been heretofore appraised at the instance of

the Board of Education in the sum of \$16,500; now, therefore.

Resolved, That the offer of the Western Pacific Railway Company to convey to the City and County of San Francisco for the sum of \$14,700 a good and sufficient fee simple title to the following described land be and the same is hereby accepted, to wit:

Beginning at a point on the westerly line of Connecticut street, distant thereon 125 feet northerly from the northerly line of Twentieth street; running thence northerly—along said westerly line of Connecticut street 150 feet; thence at right angles westerly 200 feet to a point on the easterly line of Arkansas street; thence southerly along said easterly line of Arkansas street 150 feet; thence easterly at right angles 200 feet to the point of commencement; being a portion of Potrero Nuevo Block No. 231.

Provided, however, that the Western Pacific Railway Company, its successors and assigns, shall have the right to remove within a reasonable time the house now situate on the aforesaid premises, and shall have an easement to cross the land above described with its railroad by means of a tunnel or tunnels underneath the surface of said land, and to construct, maintain and operate its railroad through the same.

The City Attorney is hereby requested to examine the title to the aforesaid described lot of land, and if the same is found to be vested in said Western Pacific Railway Company, free from all incumbrances, then to cause a good and sufficient deed to be made, subject, however, to the aforesaid easement, and to cause the same to be delivered to the City and County upon the payment of the said consideration of \$14,700.

Further resolved, That the sum of \$14,700 be and the same is hereby set aside, appropriated and authorized to be expended out of the General Fund of the fiscal year 1908-9 for the purpose of acquiring the aforesaid described lot of land.

The attention of the Auditor, the Treasurer and the City Attorney is hereby called to the provisions of this Resolution.

Providing \$5500 for Fire Alarm Signal Boxes.

The following Resolution, heretofore passed for printing, was taken up on final passage:

Resolved, That the sum of \$5500 be and the same is hereby set aside, appropriated and authorized to be expended by the Department of Electricity out of the item "For paving, repaving and repairs to streets, for reconstruction and repairs to sewers and for construction of and repairs to buildings," in the budget of the fiscal year 1908-9, for the purpose of enabling said department to provide fire alarm boxes for the use of the city.

The attention of the Auditor and the Treasurer is hereby called to the provisions of this Resolution.

Motion.

Supervisor McLeran moved that J. J. Sweeney be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, J. J. Sweeney, representing the Iron Trades Council, addressed the Board stating that if the Resolution as printed was finally passed it would mean the abolishment of the municipal shop and the throwing out of employment of many of our citizens. He also stated that the Gamewell boxes were being rapidly discarded in the East, particularly in New York, and in the City of Los Angeles, and that the home manufactured boxes had never failed to perform the work required of them.

Andrew Gallagher, Secretary of the San Francisco Labor Council, also addressed the Board, protesting against the Resolution on the ground that the establishment and maintenance of the municipal machine shop was in accordance with the policy of municipal ownership of public utilities as laid down in the Charter and the adoption of the Resolution would mean the abandonment of said policy. He suggested that the money be withheld from the Department of Electricity until such time as said department changes its recommendation in favor of the home manufactured box.

William R. Hagerty, representing the Machinists' Union and the San Fran-

cisco Labor Council, also addressed the Board declaring that if the system was changed and the Gamewell system substituted that the City would place itself at the mercy of a private corporation and would become subject to the same treatment it receives from its present quasi-public corporations—the telephone, gas and railroad companies. He also contended that the home manufactured boxes were equal if not superior to the Gamewell boxes and called attention to the fact that the Gamewell system was operated on a single circuit, whereas the present system was operated on three circuits—a feature, he alleged, that argued well for the excellence and reliability of the present system.

Action Deferred.

The following Resolution was introduced by Supervisor Payot and on his motion ordered *recommitted to the Hospital and Health Committee*:

Denying Protest of Property Owners Against Construction of City and County Hospital on Present Site.

Whereas, Various property owners have filed a protest against the construction of the proposed new City and County Hospital buildings on the site of the old hospital situated on Potrero avenue, between Twenty-second and Twenty-third streets; and

Whereas, The present hospital site is deemed by the Board of Health to be the most suitable site whereon to erect the City and County Hospital by reason of its accessibility and superior climatic conditions; and moreover, said site was set aside and reserved for hospital purposes by Orders Nos. 800 and 823 of the Board of Supervisors, passed in the year 1868, which said orders were subsequently ratified by an Act of the Legislature enacted in said year 1868; and

Whereas, The people of the City and County of San Francisco at an election held May 11, 1908, authorized the Board of Supervisors, if its judgment should so determine, to purchase lands in Potrero Blocks Nos. 108 and 109 lying immediately to the east of the present site as an adjunct thereto; now therefore

Resolved, That the protest filed against locating the new hospital buildings on the present site be and the same is hereby denied; and further, that the present hospital site, being that certain tract of land described on the official map of the City and County of San Francisco as Potrero Nuevo Blocks Nos. 79-80 and 88-89 and bounded by Potrero avenue, Twenty-second and Twenty-third streets and San Bruno avenue, together with Potrero Nuevo Blocks Nos. 108 and 109 and bounded by San Bruno avenue, Twenty-second, Twenty-third and Vermont streets, proposed to be acquired for hospital purposes under the bond issue of July 1, 1908, be and the same are hereby selected and dedicated for hospital purposes.

Further Resolved, That in accordance with the recommendation of the Board of Health, the Board of Supervisors hereby declares its intention to order the construction of the City and County Hospital buildings authorized by the bond issue of July 1, 1908, on said Potrero Nuevo Blocks Nos. 79-80, 88-89, 108 and 109.

Also, Bill No. 764, Ordinance No. — (New Series), entitled, "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order certain street and sewer work on 10th avenue, 11th avenue, "A" street and in the crossing of Castro and 22nd streets.

Extension of Time, Street Work.

Also, Resolution No. — (New Series), Granting the Keystone Construction Company an extension of ninety days' time from and after November 22, 1908, within which to complete the contract for constructing artificial stone sidewalks on Florida street, between Peralta and Precita avenues, and on Precita avenue, between Alabama and Harrison streets.

This extension of time is granted for the reason that the contractor has been delayed in obtaining official grades from the City Engineer's office.

The following Resolutions were introduced under suspension of the rules and *adopted*:

Prosecution of Murderer of Police Sergeant A. J. F. Nolting.

On motion of Supervisor McLeran: Resolution No. 3186 (New Series), as follows:

Whereas, Police Sergeant A. J. F. Nolting, one of the most capable, efficient and trustworthy officers of the Police Department was shot down in cold blood while engaged in the performance of his duties in arresting a malefactor, to wit: one Thomas J. Jordan on the early morning of January 9, 1909; and

Whereas, This crime is one of many of similar character occurring during the last several years, and stringent methods should be resorted to at once to repress the possibility of a recurrence thereof in the future; now therefore

Resolved, That the District Attorney be and he is hereby requested to take all means within his power to prosecute to a speedy determination the charge of murder pending against said Jordan to the end that justice may be meted out to the criminal responsible for this assassination, and as a means to this end the attention of the District Attorney is called to the fact that a special appropriation was made in the budget of the fiscal year 1908-9 to his office to be used for the suppression and prosecution of crime, and the sanction of this Board is hereby given to the expenditure of any money out of this fund that may be necessary to enable the employment of a special counsel in the prosecution of this case.

Further Resolved, That the Clerk be and he is hereby directed to cause a copy of this Resolution to be transmitted to the Chief of Police and also to the widow of the late Sergeant Nolting.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—17.

Requesting Legislature to Enact Law for Suppression of Bookmaking and Pool-selling.

On motion of Supervisor Murdock:

Resolution No. 3187 (New Series), as follows:

Whereas, Such gambling as is conducted in poolrooms and betting-rings is a menace to public morals and opposed to sound public policy, as abundantly proven by the long list of defalcations, wrecked homes and suicides in this city resulting from the operation of the race track at Emeryville and other places where bookmaking or pool-selling are conducted; and

Whereas, Ordinance No. 66 and the other ordinances amendatory thereof for the prohibition of pool-selling are rendered inoperative by reason of the absence of State regulation, which enables the Emeryville racetrack, within easy access, to freely practice that which is prohibited in the city, thereby entailing an enormous money drain, largely increasing crime, and in many ways seriously affecting the moral and material interests of the city; and

Whereas, Efforts to prevent crime are more effective, humane and economical than measures to punish criminals; and

Whereas, A determined effort is

being made to enact laws to prohibit bookmaking and poolselling throughout the State, and only through such action can the will of the people of this municipality as expressed in the ordinances heretofore adopted be made effective, therefore be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that the members of the Legislature of the State of California, representing the districts comprising this City and County, be requested to do all in their power to further action so obviously for the best interests of this municipality by joining with the other members in the enactment of effective laws for the suppression of bookmaking and poolselling.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—17.

Relative to Payment of Fees of Architects of School Buildings.

Supervisor Payot presented the following:

Communication—From Frank Gould, relative to the payment of fees of architects of certain school buildings.

Ordered referred to the Public Buildings Committee.

Adopted.

The following Resolution was introduced under suspension of the rules and adopted:

Board of Public Works to Report on Building Being Constructed on Union Place in Alleged Violation of Tenement House Law.

On motion of Supervisor Rixford: Resolution No. 3188 (New Series), as follows:

Whereas, That certain three-story and basement frame building now being completed on the east side of Union place, between Union and Green streets, is alleged to be in gross violation of the Tenement House Law.

Resolved, That the attention of his Honor the Mayor be called to the same and that the Board of Public Works be requested to examine said building and make a full report on same to this Board.

WEDNESDAY, JANUARY 13, 1909.

In Board of Supervisors, San Francisco, Wednesday, January 13, 1909, 2:00 p. m.

The Board of Supervisors met in extra session pursuant to the following call of his Honor the Mayor:

CALL FOR SPECIAL SESSION.

San Francisco, January 12, 1909.

To the members of the Board of Supervisors of the City and County of San Francisco: You are hereby notified that a special meeting of the Board of Supervisors is called by the Mayor to be held at the chambers of the Board at 2 o'clock in the afternoon of Wednesday, the 13th day of January, 1909. Said meeting is called for the purpose of considering the question of appointing a Committee of citizens to proceed to Washington City to assist Supervisor Giannini and City Engineer Manson in the matter of the Hetch Hetchy water supply.

EDWARD R. TAYLOR, Mayor.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Booth, Broderick, Center, Comte, Connolly, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—15.

Quorum present.

His Honor Mayor Taylor presiding.

STATEMENT OF MAYOR.

Gentlemen: I have called this special meeting pursuant to authority in me vested for that purpose, in order that you might take such steps as you may deem necessary to assist Supervisor Giannini and City Engineer Manson in their efforts to protect San Francisco in the matter of the Hetch Hetchy water supply.

As you know, the Secretary of the Interior gave us the privileges that were desired by us and which were necessary that we should have; thereupon, it was deemed prudent to embody in a joint resolution these privileges for the purpose of having them ratified by Congress. That joint resolution is now in the House of Representatives and before the Public Lands Committee of that House. It has been partly argued there, and the argument and hearing have been continued until the 19th of this month.

One would naturally suppose that San Francisco would have had no

trouble at all in securing the privilege which she asks at the hands of Congress; one would suppose that a city like San Francisco, with its population and its importance, after having been virtually wiped off the face of the earth by earthquake and fire, could have had no difficulty whatever in securing what she desired; in fact one would suppose that Congress would have been eager to help her; that Congress would have been eager to give her that which she has sought for many years and which is now within her grasp, for until San Francisco has a superabundant water supply in esse and potentiality she is in deadly peril. So this is a matter of vital necessity for her, and we must take every step we possibly can to overcome the opposition which has so suddenly and unexpectedly developed at Washington. Why is it that we have to struggle for that which should fall into our lap? To some it may be a mystery, to others it may not be a mystery. The question, however, is as it is and we must meet that condition.

Our representatives say they need our help; therefore, we should respond to their wishes and give them help in such a way as you deem necessary.

The Chair is ready to entertain any motion that might be made.

Adopted.

Whereupon, Supervisor Murphy presented the following Resolutions, which were, on his motion, adopted by the following votes and numbered as follows, to wit:

Mayor to Appoint Committee of Citizens to Proceed to Washington and Assist in Obtaining Water Rights from Congress.

Resolution No. 3189 (New Series), as follows:

Resolved, That his Honor the Mayor be and he is hereby authorized and

requested to appoint a committee of three or five citizens, as his judgment may determine, to proceed to Washington, D. C., to assist Supervisor A. H. Giannini and City Engineer Marsden Manson in their advocacy of the House Resolution pending before the Public Lands Committee of the House of Representatives relative to the acquisition of Hetch Hetchy water supply.

Ayes—Supervisors Booth, Broderick, Center, Comte, Connolly, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—15.

Absent—Supervisors Bancroft, D'Ancona, Giannini—3.

City Attorney Authorized to present Argument for City in Matter of Acquisition of Water Rights.

Resolution No. 3190 (New Series), as follows:

Resolved, That City Attorney Percy V. Long be and he is hereby authorized and requested to proceed to Washington, D. C., in company with a special committee of citizens to be appointed by his Honor the Mayor, for the purpose of presenting such argument before the Public Lands Committee of the House of Representatives as may be necessary to obtain favorable action upon the House Resolution authorizing San Francisco to exchange lands with the United States Government in the Yosemite National Park.

Ayes—Supervisors Booth, Broderick, Center, Comte, Connolly, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—15.

Absent—Supervisors Bancroft, D'Ancona, Giannini—3.

ADJOURNMENT.

There being no further business, the Board at the hour of 2:45, adjourned.

JOHN E. BEHAN, Clerk.

The following communication was received, read and ordered *referred to the Public Buildings Committee*:

Additional Land for City and County Hospital.

January 12th, 1909.

John E. Behan, Esq., Clerk, Board of Supervisors, City.

Dear Sir:

I beg to advise you that in accordance with Resolution No. 3034 (New Series) I have paid to F. O. Fischer the sum of \$5900 and received his deed to that certain piece of property situate on the westerly line of Vermont street 108 feet north of Humboldt street, running thence northerly of said westerly line of Vermont street 25 feet by 100 feet westerly in depth.

The deed for this property has been properly recorded and will be forwarded to you in due time. All taxes for the present fiscal year have been paid.

I beg to call your attention to the fact that under a permit Mr. Fischer will be permitted to remain in possession of the property for the next three months.

Yours very truly,

PERCY V. LONG,

City Attorney.

Communication from Mayor Suggesting the Passage of a General Ordinance Regulating the Kind, Height and Number of Poles on Public Streets.

The following communication was received, read and ordered *referred to the Public Utilities Committee*:

San Francisco, January 15, 1909.

To the Board of Supervisors of the City and County of San Francisco.

Pursuant to your resolution recently passed, "that the City Attorney be requested to inform this Board to what extent the Supervisors, the Board of Public Works or the Department of Electricity have power under the law to regulate the kind, height and number of poles erected on any street or block for the purpose of carrying electric current for light, power and telephone and telegraph communication," that official having advised your Board that it "has the power to regulate, by ordinance, the kind, height and number of poles erected on any street or block for the purpose of carrying electric current for light, power and telephone and telegraph communication," I hereby urge upon you to frame and pass a general ordinance pursuant to the opinion of the City Attorney. When such ordinance becomes a law it will be the duty of the Board of Public Works, as advised by the City Attorney, to see that the provisions of the ordinance are enforced.

There are general ordinances now in effect which regulate, or assume to regulate, the placing, erection, use and maintenance of electric poles, large cables and appliances, but I can find nowhere any ordinance which has to do with the kind, height or number of poles which may be erected on the streets and sidewalks of this City.

In this connection I beg to say that I have drawn the attention of the Department of Electricity to the necessity of enforcing the grounding of such wires as are not yet grounded under Order No. 214 of your honorable body approved August 23rd, 1899. And in the matter of putting under ground the wires that are in other parts of the City than in those parts covered by Order No. 214, let me remind your honorable body that Bill No. 273 introduced for that purpose and which passed to print on December 30, 1907, and which came up for final passage on January 13th, 1908, was referred a week later to the Joint Committee on Streets and Public Utilities, where it has since remained without report thereon. It should seem that at this length of time from the fire some progress ought to be made by way of removing from the City the poles and wires that now so greatly disfigure it. It may be well perhaps to give a greater length of time for grounding the wires than that provided in Bill No. 273, but be that as it may, some step forward should be made by way of achieving the desired end.

EDWARD R. TAYLOR,

Mayor.

Motion.

Supervisor Pollok *moved* that the Board of Public Works be requested to report what progress has been made by the Department of Electricity in the matter of complying with laws regarding the grounding of wires.

Motion carried.

Communication from Mayor Stating that He Has Appointed Committee of Citizens to Assist in Obtaining Favorable Action from Congress in Matter of Hetch Hetchy Water Supply.

The following communication was received, read and ordered *filed*:

San Francisco, January 13, 1909.

To the Board of Supervisors of the City and County of San Francisco.

I beg leave to inform you that pursuant to Resolution in that regard passed by your honorable body on the 13th day of January, 1909, I appointed James D. Phelan, Warren Olney, J. D. Galloway and Walter McArthur a committee to proceed to Washington City and assist Supervisor Giannini and City Engineer Manson in their efforts to secure the necessary action from Congress in the matter of the Hetch Hetchy water supply for San Francisco.

EDWARD R. TAYLOR.

Mayor.

Amending Ocean Shore Franchise, Extending Railway to Water Front.

On motion of Supervisor Center:

Bill No. 761, Ordinance No. — (New Series), entitled, "An Ordinance amending Section 1 of an Ordinance entitled 'Ordinance No. 1623; providing for a grant to the Ocean Shore Railway Company, a railroad corporation, of a right-of-way for, and the right to construct, maintain and operate a railroad, together with all necessary branches, sidetracks, turnouts switches, crossings, spur tracks, yard tracks, depot tracks, and terminal tracks and facilities along, over, under, across and upon certain streets, avenues, alleys, places and properties in the City and County of San Francisco, approved October 5, 1905,' the provisions of which provide for the extension of said railway from Army and Illinois streets along Army street to the water front, and for the privilege of operating a portion of said road in the Richmond District over private property in case company desires to do so."

Privilege of the Floor.

J. Downey Harvey, President of the Ocean Shore Railroad Company, obtained the privilege of the floor and addressed the Board stating that it was the desire of his Company to extend their line from Army and Illinois streets to the water front for commercial purposes; and also to obtain the privilege of operating their road in the Richmond District over private property instead of the public streets in case his company should, at any time in the future, deem it advisable to do so.

Burke Corbet, representing Ocean Shore Railroad Company, also addressed the Board to the same effect.

Supervisor Bancroft introduced the following Resolution under the suspension of the rules:

Requesting Attorney-General to Bring Suit for Forfeiture of United Railroads Franchise on Sacramento Street, Between Devisadero Street and First Avenue.

Whereas, The pavement between the car tracks on Sacramento street, between Devisadero street and First avenue, is in a disgraceful condition, and has been in such condition for a period of several years, and

Whereas, The underground subway of the old abandoned cable car line on said street is a harboring place for rats, filth and disease, and

Whereas, The merchants doing business on said street are suffering a great loss of trade owing to the disinclination of their customers to use said street; and

Whereas, The officers of the United Railroads of San Francisco have been repeatedly requested by the Public Utilities Committee of the Board of Supervisors to repair the pavement between, and for two feet on either side of their car tracks, and

Whereas, Said United Railroads has grossly failed and neglected to make such repairs, which said corporation is required to do under the terms of their franchise; now therefore be it

Resolved, By the Board of Supervisors of the City and County of San Francisco that the Attorney-General of the State of California be and hereby is requested by said Board of Supervisors, immediately to bring suit against said United Railroads, in order to secure the forfeiture of its franchise on Sacramento street, between Devisadero street and First avenue

Ordered referred to the Public Utilities Committee.

Relative to Erection of Ornamental Poles on Market and Sutter Streets.

Supervisor D'Ancona presented the following communication: Office of the Clerk of the Board of Supervisors.

San Francisco, Cal., December 9, 1908.

Dr. A. A. D'Ancona, Chairman Artificial Lights Committee, Board of Supervisors, City.—Dear Sir: Referring to the matter of ornamental iron poles to be erected on Sutter street and on Market street by the United Railroads of San Francisco, I beg leave to advise you as follows:

General Manager Charles N. Black advises me over the telephone that the United Railroads of San Francisco awarded the contract six months or more ago to the A. Merle Iron Works at North Beach to cast the poles, but that considerable difficulty ensued in the matter of casting of the design in a manner satisfactory to the architect, Willis Polk, who is acting for the railroad company in the matter.

He states furthermore, that he has not attended to this contract personally, but that Mr. Polk has had complete control, and although the railroad company expected that the castings would be furnished some time ago his present advices are that the work will take some months to complete.

As I advised you the other day, Mr. James Leahy, one of the members of the firm of A. Merle Company, informed me over the telephone that his Company was put to considerable expense in the matter of obtaining a suitable design—it being necessary to import a workman from the East in order to frame a proper mold for the casting. The work, as he understood it, was now fairly under way and about fifty poles were completed.

Yours truly,

JOHN E. BEHAN, Clerk.

Commendation of Action of Legislature in Ratifying Bill Now Pending in Congress in Matter of Hetch Hetchy Water Supply.

On motion of Supervisor Murphy: Resolution No. 3226 (New Series), as follows:

Resolved, By the Board of Supervisors, that the representatives of the City and County of San Francisco in the State Legislature now in session at Sacramento are to be highly commended for their successful efforts in securing the adoption by the Legislature of Senate Joint Resolution No. 1, introduced by Hon. Edward I. Wolfe, relating to ratification by Congress of the agreement between Secretary of

the Interior and the City and County, whereby reservoir rights of way are to be granted for a municipal water supply. That it should be gratifying to the people of this City and County to note the unanimity with which its representatives recognized the paramount interests of the districts which they represent; that on behalf of this City and County the delegation extends to the other members of the legislature who supported said measure by their votes our appreciation of their action; that the Clerk of this Board transmit a copy of this resolution to each member of the delegation expressing an acknowledgment of his services.

Report of Board of Public Works Relative to Construction of Sewer in Howard Street, Between Erie and Fourteenth Streets.

Supervisor Pollok presented the following communication, which was received, read, and on motion ordered *referred to Streets, Sewers and Parks Committee*:

Office of Board of Public Works, Bureau of Engineering, Mechanics' Bank Building.

San Francisco, Jan. 18, 1909.

To the Honorable the Board of Supervisors of the City and County of San Francisco.—Gentlemen: Resolution No. 3140 (New Series) of your Honorable Board states that:

"Whereas, The Civic League of San Francisco has called the attention of the Board of Public Works to certain irregularities in the matter of the construction of an ironstone pipe sewer in Howard street, between Erie and Fourteenth streets, the same being an integral portion of the proposed sewer system for San Francisco, authorized by the bond issue, the Board of Public Works be and is hereby requested to make a full report to this Board of their findings in the matter of the complaint of the Civic League as to the irregularities in the construction of said sewer."

The above-described sewer is a part of the work included in Contract No. 2, "For the Construction of a Reinforced Concrete Sewer in Fourteenth street from the westerly line of Howard street to the westerly line of Harrison street, together with lateral sewers in adjacent streets."

This contract was awarded to Peter McHugh by the Board of Public Works on October 21, 1908, for \$38,971.48. The probable cost of this work, including a fair amount for unforeseen

contingencies and a reasonable profit was estimated by this office at \$53,000. The contractors submitted bids ranging from \$38,971.48 to \$49,784.00.

The work of construction commenced November 10, 1908, and excepting rainy days and holidays has been continuously prosecuted since that date under the surveillance of this office. Mr. A. L. Gallagher, Inspector of Streets and Sewers for the Board of Public Works, has been on the work at all times when it was in progress. Mr. F. A. Temple, Assistant Engineer of the Board of Public Works, has visited the work every working day, and from time to time the writer, Chief Assistant Engineer of the Board of Public Works, has inspected the work.

Mr. Benjamin Heath, Engineer of the Merchants' Association, and representatives of the Bureau of Inspection of Public Improvements of the Civic League, have also inspected the work from time to time.

There have been a number of instances when the work was not prosecuted strictly in accordance with the specifications.

The specifications for the construction of manholes contain the following clauses:

"The channels are to be built of vitrified brick set on edge and given a proper bond, laid on one to one mortar, and the portions of channels on curves shall be plastered with similar mortar where required to give a smooth finish."

In the construction of several manholes during November, common brick were used in building the bottoms of manholes instead of vitrified brick, as required.

The attention of the contractor was directed to this, and proper manhole bottoms were immediately constructed.

The specifications for laying pipe contain the following clauses:

"Before the pipe is laid, the interior of the bell of the preceding pipe shall be carefully cleaned.

"In laying pipe, the pipe is to be adjusted to grade and alignment and the spigot is to be pressed home in the bell of the preceding pipe and a narrow gasket of oakum, dipped in cement grout, is to be firmly calked into the joint with a calking tool of a type approved by the City Engineer. The gasket is to be of sufficient length to reach entirely around the pipe and of a thickness sufficient to bring the bottoms of pipes to the same level. After the gasket is in place the joint shall be compactly filled with cement mortar, pressed in by the hands protected by rubber gloves, special care being taken to properly fill with mortar the annular space at the bottom

and sides as well as at the top of the joints.

"After such space has been filled the mortar shall be compacted with a calking tool of a type approved by the City Engineer and a neat finish shall be given to the joint by the further application of similar mortar to the face of the hub so as to form a continuous and even beveled surface from the exterior of the hub to the exterior of the spigot all around."

In laying the pipe, there were times when the following provisions of the specifications were not followed:

First. The gasket of oakum was not in every instance dipped in cement mortar nor firmly calked into the joint.

Second. All the joints in the pipe were not compactly filled with mortar, as above required.

On December 5th, 1908, the work was visited by the writer and Winfield S. Williams, Chief Engineer of the Inspection Bureau of the Civic League, and the contractor was found to be performing the work in violation of that portion of the specifications directing the manner in which ironstone pipe sewer is to be laid.

On December 7th, 1908, the contractor was notified that before the portion of his work on Howard street, between Erie street and the first manhole northerly therefrom would be accepted and a progress payment allowed thereon, it would be necessary for him to excavate the trench and expose the pipe for the inspection of this office.

On December 31st, 1908, an 8-foot section was excavated and two joints exposed, both of which were defective.

On January 2d and 3d, 1909, as a result of orders from the Board of Public Works, the contractor exposed the pipe for its entire length.

On January 4th, 1909, the pipe was carefully inspected by John R. Price and F. A. Temple, Assistant Engineers of the Board of Public Works, Winfield S. Williams Chief Engineer of the Inspection Bureau of the Civic League, and the writer, Chief Assistant Engineer of the Board of Public Works, and a number of joints were found to have been made at variance with the requirements of the specifications. The contractor has been ordered to repair the exposed section of the sewer as directed by this office. This work has not, as yet, been completed.

Under the following portion of that part of the specifications entitled "Payments and Estimates", "Payments may at any time be withheld, if, in the judgment of the City Engineer, the contractor is not complying with the requirements of the contract and specifications."

No progress payments have been allowed the contractor for this work for the months of November and December, 1908.

I would note that the following clause of the specifications for this work gives the City ample protection against any bad work, as before any progress or final payment is recommended the work will be carefully gone over by two representatives of this office in addition to the inspector and the Assistant Engineer in charge:

"It is mutually understood and agreed that the making of said estimate or the granting of said monthly payment or payments by the Board of Public Works of the City and County of San Francisco or the receipt thereof by the Contractor is not to be taken as a full and proper completion and acceptance of said work or any portion thereof and shall in no way lessen the liability of the contractor to replace bad or defective work, though the same may not have been apparent or detected at the time such payment was made, and the Contractor hereby agrees that, if on the final inspection, any broken or crushed pipe or special, or defective pipe joint, or defects of any other kind are found in the work, he will remove such defective work and replace the same with proper material and workmanship without extra compensation for any labor or material thereby involved."

The contractor was permitted to depart from the specifications in the matter of the workmanship of this sewer because of the carelessness on the part of the Inspector, Mr. A. L. Gallagher. The work is now being done under the direction of Mr. F. O. Shutts, Junior Assistant Engineer.

In justice to the contractor, I would

state that the materials furnished to perform the work were of the best and more than the required quantities of cement mortar were used.

The above report is to be considered in the nature of a progress report on the condition of this sewer, as it will be necessary for the contractor to make other excavations before a final report can be prepared.

Respectfully submitted,

HARRIS D. H. CONNICK,
Chief Asst. Engineer, Dept. of Public Works.

Application for Blasting Permit, William B. Abbitt Company.

Supervisor Rixford presented the following:

Petition—Of Wm. B. Abbitt Company, for permission to explode light blasts in the work of removing rotunda of City Hall.

Ordered referred to the Fire Committee.

Relative to Bill Licensing Nickel-in-Slot Machines.
Motion.

Supervisor Hocks moved that Bill licensing nickel-in-slot machines, heretofore referred to the Joint Committee on Police and Licenses, be referred to the City Attorney for opinion as to its legality.

Amendment.

Supervisor Johnston moved as an amendment that Clerk notify Police and Licenses Committees to call meeting and consider said Bill.

Amendment carried.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:25 o'clock, adjourned.

Licensing Nickel-in-the-Slot Machines.

The following Bill heretofore recommended to the Joint Committee on Licenses and Police was taken up:

Bill No. 743, Ordinance No. — (New Series), entitled, "Amending Section 1 of Ordinance No. 623 (New Series), entitled, 'Imposing a license

tax upon persons, associations and corporations owning or having in charge any machine or apparatus in which on the deposit of a five-cent piece, or other piece of money, or article representing money or value, the player or person operating the machine, or other person, is entitled to receive cigars, cigarettes or liquor." approved December 10, 1908.

Report of Joint Committee on Police and Licenses.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

The majority of your Joint Committee on Police and Licenses to whom was referred Bill No. 743, providing for a graded license tax on certain nickel-in-the-slot machines, begs leave to report in favor of the passage of said bill with amendments providing for an initial license tax of \$15 per quarter for one machine used at any place of business, also providing a penalty clause, and that said bill shall go into effect on April 1, 1909. The majority of your Joint Committee favor the graded license tax fixed in the original Bill for more than one slot machine in use and also limiting the number of such machines at any place of business to seven.

Respectfully submitted,
GEORGE A. CONNOLLY,
LORING P. RIXFORD,
W. HALL McALLISTER,

Majority Joint Committee Police and Licenses.

Read and ordered *filed*.

Minority Report of Joint Committee on Police and Licenses.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

The minority of your Joint Committee on Police and Licenses to whom was referred Bill No. 743, providing for a graded license tax on certain nickel slot machines, beg leave to report in favor of the indefinite postponement of said Bill, for the reason that it is of the opinion that the existing Ordinance fixing the license tax for such machines at \$15 each per quarter is sufficient for all purposes at the present time.

Respectfully submitted,
OSCAR HOCKS,
A. COMTE, JR.,

Minority Joint Committee Police and Licenses.

Read and ordered *filed*.

Substitute Bill.

Whereupon, Supervisor Comte introduced the following substitute:

Bill No. —, Ordinance No. (New Series), entitled, "An Ordinance to

prohibit the operation, maintenance, use or conducting of slot machines, card machines, tape machines and other mechanical devices, in the City and County of San Francisco, for money or goods, wares or merchandise, when the result of the operation is dependent upon chance or hazard."

Motion.

Supervisor Murphy moved that substitute be referred to the City Attorney for an opinion as to its legality.

Motion lost.

HEARING IN MATTER OF EXTENDING WESTERLY BOUNDARY OF THE FIRE LIMITS TO FRANKLIN STREET.

A petition of the San Francisco Real Estate Board, for amendment to the Building Law, providing for the extension of the westerly line of the fire limits to Franklin street, submitted by the Fire Committee without recommendation and made a Special Order of Business for 3:30 o'clock this day was proceeded with.

Motion.

Supervisor Connolly moved that interested persons be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, *Leslie Burks*, Secretary of the San Francisco Real Estate Board, addressed the Board stating that said Board had no other interest to serve than the best interests of the City in advocating the extension of the Fire limits to Franklin street.

Jos. Dutton, representing the Fire Underwriters of the Pacific, also addressed the Board stating that the value of the avenue would be greatly impaired if shacks were permitted on one side and a superior construction required on the other. He urged the extension of the fire limits to Franklin street.

Rolla V. Watt, representing the Board of Fire Underwriters, also addressed the Board stating that the extension of the fire limits would decrease the fire hazard and would be in the interests of the City generally.

M. Christiansen, representing the Board of Fire Underwriters, also addressed the Board in a similar strain.

W. H. Healy, property owner, stated that instead of extending the fire limits said limits should be restricted. He declared that the present fire limits had retarded the reconstruction of a vast area in the Western Addition and any extension would have a similar effect.

C. B. Kelly, property owner, stated that fire protection was not guaranteed by fire limits declaring that every building in the fire limits was destroyed in the fire of April, 1906, and conflagration was only stopped when it had reached the frame structures. He declared, further, that Class "B" and "D" structures now being constructed were not fire proof and constituted a serious menace to life in an earthquake country.

John Schussler, property owner, opposed the extension of the fire limits. He stated that he had no money to

build other than a frame structure. He declared, further, that it was easier to rent a frame building than a brick one for the reason that tenants prefer the former inasmuch as wooden buildings are safer in case of earthquake.

C. F. Jackson, property owner, opposed the extension of the fire limits for the reason that he considered it unjust to him that his property should be made a barrier for the property to the east of him at his expense.

H. Hoffschmidt, J. B. McMenomy, W. W. Goggin and D. C. Scales, property

owners and representatives of property owners also protested against the extension of the fire limits for similar reasons.

Action Deferred.

Supervisor Murphy moved that action of the petition be laid over until next meeting.

So ordered.

ADJOURNMENT.

There being no further business, the Board, at the hour of 4:30 o'clock, adjourned.

JOHN E. BEHAN, Clerk.

Covel Lands, Hetch Hetchy Valley.

442 California street,

San Francisco, Cal.,

Jany. 19th, 1909.

Mrs. Lizzie B. Covel, Coulterville, Cal.
Dear Madam:

In reference to the land belonging to you and your son, comprising 160 acres, situate in the Hetch Hetchy Valley, I would be much obliged to learn if the probate proceedings which were to be instituted by you upon the estate of your former husband, so that

the said land could be legally transferred, have been completed. If the said probate proceedings are not completed, will you kindly let me know how far you have proceeded in the matter?

I am informed that the City of San Francisco is ready at any time to close the purchase thereof providing you on your part are ready and able to fulfil the conditions contained in the option which you gave to the City of San Francisco when I was last in Coulterville.

It is to your interest to hurry this matter up as rapidly as possible, so that you can make a sale to the City of San Francisco while the present administration is in power, as we cannot foretell what may happen at the next election, when a new Board of Supervisors may be elected, who would have objections to purchasing any of the property in Hetch Hetchy Valley.

Please advise me as soon as you receive this of the status of the probate proceedings before referred to in this letter.

Awaiting your reply in the matter,

I remain, yours very truly,

J. F. BURGIN.

(Copy.)

Coulterville, Jan. 22, '09.

J. F. Burgin, Esq., San Francisco, Cal.

Dear Sir:

In reply to your letter of recent date will say that the probate proceedings on the land in Hetch Hetchy belonging to my son and myself will be completed on Feb. 4, after which time I trust we will be able to agree upon satisfactory terms with the City of San Francisco.

With kind regards,

Respectfully,

LIZZIE B. COVEL.

Coulterville, Jan. 30, 1909.

Mr. J. F. Burgin, San Francisco, Cal.
Dear Sir:

Since writing you last I have been informed by my attorney that it will be about the middle of February before the probate proceedings on our land in Hetch Hetchy is completed.

Respectfully yours,

MRS. LIZZIE B. COVEL.

BOND ISSUE, 1908.

Communication from Dillon and Hubbard Acknowledging Receipt of Bond Issue Pamphlets.

New York, January 21, 1909.

John E. Behan, Esq., Clerk, Board of Supervisors, San Francisco, California.

Dear Sir:

Having had inquiries for circulars in respect of the sale of the \$5,400,000 San Francisco bonds, and not having then received the circulars from you,

we telegraphed you on January 19 as follows:

"Bond circulars not received. Have inquiries. When will they arrive?"

We received in reply your telegram dated January 19 as follows:

"One hundred bond issue circulars expressed to you on January fourteenth. Trains delay in the Sierras. Will arrive in few days."

We are this morning in receipt of your letter dated January 14 stating that you are sending us under separate cover one hundred copies of the last bond issue pamphlet together with one hundred copies of notice of sale of the bonds. These have not yet been received, but we presume they will be here soon. We shall of course take pleasure in distributing these circulars, as heretofore, and assisting you in every way possible with respect to these bonds.

We are glad to note that Mr. Long the City Attorney, is here in the East, and that he will call to see us.

Very truly yours,

DILLON & HUBBARD.

Read and *ordered filed*.

New York, January 22, 1909.

John E. Behan, Esq., Clerk, Board of Supervisors, San Francisco, California.

Dear Sir:

Referring to our letter to you dated January 21, we have to state that the printed pamphlets and notices of sale in regard to the San Francisco bonds have just been received, and we are making distribution of the same.

Very truly yours,

DILLON & HUBBARD.

Licensing Nickle-in-Slot Machines.

The following matter heretofore passed on file was, on motion of Supervisor Connolly, taken up:

Bill No. 743, Ordinance No. — (New Series), entitled, "Amending Section 1 of Ordinance No. 623 (New Series), entitled, "Imposing a license tax upon persons, associations and corporations owning or having in charge any machine or apparatus in which, on deposit of a five-cent piece, or other piece of money, or article representing money or value, the player or person operating the machine, or other person, is entitled to receive cigars, cigarettes or liquor," approved December 10, 1908.

Substitute Bill.

Whereupon, Supervisor Connolly presented the following substitute Bill:

Bill No. 743, Ordinance No. — (New Series), Imposing a license tax on persons, associations and corporations owning and having in charge any machine or apparatus in which, on deposit of a five-cent piece, or other piece of money, or article representing money or value, the player or person operating the machine, or any other person is entitled to receive cigars, cigarettes or liquor.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Every person, association or corporation owning or having in charge any machine or apparatus in which, on deposit of a five-cent piece, or any other piece of money, or article representing money or value, in said machine or otherwise, certain cards are exposed, or figures, checks, numbers, names or marks are exposed or ejected from said machine, whereby the player or person operating said machine, or any other person, is entitled to receive cigars, cigarettes or liquor, shall pay a license tax, as follows, to wit:

For one machine used at any place of business, the sum of fifteen (15) dollars per calendar quarter.

For two machines used at the same place of business, the sum of thirty (30) dollars per calendar quarter.

For three machines used at the same place of business, the sum of seventy (70) dollars per calendar quarter.

For four machines used at the same place of business, the sum of one hundred and fifty (150) dollars per calendar quarter.

For five machines used at the same place of business, the sum of three hundred and ten (310) dollars per calendar quarter.

For six machines used at the same place of business, the sum of six hundred and thirty (630) dollars per calendar quarter.

For seven machines used at the same place of business, the sum of twelve hundred and seventy (1270) dollars per calendar quarter.

And it shall be unlawful for any person, association or corporation to have, use or display more than seven such machines at any place of business.

Section 2. Every license hereunder shall be issued only to the licensee for said machine or apparatus at a particular place of business or location, and shall not be valid at any other place of business or location except by transfer thereto upon the written authorization of the Tax Collector.

Section 3. Each machine or apparatus so licensed must have conspicuously attached to it a metallic tag to be furnished by the Tax Collector, numbered consecutively from the date of issue and showing the quarter for which issued.

Section 4. Every person, association or corporation violating any of the provisions of this Ordinance shall be guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not less than one hundred (\$100) dollars nor more than five hundred (\$500) dollars, or by imprisonment in the County Jail not exceeding six months, or by both such fine and imprisonment.

Section 5. Ordinance No. 623 (New Series), approved December 10, 1908, and all Ordinances and parts of Orders and Ordinances in so far as they conflict with the provisions of this Ordinance are hereby repealed.

Section 6. This Ordinance shall take effect from and after April 1, 1909.

Privilege of the Floor.

W. Bacon, representing slot machine manufacturers, obtained the privilege of the floor and addressed the Board, requesting that the Bill be recommitted to the Police Committee where he wishes to present argument showing that the gambling feature of the slot machine can be eliminated.

J. B. Low, representing the Tax Collector's office, addressed the Board, stating that the passage of the Bill at the present time would cause a decrease of \$10,000 or \$15,000 in revenue.

A. La Salle, representing cigar dealers, requested that Bill be recommitted to Police Committee with a view to having the same amended so as to limit number of machines to four for each stand.

Motion.

Supervisor Pollok moved that Bill be recommitted to Police Committee.

Motion carried.

Resolution No. — (New Series), as follows:

Resolved, That the W. B. Abbitt Construction Company be and is hereby granted permission, revocable at will of the Board of Supervisors, to blast in premises situate at the City Hall site, for the purpose of removing foundation walls and debris during the fulfillment of its contract for razing the City Hall ruins; provided that the said W. B. Abbitt Construction Company shall execute and file a good and sufficient bond in the sum of \$10,000, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided also that no blasting shall take place except during the hour of from 6 to 7 o'clock a. m.; and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this Resolution be violated by the said W. B. Abbitt Construction Company, then the privilege and all rights accruing thereunder shall immediately become null and void.

Communication From City Architect Suggesting Certain Restrictions in Matter of Blasting at City Hall Site.

Whereupon, Supervisor Connolly presented the following communication:

San Francisco, February 1, 1909.

To the Honorable the Board of Public Works of the City and County of San Francisco.

Gentlemen: The Wm. B. Abbitt Construction Company and City Construction Company, having applied to the Board of Supervisors for a permit to do light blasting in carrying out their contract for razing a portion of the City Hall, I desire to request of your Honorable Body that you recommend to the Board of Supervisors that the permit for such blasting be given with the following restrictions:

First—That a definite hour of the day be set for doing the blasting.

Second—That no one shot contains over three sticks of seven-eighths-inch diameter dynamite of not over 30 per cent nitro-glycerin.

Third—That all shots be fired under or behind a heavy rope screen of approximately 15 feet by 20 feet area. Said rope screen to be square woven of hawser not less than $1\frac{1}{4}$ inches in diameter and not over a five-inch mesh. In case small particles should escape

through the above screen, then a second screen of the same dimensions but of three-quarter-inch rope woven on a three-inch mesh shall be used outside of the first one. These screens are to be loose hung or laid in order that they may "go with" the shot and prevent the breaking of the individual strands.

Yours truly,
NEWTON J. THARP,
City Architect.

Read and ordered filed.

Amendment.

Supervisor Connolly moved to amend Resolution by incorporating the restrictions suggested by the City Architect.

Amendment carried.

Motion.

Supervisor Broderick moved that Resolution, together with restrictions suggested by City Architect, be *recommended*.

Motion lost.

Passed for Printing.

Whereupon, the Resolution as amended, and in words and figures following, was *passed for printing* by the following vote:

Resolution No. — (New Series), as follows:

Resolved, That the City Construction Company be and is hereby granted permission, revocable at will of the Board of Supervisors, to blast in premises situate at the City Hall site for the purpose of removing foundation walls and debris during the fulfillment of its contract for razing the City Hall ruins; provided that the said City Construction Company shall execute and file a good and sufficient bond in the sum of \$10,000, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance

with Ordinance No. 1204; provided also that no blasting shall take place except during the hour of from 6 to 7 o'clock a. m.; that no one shot contains over three sticks of $\frac{3}{8}$ -inch diameter dynamite of not over 30 per cent nitro-glycerin; that all shots be fired under or behind a heavy rope screen of approximately 15x20 feet area; said rope screen to be square woven of hawser not less than $1\frac{1}{4}$ inches in diameter and not over a 5-inch mesh. In case small particles should escape through the above screen, then a second screen of the same dimensions, but of $\frac{3}{4}$ -inch rope, woven on a 3-inch mesh, shall be used outside of the first one. These screens are to be loose hung or laid in order that they may "go with" the shot and prevent the breaking of the individual strands. And that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this Resolution be violated by the said City Construction Company, then the privilege and all rights accruing thereunder shall immediately become null and void.

Denying Protest Against Locating "The San Francisco Hospital" on the City and County Hospital Site.

On motion of Supervisor Payot:

Resolution No. 3274 (New Series), as follows:

Whereas, Various property owners have filed a protest against the construction of the proposed new City and County Hospital buildings on the site of the old hospital situated on Potrero avenue, between Twenty-second and Twenty-third streets; and

Whereas, The present hospital site is deemed by the Board of Health to be the most suitable site whereon to erect the City and County Hospital by reason of its accessibility and superior climatic conditions; and moreover, said site was set aside and reserved for hospital purposes by Orders No. 800 and 823, of the Board of Supervisors, passed in the year 1868, which said orders were subsequently ratified by an Act of the Legislature enacted in said year, 1868; and

Whereas, The people of the City and County of San Francisco, at an election held May 11, 1908, author-

ized the Board of Supervisors, if its judgment should so determine, to purchase lands in Potrero, Blocks Nos. 108 and 109, lying immediately to the east of the present site as an adjunct thereto, now therefore,

Resolved, That the protest filed against locating the new hospital buildings on the present site be and the same is hereby denied; and further, that the present hospital site, being that certain tract of land described on the official map of the City and County of San Francisco as Potrero Nuevo Blocks Nos. 79-80 and 88-89 and bounded by Potrero avenue, Twenty-second and Twenty-third streets and San Bruno avenue, together with Potrero Nuevo Blocks Nos. 108 and 109 and bounded by San Bruno avenue, Twenty-second, Twenty-third and Vermont streets, proposed to be acquired for hospital purposes under the bond issue of July 1, 1908, be and the same are hereby selected and dedicated for hospital purposes.

Further Resolved, That in accordance with the recommendation of the Board of Health, the Board of Supervisors hereby declares its intention to order the construction of the City and County Hospital buildings authorized by the bond issue of July 1, 1908, on said Potrero Nuevo Blocks Nos. 79-80, 88-89, 108 and 109.

Accepting Offer of Truman G. Cummings in Sum of \$3350 for Additional Land Required for Hospital Purposes.

Also, Resolution No. 3278 (New Series), as follows:

Whereas, An offer has been received

from Truman G. Cummings (filed February 1, 1909) to convey to the City and County of San Francisco certain land with improvements thereon in Potrero Nuevo Block No. 108, the land being required as an addition to the site whereon to construct the City and County Hospital Building; and

Whereas, The price at which said parcel of land and improvements is offered is in accordance with the appraised value thereof; therefore be it

Resolved, That the offer of Truman G. Cummings to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, with improvements thereon, free of taxes for the fiscal year 1908-9, and a McEnerney title thereto, for the sum of \$3350, be and is hereby accepted upon the following basis: \$45 per front foot for the land and \$1850 for the improvements, the land being described as follows; to wit:

Commencing at a point on the easterly line of San Bruno avenue, distant thereon 33 feet 4 inches northerly from the northerly line of Humboldt street; running thence northerly and along said easterly line of San Bruno avenue 33 feet and 4 inches; thence at a right angle easterly 100 feet; thence at a right angle southerly 33 feet and 4 inches; thence at a right angle westerly 100 feet to the easterly line of San Bruno avenue and the point of commencement. Being a portion of Potrero Nuevo Block No. 108.

The City Attorney is hereby directed to examine the title to the said land, and if the same is found to be vested in the aforesaid owner free from all incumbrances and that the taxes for the current fiscal year are paid, and that the so-called McEnerney title has been procured or sufficient moneys reserved for the procuring of same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land and improvements to be executed and delivered to the City and County upon the payment of the agreed purchase price as aforesaid.

Referred.

Supervisor McAllister introduced the following Resolution under suspension of the rules, which was on his motion ordered *referred to the Public Utilities Committee*:

City Attorney to Inform Board as to Whether or Not the Right of Eminent Domain Exists for the City Over the Plant of the Spring Valley Water Company.

Whereas, The election of November 12, 1908, expressed in unmistakable terms the desire of the people that the municipality of San Francisco should own and operate its water system; and

Whereas, The present plan of bringing the waters of the Hetch Hetchy Valley and the Sierras has included in it the purchase of the works of the Spring Valley Water Company, and

Whereas, The fixing of rates, obtaining a price for the purchase of the

company or entering into any agreement whatsoever that is mutually satisfactory to both the Water Company and to the Board of Supervisors seems impossible; therefore be it

Resolved, That we, the Board of Supervisors, hereby request and instruct the City Attorney to inform this Board whether the right of eminent domain exists in behalf of the City and County over the entire plant of the Spring Valley Water Company and that if the right does exist immediately to enforce that right by condemnation proceedings, and further be it

Resolved, That if such right exists, the City Attorney be furnished with all assistance necessary to bring the proceedings to a successful issue.

Adopted.

The following Resolutions were introduced under suspension of the rules and adopted:

Approving Portola Festival and Requesting Mayor to Issue Proclamation Announcing Period of Observance of Same.

On motion of Supervisor Murdock: Resolution No. 3280 (New Series), as follows:

Whereas, The 140th anniversary of the discovery of the bay of San Francisco by Gaspar de Portola, first Governor of California, occurs in this year; and

Whereas, The public-spirited citizens of San Francisco, in response to a general and spontaneous demand, have planned and perfected an organization for holding and are now engaged in preparing the details of a festival, to be called the Portola festival, which shall at once commemorate the discovery of San Francisco bay and afford opportunity for public rejoicing over the splendid present and the still more splendid future of the city, and at the same time draw back to their old home the San Franciscans scattered throughout the world; and

Whereas, It is the common wish of those citizens who seek the welfare and desire to hasten the progress of San Francisco that this festival shall become a fixed annual institution and feature of the city's life; and

Whereas, The success of this festival and its establishment as an annual event will be promoted and further assured by giving it the official approval and sanction of the municipal government; now, therefore,

Resolved, That the Board of Supervisors does hereby extend to the Portola festival its approval of the organization already formed and the plan outlined; and further

Resolved, That this Board does hereby request the Mayor to issue forthwith a proclamation designating the period from October 19 to October 23, 1909, both inclusive, as the occasion of the first Portola festival, calling upon

all Californians and all San Franciscans, wherever they may be, to come back home and join in the merrymaking of this festival; inviting all the world as well to share in its pleasures, and urging all the city's civic, fraternal and other organizations and all its loyal citizens as individuals to assist in making the first Portola festival such a success as will redound to the credit of the community at home and abroad and add greatly to its prosperity.

Citizens to Co-operate With Associated Charities for Relief of Unemployed.

On motion of Supervisor Murdock: Resolution No. 3281 (New Series), as follows:

Whereas, There is said to be a considerable number of unemployed men in the city at the present time, and the Board of Supervisors, under the Charter, has no power to afford municipal relief; and

Whereas, The Associated Charities is cognizant of conditions and can be trusted to administer wisely and effectually any sums contributed to meet immediate wants; and

Whereas, There is no fund at its disposal adequate for the present emergency; therefore be it

Resolved, That all sympathetic citizens be urged to co-operate with that organization in affording such relief as may be possible, both by furnishing employment and in the contribution of money or supplies.

Mayor to Recommend to Board of Public Works That Steps Be Taken to Have Ordinances Relative to Filling in and Repaving Trenches Be Observed and Enforced.

Supervisor Pollok introduced the following:

Whereas, Sacramento street, between Montgomery and Kearny streets, one of our narrow downtown thoroughfares, is virtually impassable to vehicles at the present time, due to the fact that the San Francisco Gas and Electric Company, about six months ago opened trenches on each side of the street car tracks, which trenches up to this time remain unfilled and unfinished, as do also six or eight side service trenches in said block and

Whereas, The deplorable condition of said block is a matter of common knowledge and constant criticism is made against the Board of Public Works on account of its lax methods in enforcing the law bearing on such questions, inasmuch as the San Francisco Gas and Electric Company has expressed its willingness to comply with the Ordinances whenever their attention is called to delinquencies; now therefore

Resolved, That the attention of his Honor, the Mayor, be and it is hereby called to the condition of said Sacramento street, between Montgomery and Kearny streets and request is hereby made that he make proper recommendations to the Board of Public Works to the end that the Ordinance of the City and County are observed and enforced.

Motion.

Supervisor Murphy moved that the Resolution be referred to the Committee of the whole Board to sit in Light and Power Rates Investigation.

So ordered.

Accepting Offer to Quarter Mayor's Department in Mills' Building Free of Charge.

Supervisor Rixford introduced the following and moved the suspension of the rules for its immediate consideration:

So ordered.

Whereas, A Communication has been received from Mr. H. H. Taylor, Agent of the Mills Building, offering a suite of five rooms for the use of the Mayor, free of charge, until such time as more permanent quarters can be obtained; therefore

Resolved, That the generous offer of the Mills Building be accepted and that the Board of Works be instructed to move the office of the Mayor to Rooms 561, 562, 563, 564 and 565, Mills Building;

Amendment.

Supervisor Connolly moved to amend as follows:

Resolved Further, That the thanks of this Board be and they are hereby expressed to Mr. H. H. Taylor, Agent of the Mills Building for his timely and generous action.

Adopted.

So ordered.

Whereupon, the above Resolution, as amended, was adopted as Resolution No. 3283 (New Series) by the following vote:

Motion.

Supervisor Connolly moved that the report of the Committee of the Whole be *adopted*, and that the appraisement of the properties of the Spring Valley Water Company made by the City En-

gineer be spread at length in the Journal.

So ordered.

Appraisement of City Engineer of the Properties of the Spring Valley Water Company.

San Francisco, February 2, 1909.

To the Honorable, the Board of Supervisors of the City and County of San Francisco—

Gentlemen:

In accordance with the provisions of Resolution No. 3051, new series, of your Honorable Board, approved December 16, 1908, directing the Board of Public Works to submit to the Board of Supervisors an appraisement of the properties of the Spring Valley Water Co. actually used in furnishing the City and County of San Francisco and the inhabitants thereof, with a pure and wholesome supply of water, the Board of Public Works herewith respectfully transmits twenty-five copies of said appraisement as prepared by the City Engineer.

Respectfully,

BOARD OF PUBLIC WORKS.

By ROBT. J. LOUGHERY, Secretary.

San Francisco, Jan. 31, '09.

To the Honorable, the Board of Public Works of the City and County of San Francisco—

Gentlemen:

The Board of Public Works has been directed by Resolution No. 3051 (New Series) of the Board of Supervisors to make an appraisement of the properties of the Spring Valley Water Company actually used in furnishing the City and County of San Francisco, and the inhabitants thereof, with a pure and wholesome supply of water; for the purpose of enabling the said Board of Supervisors to establish a basis of valuation of said property upon which it may fix and determine water rates to be charged said City and County and its inhabitants for the fiscal year, commencing July 1, 1909, and ending June 30, 1910.

Since 1901 all estimates of the valuation of the Spring Valley Water Company property which have been submitted by your Honorable Board to the Board of Supervisors have been based upon the comprehensive estimate made during 1900 and 1901, under the direction of your Board by City Engineer C. E. Grunsky. In addition to the above estimate, City Engineer Grunsky submitted estimates to your Board on January 31, 1902, January 30, 1903, and January 26, 1904. A recapitulation of the estimate of January 26, 1904, is as follows:

Peninsula System—

Pilarcitos System:	\$ 1,228,660
San Andreas System, including Locks Creek aqueduct and Ocean View Pumps.....	2,392,701
Crystal Springs System	5,280,168
Millbrae Pumping Station	296,580
Water Rights	720,000

\$ 9,918,109

Alameda Creek System—

Alameda Main Pipe Line, Belmont Pumping Station, works on Laguna Creek, property Sunol Filter beds, Sunol aqueduct, lands, water rights, etc.	5,039,618
City Distribution System	6,172,392
Office lot and building	750,000
Lake Merced lands, pumping plant, drainage works, etc	2,592,593
Miscellaneous properties, material on hand, etc.	200,500

Total \$24,673,212

I would note that the above appraisalment does not include such properties as the Portola Reservoir, the upper section of the Locks Creek aqueduct, the Lobos Creek lands, and the Market-street reservoir site, which are not at present in use.

In January, 1908, City Engineer Marsden Manson estimated the value of the works in use at \$24,925,321.00.

Since the appraisalment of 1908 was accepted, and acted upon by the Honorable Board of Supervisors, the Spring Valley Water Co. claims that the following amounts have been expended in permanent improvements:

RELATIVE TO THE ACQUISITION OF A MUNICIPAL WATER SUPPLY.

Statement of Hetch Hetchy Committee to Members of Congress with Reasons for Exchange of Lands Between the United States Government and San Francisco in the Yosemite National Park.

The following Communication addressed to each member of Congress by the Hetch Hetchy Committee now in Washington, D. C., was presented, read and ordered referred to the Public Utilities Committee:

HOUSE JOINT RESOLUTION No. 223.

Why the Government should exchange lands with San Francisco as requested by the Legislative bodies of the State of California and by the Cities of San Francisco, Oakland and Alameda, situated on the Bay of San Francisco.

OBJECTIONS ANSWERED.

.....

Dear Sir:

The Mayor of San Francisco has appointed the Committee which addresses you to present the application of San Francisco for an exchange of lands in the Yosemite National Park. The application does not relate in any manner to the renowned Yosemite Valley, which was ceded by the State of California to the Federal Government a few years ago. The facts are briefly as follows:

Reservoir rights of way have been granted to San Francisco in Lake Eleanor and Hetch Hetchy in accordance with law; but, under the law, these rights are revocable. Hetch Hetchy reservoir is contained in the Yosemite National Park, twenty-two miles distant from Yosemite Valley, and is inaccessible otherwise than by trails over rough mountains.

The city owns, in fee simple, more than half of the floor of this reservoir and certain other adjacent areas in the National Park and reserve which were acquired for the purpose of exchanging with the Government, in accordance with agreements, for the remaining fraction of the reservoir. The joint resolution before Congress provides for this exchange, conditioned upon the use of the reservoir for the exclusive water-supply purposes and under the conditions of the grant.

Two objections were made to the Secretary, which were overruled after careful consideration, and these same objections are now renewed before Congress. *The first is made by gentlemen who represent mountain-climbing clubs and who put their ideas of the scenic value of the Hetch Hetchy Valley above the ownership of more than half its area and the rights of eight hundred thousand population in San Francisco and neighboring cities and towns on San Francisco Bay. To this it is answered that the use of the city's own lands and the minor fraction remaining in Government control and granted to San Francisco for reservoir purposes is its highest use; but, apart from that, no desecration of the Hetch Hetchy Valley is here contemplated. It is simply proposed to convert a swampy meadow, infested for a large part of the open season with mosquitoes, into a mountain lake and made accessible by well-built roads. California's purpose and interest is to preserve the scenery of the State, and we resent any imputation to the contrary.*

We submit to you herewith the findings of the Secretary of the Interior and the opinion of C. E. Grunsky, Civil Engineer, and others, proving the city's contention. (See Appendices "A" and "B".)

The second objection is made by the Spring Valley Water Company, the private monopoly which now supplies San Francisco with water. It is the desire of the city to purchase this plant, if it can be procured for a price fair to both parties, and it has frequently and urgently asked an offer of sale of these properties, but the Company contended, before the Public Lands Committee, that by giving the city the privileges now asked would be giving

the municipality an undue advantage in the negotiations.

Under the charter it is impossible for the Board of Supervisors to fix a price at which existing utilities shall be offered to the city, for this instrument which gives the Board their existence and powers prescribes that, before undertaking the construction of any public utility or utilities, it must ask the owners of an existing utility or utilities to submit a price for the sale of utility or utilities, which must be submitted to the people.

Consequently, all this consideration which that corporation is soliciting is a mere subterfuge to cause delay and to begot the actual issue of removing the revocable nature of the permit by an exchange of lands.

The Spring Valley Water Works has reached the limit of its capacity, and the water necessary for the future needs of San Francisco cannot be developed except by very large expenditures for damages to the owners of lands, and then from nearby sources subject to pollution and adverse claims. It is the intention of the city to develop the pure extra-seasonal storm water, now running to waste in the Sierras, by building a dam as authorized by the laws of Congress, and use it as an auxiliary supply to the Spring Valley system in case the owners permit the city to acquire it.

It has been urged that San Francisco should condemn the existing water supply, but it is extremely doubtful if a superior use by the city could be shown so that such an action could be maintained.

As required by the Charter of the City of San Francisco, however, this Company was asked to put a price upon its property before a submission of a water supply was made to the voters of that city. This they not only refused, but made a violent campaign of opposition against the acceptance of the mountain supply at a recent special election. Fully advised, the people of San Francisco voted in the proportion of more than six to one in favor of the Hetch Hetchy supply and authorized the issuance of bonds for preliminary work. The cities of Oakland and Alameda, by act of their Councils, have petitioned Congress for the passage of this Bill, and unanimously the Legislature of the State of California, now in session, passed a joint resolution urging Congress to grant the exchange of lands prayed for and thus give to San Francisco, a city of great Federal importance, the essential means by which it may live and grow.

The sources of water supply for San Francisco have been investigated for

a period of many years, and there was practical unanimity on the part of all engineers and United States Government officials on the fact that the Hetch Hetchy source was the most available and best; all other sources have been taken up by private power companies, and, while distinctly inferior, are not available except perhaps under condemnation proceedings at an excessive and prohibitive cost.

San Francisco is just recovering from her disaster and is engaged in the business of rehabilitating her municipal plant; sewers, streets, schools, public buildings, an independent auxiliary fire protection system, are now being provided for by bond issues which will press closely upon the Charter limitation, viz.: 15 per cent of the assessed value of the city's assessable property.

While economies must be practiced, water must be provided.

We therefore respectfully submit:

(1) *That the natural beauty of Hetch Hetchy Valley will be enhanced rather than diminished by the use herein proposed, and that the lands which the city offers in exchange to the Government for the minor fraction of the lands held by it on the floor of the Valley will afford camping places not now controlled by the Government and from which in private ownership mountain climbers could be excluded.*

(2) *The officials of San Francisco are unanimous in their desire to purchase the Spring Valley Water Company's property as an auxiliary supply at a reasonable price, and the corporation need not fear that its property is in any manner jeopardized by granting to San Francisco the lands asked for in the Bill now before Congress. The city now has, under the permit, the right to impound the water and the exchange of land now asked is strictly a compliance with the conditions imposed in the common interest of the city and the Federal Government alike.*

Respectfully,

(Appendix A.)

Scenic Beauty and Campers' Privileges Considered and Conserved.

(From Hon. James R. Garfield's opinion granting right of way.)

The only source of objection, except that from persons and corporations who have no rights to protect, but merely the hope of financial gain if the application of the city is denied, comes from those who have a special interest in our National Parks from the standpoint of scenic effects, natural wonders, and health and pleasure resorts. I appreciate fully the feeling of these protestants, and have considered their protests and arguments with great interest and sympathy. * * * I am convinced, however, that "the public interest" will be much better conserved by granting the permit. Hetch Hetchy Valley is great and beautiful in its natural and scenic effects. If it were also unique, sentiment for its preservation in an absolutely natural state would be far greater. In the near vicinity, however, much more accessible to the public and more wonderful and beautiful, is the Yosemite Valley itself. Furthermore, the reservoir will not destroy Hetch Hetchy. It will scarcely affect the canyon walls. It will not reach the foot of the various falls which descend from the sides of the canyon. The prime change will be that instead of a beautiful but somewhat unusable "meadow" floor the valley will be a lake of rare beauty.

As against this partial loss to the scenic effect of the park, the advantages to the public from the change are many and great: The City of San Francisco, and probably the other cities on San Francisco Bay, would have one of the finest and purest water supplies in the world; the irrigable land in the Tuolumne and San Joaquin Valleys would be helped out by the use of the excess stored water; * * * the public would have a highway at its disposal to reach this beautiful region of the park heretofore practically inaccessible; this road would be built and maintained by the city without expense to the Government or the general public; the city has options on land held in private ownership within the Yosemite National Park, and would purchase this land and make it available to the public for camping purposes (since purchased by the city); the settlers and entrymen who acquired this land naturally chose the finest localities, and at present have power to exclude the public from the best camping places; and, further, the city in protecting its water supply would furnish to the public a patrol to save this part of the park from destructive and disfiguring forest fires.

The floor of the Hetch Hetchy Val-

ley, part of which is owned privately and used as a cattle ranch, would become a lake bordered by vertical granite walls or steep banks of broken granite. Therefore, when the water is drawn very low, it will leave few muddy edges exposed. This lake, however, would be practically full during the greater part of the tourist season in each year, and there would be practically no difficulty in making trails and roads for the use of the tourists around the edges of the valley above high-water mark.

(Appendix B.)

Misleading Statements as to Effect of Using Hetch Hetchy Reservoir.

A reference to the testimony before the Public Lands Committee will convince any one not interested in monopoly control that the article published in the *Outlook* for January 30, 1909, is calculated to mislead the uninformed. The statements indicate plainly that their authors have either been misinformed or that they have not sufficiently studied the physical geography of the Yosemite National Park, and the terms and conditions of the agreement entered into by the Honorable Secretary of the Interior and the city of San Francisco. For instance, there is no "Hetch Hetchy Water Company." San Francisco herself seeks municipal ownership of her water supply. Other sources are held by speculative companies. Tuolumne watershed does not include the Yosemite Valley, which is in the watershed of Merced river. The patrol of the watershed will protect it for beauty and from fire losses and defilement. Moreover, Mr. R. U. Johnson, one of the principal opponents to San Francisco's rights, and who describes the beauties of the Hetch Hetchy reservoir floor, was forced to admit before the Subcommittee on Public Lands that he had never visited the place.

Mr. C. E. Grunsky, former Panama Canal Commissioner, who intimately knows the site, writes as follows:

Excerpts from a letter of Mr. C. E. Grunsky, formerly Panama Canal Commissioner, showing that the beauty of Hetch Hetchy Valley will not be marred by contemplated use.

"The full enjoyment of the scene, when the valley is in its brightest attire, is, however, marred, I might almost say rendered impossible, by the presence of mosquitoes, which breed in countless millions in the grass-covered ponds and pools. The mosquitoes in June, and usually well into July, are so numerous in the valley that there is no comfort for man or beast. They are not alone on the floor of the valley, but swarm up the mountain sides, and compel the visi-

tor to seek his enjoyment of nature's beauties through a veil. In the valley itself he can find no comfort and makes haste to seek some spot where he and his animals can rest and eat in peace."

"Let me now for a moment assume that instead of the beautiful emerald meadow of the Hetch Hetchy there were a lake in this vicinity, a lake just such as San Francisco wishes to create. Such a lake would be unique in this country. There is none other like it. Surrounded by steep walls, towering at many places almost vertically in heights of fifteen hundred to two thousand feet, the lake of crystal clear water would be most picturesque in its setting. Suppose now such a lake being there in a National Forest Reserve, that some one should discover that by draining it a beautiful meadow of some six hundred acres would be uncovered; and that this meadow, during the season when accessible, June to October, would be a delightful camping place, except of course during the mosquito period, and that the natural beauty and attractiveness of the lake ought to be sacrificed in order to make the valley floor available for private ownership (most of it is now so owned) with opportunities for camping out and incidentally thereby to create a little Yosemite. Let me ask whether any demonstration, however plausible, would lead any Government Department having such matters in charge into an assent to such a scheme? Such action would be inconceivable. The lake would be preserved and protected.

"Why, then, if such a lake is to be artificially created, should not the same reasoning apply? That the lake is to be artificial should not weigh in the matter. Though necessarily of a fluctuating water surface within wider ranges than is ordinarily expected for natural mountain lakes, there would not, by reason of the steep encompassing cliffs and mountains, be in view at any time unsightly stretches of uncovered marginal lands, as is sometimes the case where reservoirs are located in flat regions. The lake, moreover, in the Months during which the region is accessible, would be at a high stage. It would be an attraction and a delight to all visitors to this part of the Sierra Nevada."

REPORT OF WILLIAM DOLGE ON GROSS RECEIPTS OF GEARY STREET, PARK AND OCEAN RAILROAD COMPANY FOR MONTH OF DECEMBER, 1909.

The following Report was received, read and ordered referred to the Public Utilities Committee:

To the Honorable the Finance Committee of the Board of Supervisors.

Gentlemen: In compliance with instructions received from John E. Behan Esq., Clerk, I have made an examination of the books and accounts of the Geary Street, Park and Ocean R. R. Co. with reference to the gross receipts of that company for the month of December, 1908, and beg to report my findings as follows:

I have verified the daily gross receipts from the basis of the returns made by the receiving clerks to the Treasurer and to the Secretary, and find the total to be as reported by the company \$19,458.95.

Under terms of Resolution No. 3992 (New Series), approved January 6th, 1909, amending condition No. 5 of Resolution No. 1285 (New Series), the Geary Street, Park and Ocean R. R. Co. is required to pay into the municipal treasury five (5%) per centum of the gross receipts derived from passenger fares, less the sum of \$900.00 for the month of December, 1908, which said sum shall be applied by the company to the payment of cost of street work on Point Lobos avenue, from First avenue to Fifth avenue.

I certify that the gross receipts have been \$19,458.95.

That the amount due under terms of the resolution is...\$972.95
Less allowance for street work. 900.00

Amount due out of December, 1908, receipts \$72.95

Your attention is directed to the fact that the street work above referred to has not yet been paid for by the company and that I am informed by the Secretary that no payment will be made to the contractor until the street has been accepted by the city.

Respectfully submitted,

WILLIAM DOLGE, C. P. A.

San Francisco, February 4th, 1909.
at the time of my last examination, March and April, 1907.

Respectfully submitted,

WILLIAM DOLGE, C. P. A.

REPORT OF WILLIAM DOLGE ON COUNTING CASH IN TREASURER'S OFFICE.

The following communication and report were received, read and ordered referred to the Finance Committee: Office of the Clerk of the Board of Supervisors.

San Francisco, Cal., January 29, 1909.
Thomas Jennings, Esq., Chairman, Finance Committee, Board of Supervisors, San Francisco.

Dear Sir: I beg to hand you herewith report on the investigation of the accounts of the Parkside Transit Company relative to the gross receipts of that company for the period ending December 31, 1908.

Also report on the counting of

moneys in the custody of the Treasurer of the City and County of San Francisco, as of date January 16, 1909.

There has been referred to me for report:

Jan. 22—Investigation of the December receipts of the Geary Street Park & Ocean R. R. Co. This will be taken up during the coming week.

Resolution No. 3302 (New Series), as follows:

Resolved, That the W. B. Abbitt Construction Company be and is hereby granted permission, revocable at will of the Board of Supervisors, to blast in premises situate at the City Hall site, for the purpose of removing foundation walls and debris during the fulfillment of its contract for razing the City Hall ruins; provided that the said W. B. Abbitt Construction Company shall execute and file a good and sufficient bond in the sum of \$10,000, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided also that no blasting shall take place except during the hour of from 6 to 7 o'clock a. m.; that no one shot contains over three sticks of $\frac{7}{8}$ -inch diameter dynamite of not over 30 per cent nitro-glycerin; that all shots be fired under or behind a heavy rope screen of approximately 15x20 feet area; said rope screen to be square woven of hawser, not less than $1\frac{1}{4}$ inches in diameter and not over a 5-inch mesh. In case small particles should escape through the above screen, then a second screen of the same dimensions, but of $\frac{3}{4}$ -inch rope, woven on a 3-inch mesh, shall be used outside of the first one. These screens are to be loose hung or laid in order that they may "go with" the shot and prevent the breaking of the individual strands. And that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this Resolution be violated by the said W. B. Abbitt Construction Company, then the privilege and all rights accruing thereunder shall immediately become null and void.

RELATIVE TO ACQUISITION OF A MUNICIPAL GARBAGE DISPOSAL SYSTEM

The following Communication was received, read and ordered filed:

Communication From the City Attorney.

City Attorney, San Francisco.

February 6th, 1909.

Board of Supervisors, City and County of San Francisco.

Gentlemen: Under a resolution passed by your Board on the 26th day of October, 1908, I was directed to enter

into negotiations with the Sanitary Reduction Works of San Francisco and the Standard Manufacturing and Supply Company to purchase and acquire for the City and County of San Francisco all properties, franchises, rights and privileges held by, accrued or accruing to the said companies under and pursuant to Order No. 2965, adopted by the Board of Supervisors on the 17th day of February, 1896, and pursuant to Order No. 12 (Second Series), passed by the Board of Supervisors on the 1st day of November, 1897.

I have the honor to report to you that in conjunction with the Advisory Committee of the Committee on Hospitals and Health and Supervisor Payot of the Committee on Hospitals and Health, I have obtained from the said Sanitary Reduction Works of San Francisco and the Standard Manufacturing and Supply Company an offer to enter into an agreement in manner and form as that which is herewith enclosed. This agreement is satisfactory to the Advisory Committee of the Committee on Hospitals and Health and to the Sanitary Reduction Works of San Francisco and the Standard Manufacturing and Supply Company.

If the Board of Supervisors deems it advisable to accept this offer and to enter into the contract it will be necessary for the Board to formally pass a resolution formally accepting the said offer of the said Sanitary Reduction Works of San Francisco and the Standard Manufacturing and Supply Company and authorizing and directing the Mayor to execute the said contract on behalf of the City and County when there has been placed in the treasury, out of the sale of the bonds now being offered by the City and County and devoted to the purpose of this contract, the sum of \$400,000.

Yours very truly,
PERCY V. LONG,
City Attorney.

By GEORGE LULL, Asst. City Attorney.

Report of the Hospital and Health Committee.

The following report was presented read and ordered *recommitted to the Hospital and Health Committee*:

To the Honorable, the Board of Supervisors of the City and County of San Francisco.

Gentlemen: Your Committee on Hospital and Health, to whom was referred the matter of the acquisition of a Garbage Disposal System, begs leave to report as follows:

Your Committee recommends the adoption of a resolution approving and accepting a form of agreement submitted by the City Attorney for the purchase of the Sanitary Reduction

Works and subsidiary corporations, and authorizing the Mayor and Clerk of the Board of Supervisors to execute said agreement for and in behalf of the City and County of San Francisco, when there has been deposited in the City Treasury the sum of \$400,000, as proceeds from the sale of the bonds issued for the acquisition of a Garbage Disposal System.

Respectfully submitted,

HENRY PAYOT,
C. A. MURDOCK.

Hospital and Health Committee.

Recommended.

Whereupon, the following Resolution was introduced by Supervisor Payot, and on his motion ordered *recommitted to the Hospital and Health Committee*:

Approving and Accepting Agreement for Purchase of Sanitary Reduction Works. Resolution No. — (New Series), as follows:

Whereas, by Resolution No. 2849 (New Series), approved November 5, 1908, the City Attorney was authorized and directed to enter into negotiations with the Sanitary Reduction Works, a corporation, to purchase and acquire for the City and County of San Francisco all properties, franchise, rights and privileges accrued and accruing under and pursuant to Order No. 2965 of the Board of Supervisors, adopted February 17, 1896, the result of said negotiations to be the basis of the acceptance by the Board of Supervisors of the offer of the stockholders of the Sanitary Reduction Works, a corporation, filed October 21, 1908, to accept the sum of \$400,000.00 for the sale to the City and County of San Francisco of the plants and franchise of said corporation; and the City Attorney was further authorized and instructed to examine the titles to the properties of the Sanitary Reduction Works, a corporation, and of subsidiary corporations, and if the same were found to be vested in said corporation and assigns, then to submit to the Board of Supervisors a form of agreement by which the franchise and properties of said corporation and assigns may be transferred to the City and County of San Francisco; and

Whereas, the City Attorney filed with the Board of Supervisors on the 8th day of February, 1909, an agreement in words and figures as follows, to wit:

This agreement, made and entered into this day of , 1909, by and between the Sanitary Reduction Works of San Francisco, incorporated, a corporation duly incorporated, created and existing under the laws of the State of Nevada, and the Standard Manufacturing and Supply Company, a corporation duly organized, created and existing under the laws of the State of California, the parties of the

first part, and the City and County of San Francisco, a municipal corporation, of the State of California, the party of the second part, witnesseth:

That Whereas, on the 17th day of February, 1896, the Board of Supervisors of the City and County of San Francisco, State of California, duly and regularly passed, adopted and enacted a certain order known as Order No. 2965, to which said Order reference is hereby made; and

Whereas, on the 1st day of November, 1897, the said Board of Supervisors of the said City and County of San Francisco duly and regularly passed, adopted and enacted a certain order or ordinance known as Order No. 12 (2nd Series), to which said order reference is hereby made; and

Whereas, heretofore the parties of the first part acquired from F. E. Sharon and his associates, all the rights granted to said F. E. Sharon and his associates under and by virtue of said Order No. 2965 and said Order No. 12 (2nd Series) and the said F. E. Sharon and his associates and successors granted to the said parties of the first part all the rights held, possessed and granted to him and his associates under and by virtue of said Order No. 2965 and said Order No. 12 (2nd Series); and

Whereas, the said parties of the first part are now the owners and possessors of the said rights granted to the said F. E. Sharon and his successors, assigns and associates under and by virtue of said Order No. 2965 and said Order No. 12 (2nd Series); and

Whereas, at an election duly held in said City and County of San Francisco, on the 11th day of May, 1908, it was duly voted and decided by the people of the City and County of San Francisco, in due form and in accordance with law, that bonds to the amount of One Million (1,000,000) Dollars should be issued and sold for the purpose of acquiring the present Garbage Plant of the Sanitary Reduction Works of San Francisco, and the right and property of the Standard Manufacturing and Supply Company hereinafter agreed to be sold and for the purpose of erecting and constructing other plants; and

Whereas, it is desired by the people of the City and County of San Francisco that all of the rights of the said Sanitary Reduction Works of San Francisco, and said Standard Manufacturing and Supply Company, parties of the first part, in and under said "Order No. 2965" and said "Order No. 12 (2nd Series)" should be acquired by the City and County of San Francisco, with a view of having all the work mentioned and referred to in said orders performed by the City and County of San Francisco; and

Whereas, on the 26th day of October,

1908, a resolution was duly adopted by the Board of Supervisors of the City and County of San Francisco authorizing and directing the City Attorney to enter into negotiations with the said Sanitary Reduction Works of San Francisco and the said Standard Manufacturing and Supply Company, parties of the first part, to purchase and acquire for the City and County of San Francisco all properties, franchises, rights and privileges held, accrued or accruing to the parties of the first part under and pursuant to said Order No. 2965 and said Order No. 12 (2nd Series) and the real property hereinafter described for the sum of Four Hundred Thousand (\$400,000) Dollars; and

Whereas, after negotiations said Sanitary Reduction Works of San Francisco and said Standard Manufacturing and Supply Company consented to sell to said City and County of San Francisco their said property and franchise and the property hereinafter described for the sum of Four Hundred Thousand (400,000) Dollars; and

Whereas, by resolution duly and regularly approved by the Board of Supervisors of the City and County of San Francisco on the day of 1909, the said offer of the said Sanitary Reduction Works of San Francisco and the said Standard Manufacturing and Supply Company was accepted by the said Board of Supervisors and the Mayor of said City and County of San Francisco was authorized and instructed to execute this agreement;

Now, therefore, the said parties of the first part, for and in consideration of the sum of Four Hundred Thousand (\$400,000) Dollars to be paid as hereinafter provided, do hereby agree to sell, grant and convey to the said party of the second part, and the party of the second part hereby agrees to purchase from the parties of the first part all the rights and privileges of the parties of the first part in and to said Order No. 2965 and said Order No. 12 (2nd Series) and all the rights, franchises and privileges held by or accrued or accruing to the said parties of the first part under and pursuant to said Order No. 2965 and said Order No. 12 (2nd Series) and also all that certain lot, piece or parcel of land situate, lying and being in the City and County of San Francisco, State of California, bounded and described as follows, to wit:

Commencing at the point of intersection of the northerly line of 15th street with the easterly line of Rhode Island street; running thence easterly and along said northerly line of 15th street two hundred (200) feet to the westerly line of De Haro street; thence at right angles northerly and along said line of De Haro street three hundred and forty-six (346) feet, nine (9) in-

ches to the southwesterly line of Eighth street; thence northwesterly and along said line of Eighth street seventy (70) feet, one-half ($\frac{1}{2}$) of an inch to the southerly line of Alameda street; thence westerly and along said line of Alameda street one hundred and fifty-four (154) feet, six (6) inches to said line of Rhode Island street, and thence southerly and along said line of Rhode Island street four hundred (400) feet to the northerly line of 15th street and the point of commencement.

Being entire Potrero Nuevo Block No. 167.

Together with the plant, works and all the appurtenances on said land, owned and used by the Sanitary Reduction Works of San Francisco, incorporated, together with all tools, appliances, machinery and personal property now used by the parties of the first part in conducting and operating this said plant and works, and the said Sanitary Reduction Works of San Francisco hereby covenants and agrees that it has a good title to all of the said property above described, free and clear of all liens and incumbrances, and the parties of the first part agree to sign and acknowledge, upon the execution of this agreement, a grant, bargain and sale deed conveying to the said party of the second part the absolute title and fee to all of said property hereinabove described and also a deed of quit-claim, without any warranties, to all of said Potrero Nuevo Block No. 167, which said deeds it is agreed shall be deposited in escrow with

..... to be held in escrow until the full amount of the purchase price is paid by the said party of the second part:

It is understood that neither the foundry plant nor the foundry business owned and conducted by the said Standard Manufacturing and Supply Company, nor the tools or appliances nor the stock of merchandise used in conducting said foundry business are sold or to be sold, but the same are reserved by said Standard Manufacturing and Supply Company and are not to be included in the transfer hereby agreed to be made, but said foundry plant and foundry business so reserved shall be removed from the land above described by said Standard Manufacturing and Supply Company at any time after title is acquired to said land by the party of the second part; that the party of the second part may require the same to be removed by giving ninety days' notice in writing that they desire to have the same removed.

And the said parties of the first part for and in consideration of the premises do hereby further agree to sell and convey to the said party of the second part all that certain lot, piece or parcel of land situate, lying and being in the City and County of San Francisco, State of

California, and more particularly described as follows, to wit:

Commencing at a point on the northeasterly line of 5th avenue South, distant thereon four hundred and thirty (430) feet nine (9) inches northwesterly from the northwesterly line of M street South, which point is also the point of intersection of the line dividing the O'Neil and Haley Tract and the lands formerly of the Central Park Homestead Association, with the said northeasterly line of 5th avenue South; running thence north 54° 15' east along said dividing line two hundred and ten (210) feet eight (8) inches more or less to the southwesterly line of 4th avenue South; thence northwesterly along said southwesterly line of 4th avenue South two hundred and thirty-five (235) feet five (5) inches more or less to the southeasterly line of N street South; thence at a right angle southwesterly and along said southeasterly line of N street South two hundred (200) feet to the northeasterly line of 5th avenue South; and thence at a right angle southeasterly and along said northeasterly line of 5th avenue South one hundred and sixty-nine (169) feet three (3) inches more or less to the point of commencement.

Being a portion of Tide Lands Block No. 82.

Together with all the works, appliances, machinery, improvements, paraphernalia and appurtenances now on said real property and held and used by the said parties of the first part:

It is understood and agreed, however, that the said parties of the first part only agree to sell and convey unto the said party of the second part such title as the parties of the first part now have in and to said real property secondly hereinabove described, and the said parties of the first part hereby agree to sign and acknowledge upon execution of this agreement a grant, bargain and sale deed without warranty or warranties, however, conveying to the said party of the second part all the right, title and interest that the said parties of the first part now have in and to the real property secondly hereinabove described, which said deed it is agreed shall be deposited in escrow with the to be held in escrow with the deeds to the property firstly hereinabove described until the full amount of the purchase price is paid by the said party of the second part as herein agreed.

Upon the execution of this agreement and the recording of the same in the Recorder's office of the said City and County of San Francisco, and upon the deposit in escrow of the aforesaid deeds conveying and transferring the aforesaid properties, franchises and rights of the parties of the first part, then, and thereupon, the party of the second part shall pay to the said Sanitary Re-

duction Works of San Francisco, Incorporated, the sum of three hundred and fifty thousand (350,000) dollars in United States gold coin. The balance of said purchase price, to wit, the said sum of fifty thousand (50,000) dollars, shall be paid by the party of the second part to the said Sanitary Reduction Works of San Francisco, Incorporated, or order, at any time within two (2) years next succeeding the date of the execution of this agreement; provided, however, that nothing herein contained shall be construed as obliging the party of the second part to make said final payment of fifty thousand (50,000) dollars unless and until complete delivery of possession of said Potrero Nuevo Block No. 16, and the works thereon of the parties of the first part, and also delivery of said deeds and conveyances so deposited in escrow, shall have been made to the party of the second part; and said balance of said purchase price shall be paid on delivery of said deed and when said possession of said Potrero Nuevo Block No. 167 is surrendered to the party of the second part; and the said balance of said purchase price shall (anything herein to the contrary notwithstanding) be due and payable two years after the execution hereof:

It is understood and agreed that the title to all of the said property and franchises which are the subject of this agreement shall remain vested in the parties of the first part, as the same now is, until the full amount of the purchase price thereof shall have been paid; and until possession is delivered as above set forth the parties of the first part covenant and agree to operate said plant as required by said Order No. 2965, and during said time to keep said property, works, machinery, appliances and appurtenances herein agreed to be sold to the party of the second part in as good repair as the same now are, ordinary wear and tear and damage by the elements excepted, and, upon payment of the balance of the purchase price as herein provided, to deliver the same to the party of the second part free and clear of all liens and incumbrances of every sort arising or attaching thereto subsequent to the date of this agreement, and all taxes for the then fiscal year are to be divided pro rata:

It is further understood and agreed that from the date of this agreement and until delivery of possession as above set forth, the said Sanitary Reduction Works of San Francisco, Incorporated, shall, and hereby agrees to, allow and pay annually to the said City and County of San Francisco the two (2) per cent of the gross receipts required to be paid by the parties of the first part to said City and County under said Order No. 2965, and also an additional sum which, when added to

said two (2) per cent of the gross receipts, will produce an aggregate amount equivalent to seventeen thousand and five hundred (17,500) dollars annually; that is to say, the said Sanitary Reduction Works of San Francisco, Incorporated, shall pay to the said City and County of San Francisco, during the period of time last aforesaid, interest on said three hundred and fifty thousand (350,000) dollars at the rate of five (5) per cent per annum, payable annually, and, in order to make up the full amount of said interest, the said Sanitary Reduction Works of San Francisco, Incorporated, may include therein as part of the said two (2) per cent of gross receipts required to be paid by said Order No. 2965; and for all portions of time less than one year, interest shall be computed thereon at the rate of five per cent per annum from the date when said interest began to run thereon under this agreement, and shall be payable to the party of the second part, said City and County of San Francisco, at the same time as said balance of said purchase price shall be paid by said City and County of San Francisco. Interest other than said two (2) per cent of the gross receipts shall cease when the said party of the second part shall commence to operate any new works to which there shall be diverted an amount of material mentioned in said Order No. 2965 in excess of one hundred (100) tons per day.

It is understood that no personal or stockholder's liability is to be considered as created by this agreement, but that if the parties of the first part shall fail to carry out this agreement as herein specified, then recourse shall be had only to said fifty thousand (50,000) dollars, balance of said purchase price, which is retained by the party of the second part, and no liability beyond that amount is hereby created.

It is understood and agreed that the party of the second part does not waive any claim or right to the two (2) per cent of the gross receipts derived by the parties of the first part under said Order No. 2965, and required by said Order No. 2965, to be paid annually by the parties of the first part. If at the time of the execution of this agreement less than one year has elapsed between the date thereof and the date when the last prior payment of said two (2) per cent became due, then the parties of the first part agree to compute and pay to the party of the second part, at the date of the execution of this agreement two (2) per cent of the said gross receipts earned during the period of time that has so elapsed.

In witness whereof, the said parties of the first part have by their officers (they being duly authorized so to do) written the names of the said parties of the first part and affixed the seals

of the said parties of the first part; and the said party of the second part, by and through the Mayor of the said party of the second part, and the Clerk of the Board of Supervisors of the said party of the second part (they having been duly authorized so to do) have written the name of the said party of the second part and affixed the seal of the said party of the second part.

REPORT OF C. L. CORY, CONSULTING ENGINEER, ON PACIFIC TELEPHONE AND TELEGRAPH COMPANY FOR YEAR 1908.

C. L. Cory, Consulting Engineer, Union Trust Building, San Francisco.

To the Honorables, the Mayor and the Board of Supervisors, of the City and County of San Francisco, San Francisco, California.

Gentlemen: In compliance with your resolution No. 2517 (New Series) dated July 14th, 1908, I have made a personal inspection and examination of the complete equipment of The Pacific Telephone and Telegraph Company in San Francisco, including its books, records, engineering data, etc., and beg herewith to submit the following

REPORT.

The information required by your resolution is included under three headings, as follows:

I. The true valuation of the plant of the Company in San Francisco on July 1st, 1908, and also all additional investments which rightfully increase this valuation from July 1st, 1908, to January 1st, 1909.

II. The number of telephones operated by the Company in San Francisco on January 1st, 1908, the additional telephones installed during each month of the year, and also the average revenue to the Company per telephone.

III. The annual cost of operation including a proper segregation of accounts.

I.

Valuation of Plant.

In determining the valuation of the plant of the Company there has been included the entire installation in San Francisco which is necessarily a part of the San Francisco exchange. All equipment and materials of every character not directly a part of this exchange and used in its operation have been excluded. In other words, no part of the general plant of The Pacific Telephone and Telegraph Company not directly a part of the San Francisco system, and actually required and used in its San Francisco business has been included.

Immediately after July 1st, 1908, the Company began to make complete and detailed inventories of the component parts of the entire San Francisco system, the methods and classifications having been previously agreed upon between the Company and myself.

These inventories were largely made jointly by a representative of the Company and a representative of myself, and were compiled in forms readily and easily checked and verified by me. The actual installation as represented by the inventories has been examined in sufficient detail by me to establish the fact that there is

included only such portions of the installation as are required and used in the operation of the San Francisco exchange.

The valuation of the plant has, in every instance possible, been made on the basis of the actual cost to the

Company, but in all cases where the actual cost for any reason could not be determined, careful estimates were made of the probable cost.

The valuation of the various portions of the entire installation as determined is as follows:

Average Revenue per station—Jan. 1st to June 30th\$4.233
 “ “ “ “ —July 1st to Dec. 31st\$3.714

The average revenue per station as given is obtained from the total revenue from stations and the total number of stations, including extensions, private branch exchange stations, dead-head telephones, etc.

The reduction of the average revenue from \$4.233 for the first six months to \$3.714 for the last six months is due in part to the reduc-

tion in rates on July 1st, 1908, and in part to the increase in the number of telephones in operation.

The average revenue per telephone for the different classes of service during December, 1907, and during December, 1908, is given below and shows the effect of the reduced rates, beginning July 1st, 1908.

The other headings are self-explanatory.

This classification does not follow the classification used by the Com-

pany in keeping their accounts. Without an investigation of the Company's books the statement given above would be valueless for a comparison from year to year of the various expenses. For instance, under the head of "Operating" the statement shows an amount of \$425,986.17, which is made up entirely of salaries and wages, while rent, light and heat for operating is an unknown amount appearing in the total for rent, light and heat; also, postage, printing and stationery and incidental expenses for operating appear only in the total for miscellaneous. Again, the amount for rent, light and heat does not include all of the expenses under this heading, as in the amount given under "General" is included an amount for rent, light and heat.

However, the statement of the Company for the year 1908, showing the revenue and expenses, follows the same form as that presented to the Supervisors for the year 1907, which

statement was submitted on February 10th, 1908. For this reason the statement of revenue and expenses of the Company for the year 1908 was submitted in the form as filed in order that it might be readily compared with the statement submitted for the year 1907.

I have investigated the classification of accounts as used by the Company and, in general, have no criticism to make upon their methods. However, it would seem to me that the revenue and expense accounts respectively should contain all revenues and all expenses and not have, as is the present practice in the cases of directory and conduit, pole and roof rent, only the net expense appear as expense. This change would, of course, only affect the gross revenue and gross expenses, and not change the net revenue.

Following the classification used by the Company in keeping their accounts, the expenses for the year 1908 would be segregated as follows:

EXPENSES—	First 6 Mos.	Last 6 Mos.	Total
General	\$ 51,112.43	\$ 52,454.75	\$ 103,567.18
Operating	276,811.05	302,960.61	579,771.06

Total	\$ 798,206.67	\$ 805,345.39	\$ 1,603,552.06

The expenses as set forth in this statement are made up as follows:

GENERAL.

The amount charged to this account is a proportion of the total general expenses of the Company under the following subdivisions:

Salaries and Wages.

This account is charged with the salaries of the president, vice-president, general manager, secretary, treasurer, auditor, attorney, engineer, commercial, general and division superintendents; and other general officers and their office forces.

Rent, Light and Heat.

This account is charged with the rent, light, heat and care of the offices occupied by the president, vice-president, general manager, secretary, treasurer, auditor, attorney, engineer, commercial, general and division superintendents; and other general officers and their office forces. If building is owned by the Company, of

rent should be computed on portion used for officers and employees named.

Traveling.

This account is charged with the travelling expenses of all general officers and employees, while engaged upon the general business of the Company.

Posting, Printing and Stationery.

This account is charged with the cost of books, blanks, printing (except directories and advertising for new business), stationery and postage for the use of all departments of the Company, excepting that part charged to operating.

Legal.

This account is charged with the retainers and fees of attorneys, other than the regular salaried counsel of the Company, who are employed in cases of suit or for other legal service.

Incidental.

This account is charged with items of small amount pertaining to the

general offices which cannot otherwise be properly classified.

Uncollectible.

This account is charged with the uncollectible bills of the Company.

OPERATING.

Salaries and Wages.

This account is charged with the salaries and wages of the commercial managers, managers, recorders, cashiers, collectors, clerks and other exchange employees whose work is incident to this department, excepting those employees engaged upon advertising and canvassing and directory work.

This account is charged with the salaries and wages of the general superintendent of traffic, division superintendents of traffic, traffic engineer, supervisor of traffic, supervisor of telegraph, traffic agents, district traffic chiefs, traffic inspectors and office forces of traffic department officials.

This account is charged with the salaries and wages of chief operators, supervisors, monitors and operators who are attendant upon the exchange and toll switchboards of the Company in handling the traffic, matrons, pay station attendants and other exchange employees whose work is incidental to this department.

Rent, Light and Heat.

This account is charged with the rent, light, heat and care of space occupied by exchange managers and their employees, except the space occupied by the construction and maintenance force.

Postage, Printing and Stationery.

This account is charged with the expense of postage, printing and stationery chargeable to operation.

Directory.

This account is charged with the salaries of the superintendent of catalogue department and his office force, the rent, light, heat and care of offices occupied by same, and the cost of printing and distributing directories.

Advertising and Canvassing.

This account is charged with the salaries and travelling expenses of canvassers, except for private lines; rent, light, heat and care of space occupied by same; commissions paid for securing new subscribers, and all expenses of advertising for new business.

Incidental.

This account is charged with items of small amount pertaining to the exchanges, which cannot otherwise be classified.

MAINTENANCE.

This account is subdivided on the books of the Company under two general divisions. These divisions are maintenance-current repair and maintenance-reconstruction, and are defined as follows:

Maintenance—Current Repair.

Under this heading is included the cost of keeping the existing property in good working condition, including the replacement of those parts of the plant whose normal life does not exceed one year.

Maintenance—Reconstruction.

Under this heading is included the expense of replacing portions of the plant whose normal life is more than one year. Maintenance reconstruction expense is charged with the cost of the old property, including the cost of its removal, less the value of material therefrom used upon the new work or returned to the supply department. New construction is charged with the excess of the expenditure over the amount so charged to maintenance reconstruction, and to the supply department for material returned.

INSTRUMENT RENTAL.

This account is charged with rental on instruments used for exchange and toll purposes.

CONDUIT, POLE AND ROOF RENT.

This account is charged with the amounts paid for rental of underground conduits, attachments to poles of other companies, or for roof privileges.

REAL ESTATE.

This account is charged with all expense for care of real estate and buildings owned by the Company, including the cost of heating, lighting, water and elevator service, and repairs.

A separate and complete set of books has been kept by the Company, beginning July 1st, 1908, to cover the accounts separately for San Francisco. The result has been that the work of segregation of accounts and the determination of the different items of expense has been the more readily and accurately accomplished.

In conclusion, I wish to formally acknowledge the many courtesies extended to me by the officials of the Company, with whom I have worked in connection with the securing and compiling the data required in connection with the preparation of this report. Without exception they have afforded me every facility and have freely given me all information, whether detail or general, for which I have made requests.

Respectfully submitted,
C. L. CORY.

DUAL SALOON AND RESTAURANT LICENSE UNWARRANTED BY TERMS OF LIQUOR DEALERS' LICENSE.

The following communication was received, read and ordered referred to the Finance Committee:

Mayor's Office, City and County of San Francisco.

San Francisco, February 15, 1909.

Thomas Jennings, Esq., Daniel C. Murphy, Esq., Allan Pollok, Esq., constituting the Finance Committee of the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

In regard to the claim of Stephen Dabovich, now pending before you for the refund to him of the sum of \$125 alleged to have been paid as a duplicate liquor license which you have submitted to me for my opinion, I beg to say that while it is no part of my duty as Mayor to advise you or the Board of Supervisors in matters of law, yet it will ever give me pleasure to be of service to you in any possible way. I have therefore examined into this matter carefully, having had before me the attorney representing Mr. Dabovich and the president of the Board of Police Commissioners.

At the outset I may say that, even conceding the illegality of the enforcement of two licenses against Mr. Dabovich, yet that would not authorize, under the facts and circumstances of this case, the refund claimed by him; and this for the obvious reason that the extra license was paid without any threat or duress on the part of the Police Commissioners and without protest of any kind at the time of the payment; it was therefore what we know in law as a voluntary payment, and being such Mr. Dabovich has no legal claim for the repayment to him. Still, as the matter is of some importance to the revenues of the City and is important likewise to the Police Commissioners, whose one wish is the proper discharge of the duties of their office, and who would only too willingly be set straight if they have mistakenly imposed a charge unauthorized by law, I have examined the matter quite carefully, and have reached the conclusion that in cases such as that of Mr. Dabovich, one license alone can be imposed. Section 1 of the Ordinance, which was approved on the 10th of December last, reads as follows:

"Every person, firm or corporation who sells or at any fixed place of business in the City and County of San Francisco, gives away or serves any spirituous, malt or fermented liquors or wines of any admixture thereof in quantities of less than one quart; and every person, firm or corporation who sells, or at any fixed place of business in said City or County, gives away or serves any spirituous, malt or fermented liquors or wines or any admixture thereof in any quantity to be drunk upon the premises were sold, given or served, shall pay a license of Five hundred (\$500) Dollars per annum, payable in quarterly installments of One Hundred and Twenty-five (\$125) dollars; said installment to date from the time the permit provided for in this Ordinance is issued."

There is no Ordinance imposing a license upon those who keep eating houses, and if any such has been compelled to pay a license it is solely because he has brought himself within Section 1 by selling or serving "spirituous, malt or fermented liquors or wines" at meals. If, therefore, a proprietor, as in the case of Mr. Dabovich, carries on his eating house in conjunction with his liquor saloon, both of them being on the same premises, he can only be legally compelled to pay one license—a liquor seller's license. It can make no difference whether the liquor is sold over the bar, or dispensed at a table *without* food upon it, or at a table *with* food upon it; what the proprietor pays for is the privilege of

dispensing liquors on certain designated premises. Restaurants, as such, are not within the jurisdiction of the Police Commissioners so far as permitting or not permitting them to be carried on. It is the selling or giving away or serving of liquor with which the Police Commissioners have to do; and whether that liquor be served with meals or without, it is that and that alone with which they are officially concerned. So far as Mr. Dabovich is concerned, it appeared at the hearing before me that the liquor served to those taking meals was liquor procured at the bar and served on the same premises with the bar. It must be remembered that no tax or import of any kind can be compelled against a citizen short of express warrant of law. If there be any ambiguity in the law which the right is claimed to levy a tax or impose a burden, that doubt must always be resolved in favor of the citizen. All this is so well expressed by Mr. Justice Harrison in the case of *Mered County vs. Helm*, 102 Cal., at page 165, that I beg to quote his language:

"Any attempt on the part of the State, or the County as one of the subdivisions of the State, to take the property of an individual for public purposes by way of taxation, must find an express statutory warrant, and all laws having this object are to be construed strictly in favor of the individual as against the State. Whether his property is to be taken by seizure or by suit, the rule is the same. In the one case the officer must show his warrant for the seizure, and in the other the plaintiff must establish every fact essential to the maintenance of his right of recovery. In either case the proceeding is *in invitum*, and no presumption is to be indulged in favor of the right to take property, or of any intention that is not distinctly expressed in the statute under which it is sought to be taken. (Sutherland on Statutory Construction, sec. 363; *Monterey County v. Abbott*, 77 Cal. 541; *Camden v. Allen*, 26 N. J. L. 398; *Sewall v. Jones*, 9 Pick. 412.) A tax can never be extended by construction to things not named or described in the statute as the subject of taxation. It was said by Lord Cairns in *Partington v. Attorney-General*, Law Rep. 4 H. L. 122: 'The principle of all fiscal legislation is that, if the person sought to be taxed comes within the letter of the law, he must be taxed, however great the hardship may appear to the judicial mind to be. On the other hand, if the Crown, seeking to recover the tax, cannot bring the subject within the letter of the law, the subject is free, however apparently within the spirit of the law the case might otherwise appear to be. In other words, if there

be admissible in any statute what is called an equitable construction, certainly such a construction is not admissible in a taxing statute, where you can simply adhere to the words of the statute."

It is clear, from the above, that express warrant must be found in the Ordinance before one situated like Mr. Dabovich can be called upon to pay two licenses. Search as one may, however, no such express warrant can be found. I am therefore of the opinion that no license for selling liquor at meals should have been exacted from Mr. Dabovich; still, for the reason given in the beginning of this opinion, Mr. Dabovich has no legal claim for the money voluntarily paid by him for the additional license.

I enclose herewith the various papers sent to me by you in the Dabovich case.

Cordially yours,

(Signed) EDWARD R. TAYLOR,

Mayor.

ACQUISITION OF CITY LANDS.

Communication from City Attorney Advising that Land of Daniel Hart on Vermont Street, Near Twenty-third Street,

Has Been Acquired for Hospital Purposes.

The following communication was received, read, ordered published at length in the Journal and placed on file:

February 10, 1909.

John E. Behan, Esq., Clerk, Board of Supervisors.

Dear Sir:

You are respectfully advised that that certain lot owned by Daniel W. Hart and situated on the westerly line of Vermont street two hundred (200) feet northerly from 23rd street running thence northerly along said westerly line of Vermont street thirty-three (33) feet four (4) inches by one hundred (100) feet westerly in depth has been acquired in accordance with the provisions of Resolution No. 2893 New Series. The taxes for the entire fiscal year were paid by Mr. Hart and a McEnerney title has been obtained on the property by him.

Your attention is also directed to the fact that there are two tenants occupying said premises, a Mr. Story occupying the flat known as No. 1146 Vermont street and a Mr. Whiteside occupying the flat known as No. 1144 Vermont street, each of whom pays a monthly rental of \$16.50. The rent of Mr. Story falls due on the 11th of the month and that of Mr. Whiteside on the 20th of the month. Mr. Hart has collected the rents up to the respective dates and paid the water rate for the calendar month.

Very truly yours,

PERCY V. LONG,

City Attorney.

Communication from City Attorney Advising that Purchase of Land of Ferdinand Siefke, Required as Site for Commercial High School, Has Been Consummated.

The following communication was received, read, ordered published at large in the journal and placed on file:

February 11, 1909.

John E. Behan, Esq., Clerk, Board of Supervisors.

Dear Sir:

I beg to inform you that yesterday the sale of the land of Ferdinand Siefke on the northerly line of Grove street, adjacent to the Commercial High School property, was consummated. The price paid for the land did not include the improvements and I understand there is a one-story frame structure on the property which Mr. Siefke, or his tenant who erected the same under lease, will have removed.

Very truly yours,

PERCY V. LONG,

City Attorney.

REPORTS OF COMMITTEES.

Public Utilities Committee, on Bond Sale matters—By Supervisor Murphy, Acting Chairman.

Streets, Sewers and Parks Committee—By Supervisor Center, Chairman.

UNFINISHED BUSINESS.

The following Resolution, heretofore passed for printing, was taken up on final passage:

Blasting Permit.

Resolution No. — (New Series), as follows:

Resolved, that Chas. S. Harney be and is hereby granted permission, revocable at will of the Board of Supervisors, to blast in premises situate in block bounded by Twenty-third, Castro, Diamond and Alvarado streets, for grading and excavating purposes only, and not for quarrying, and to be for a period not to exceed sixty days during the fulfillment of his contract for grading and excavating said premises; provided that the said Chas. S. Harney shall execute and file a good and sufficient bond in the sum of \$50,000, as fixed by the Board of Public Works and approved by His Honor the Mayor, in accordance with Ordinance No. 1204; provided, also, that no blasting shall take place except between the hours of 6 to 9 o'clock a. m. and 4 to 6 o'clock p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of the Resolution be violated by the said Chas. S. Harney then the privilege and all rights accruing thereunder shall immediately become null and void.

Motion.

Supervisor Broderick moved that the privilege of the floor be granted to interested persons.

So ordered.

Privilege of the Floor.

Whereupon, A. J. Skuife, represent-

ing property owners, addressed the Board, stating that the location in which the blasting was to be done was a thickly populated residence district, and that the proposed blasting would be a menace to life and property.

A. Jacobi, representing C. S. Harney, contractor, stated that only about ten blasts would be required to loosen the rock and that a canvas cover would be provided for the purpose of catching flying rock, thereby affording ample protection to life and property.

S. Peterson stated the rock was so soft that it was being continually broken and hauled away by the neighbors, and that blasting was only resorted to for the purpose of saving a few hundred dollars to the contractor.

H. Shaffner stated that the block could be graded without blasting, which would be a serious menace to life and property.

Mr. Donnelly addressed the Board, favoring the granting of the permit.

H. Bailey, property owner, addressed the Board, opposing the passage of the Resolution.

Resolution Refused Passage.

Whereupon, the question being taken, the above Resolution was *refused final passage* by the following vote:

Ayes—Supervisors Connolly, Jennings, Johnston, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—9.

Noes—Supervisors Bancroft, Booth, Broderick, Comte, D'Ancona, Hocks, McAllister—7.

Absent—Supervisors Center, Gianini—2.

On motion of Supervisor Payot:

Resolution No. 3330 (New Series), as follows:

Whereas, by Resolution No. 2849 (New Series), approved November 5, 1908, the City Attorney was authorized and directed to enter into negotiations with the Sanitary Reduction Works, a corporation, to purchase and acquire for the City and County of San Francisco all properties, franchise, rights and privileges accrued and accruing under and pursuant to Order No. 2965 of the Board of Supervisors, adopted February 17, 1896, the result of said negotiations to be the basis of the acceptance by the Board of Supervisors of the offer of the stockholders of the Sanitary Reduction Works, a corporation, filed October 21, 1908, to accept the sum of \$400,000.00 for the sale to the City and County of San Francisco of the plants and franchise of said corporation; and the City Attorney was further authorized and instructed to examine the titles to the properties of the Sanitary Reduction Works, a corporation, and of subsidiary corporations, and if the same were found to be vested in said corporation and assigns, then to submit to the Board of Supervisors a form of agreement by which the franchise and properties of said corporation and assigns may be transferred to the City and County of San Francisco; and

Whereas, the City Attorney filed with the Board of Supervisors on the 8th day of February, 1909, an agreement in words and figures as follows, to wit:

This agreement, made and entered into this day of 1909, by and between the Sanitary Reduction Works of San Francisco, incorporated, a corporation duly incorporated, created and existing under the laws of the State of Nevada, and the Standard Manufacturing and Supply Company, a corporation duly organized, created and existing under the laws of the State of California, the parties of the first part, and the City and County of San Francisco, a municipal corporation, of the State of California, the party of the second part, witnesseth:

That Whereas, on the 17th day of February, 1896, the Board of Supervisors of the City and County of San Francisco, State of California, duly and regularly passed, adopted and enacted a certain order known as Order No. 2965, to which said Order reference is hereby made; and

Whereas, on the 1st day of November, 1897, the said Board of Supervisors of the said City and County of San Francisco duly and regularly passed, adopted and enacted a certain order or ordinance known as Order No. 12 (2nd Series), to which said order reference is hereby made; and

Whereas, heretofore the parties of the first part acquired from F. E. Sharon and his associates, all the rights granted to said F. E. Sharon and his associates under and by virtue of said Order No. 2965 and said Order No. 12 (2nd Series) and the said F. E. Sharon and his associates and successors granted to the said parties of the first part all the rights held, possessed and granted to him and his associates under and by virtue of said Order No. 2965 and said Order No. 12 (2nd Series); and

Whereas, the said parties of the first part are now the owners and possessors of the said rights granted to the said F. E. Sharon and his successors, assigns and associates under and by virtue of said Order No. 2965 and said Order No. 12 (2nd Series); and

Whereas, at an election duly held in said City and County of San Francisco, on the 11th day of May, 1908, it was duly voted and decided by the people of the City and County of San Francisco, in due form and in accordance with law, that bonds to the amount of One Million (1,000,000) Dollars should be issued and sold for the purpose of acquiring the present Garbage Plant of the Sanitary Reduction Works of San Francisco, and the right and property of the Standard Manufacturing and Supply Company hereinafter agreed to be sold and for the purpose of erecting and constructing other plants; and

Whereas, it is desired by the people of the City and County of San Francisco that all of the rights of the said Sanitary Reduction Works of San Francisco, and said Standard Manufacturing and Supply Company, parties of the first part, in and under said "Order No. 2965" and said "Order No. 12 (2nd Series)" should be acquired by the City and County of San Francisco, with a view of having all the work mentioned and referred to in said orders performed by the City and County of San Francisco; and

Whereas, on the 26th day of October, 1908, a resolution was duly adopted by the Board of Supervisors of the City and County of San Francisco authorizing and directing the City Attorney to

enter into negotiations with the said Sanitary Reduction Works of San Francisco and the said Standard Manufacturing and Supply Company, parties of the first part, to purchase and acquire for the City and County of San Francisco all properties, franchises, rights and privileges held, accrued or accruing to the parties of the first part under and pursuant to said Order No. 2965 and said Order No. 12 (2nd Series) and the real property hereinafter described for the sum of Four Hundred Thousand (\$400,000) Dollars; and

Whereas, after negotiations said Sanitary Reduction Works of San Francisco and said Standard Manufacturing and Supply Company consented to sell to said City and County of San Francisco their said property and franchise and the property hereinafter described for the sum of Four Hundred Thousand (400,000) Dollars; and

Whereas, by resolution duly and regularly approved by the Board of Supervisors of the City and County of San Francisco on the day of 1909, the said offer of the said Sanitary Reduction Works of San Francisco and the said Standard Manufacturing and Supply Company was accepted by the said Board of Supervisors and the Mayor of said City and County of San Francisco was authorized and instructed to execute this agreement;

Now, therefore, the said parties of the first part, for and in consideration of the sum of Four Hundred Thousand (\$400,000) Dollars to be paid as hereinafter provided, do hereby agree to sell, grant and convey to the said party of the second part, and the party of the second part hereby agrees to purchase from the parties of the first part all the rights and privileges of the parties of the first part in and to said Order No. 2965 and said Order No. 12 (2nd Series) and all the rights, franchises and privileges held by or accrued or accruing to the said parties of the first part under and pursuant to said Order No. 2965 and said Order No. 12 (2nd Series) and also all that certain lot, piece or parcel of land, situate, lying and being in the City and County of San Francisco, State of California, bounded and described as follows, to wit:

Commencing at the point of intersection of the northerly line of 15th street with the easterly line of Rhode Island street; running thence easterly and along said northerly line of 15th street two hundred (200) feet to the westerly line of De Haro street; thence at right angles northerly and along said line of De Haro street three hundred and forty-six (346) feet, nine (9) inches to the southwesterly line of Eighth street; thence northwesterly and along said line of Eighth street seventy (70) feet, one-half ($\frac{1}{2}$) of an inch to the

southerly line of Alameda street; thence westerly and along said line of Alameda street one hundred and fifty-four (154) feet, six (6) inches to said line of Rhode Island street, and thence southerly and along said line of Rhode Island street four hundred (400) feet to the northerly line of 15th street and the point of commencement.

Being entire Potrero Nuevo Block No. 167.

Together with the plant, works and all the appurtenances on said land, owned and used by the Sanitary Reduction Works of San Francisco, incorporated, together with all tools, appliances, machinery and personal property now used by the parties of the first part in conducting and operating this said plant and works, and the said Sanitary Reduction Works of San Francisco hereby covenants and agrees that it has a good title to all of the said property above described, free and clear of all liens and incumbrances, and the parties of the first part agree to sign and acknowledge, upon the execution of this agreement, a grant, bargain and sale deed conveying to the said party of the second part the absolute title and fee to all of said property hereinabove described and also a deed of quit-claim, without any warranties, to all of said Potrero Nuevo Block No. 167, which said deeds it is agreed shall be deposited in escrow with

to be held in escrow until the full amount of the purchase price is paid by the said party of the second part:

It is understood that neither the foundry plant nor the foundry business owned and conducted by the said Standard Manufacturing and Supply Company, nor the tools or appliances nor the stock of merchandise used in conducting said foundry business are sold or to be sold, but the same are reserved by said Standard Manufacturing and Supply Company and are not to be included in the transfer hereby agreed to be made, but said foundry plant and foundry business so reserved shall be removed from the land above described by said Standard Manufacturing and Supply Company at any time after title is acquired to said land by the party of the second part; that the party of the second part may require the same to be removed by giving ninety days' notice in writing that they desire to have the same removed.

And the said parties of the first part for and in consideration of the premises do hereby further agree to sell and convey to the said party of the second part all that certain lot, piece or parcel of land situate, lying and being in the City and County of San Francisco, State of California, and more particularly described as follows, to wit:

Commencing at a point on the north-easterly line of 5th avenue South, dis-

tant thereon four hundred and thirty (430) feet nine (9) inches northwesterly from the northwesterly line of M street South, which point is also the point of intersection of the line dividing the O'Neil and Haley Tract and the lands formerly of the Central Park Homestead Association, with the said northeasterly line of 5th avenue South; running thence north 54° 15' east along said dividing line two hundred and ten (210) feet eight (8) inches more or less to the southwesterly line of 4th avenue South; thence northwesterly along said southwesterly line of 4th avenue South two hundred and thirty-five (235) feet five (5) inches more or less to the southeasterly line of N street South; thence at a right angle southwesterly and along said southeasterly line of N street South two hundred (200) feet to the northeasterly line of 5th avenue South; and thence at a right angle southeasterly and along said northeasterly line of 5th avenue South one hundred and sixty-nine (169) feet three (3) inches more or less to the point of commencement.

Being a portion of Tide Lands Block No. 82.

Together with all the works, appliances, machinery, improvements, paraphernalia and appurtenances now on said real property and held and used by the said parties of the first part:

It is understood and agreed, however, that the said parties of the first part only agree to sell and convey unto the said party of the second part such title as the parties of the first part now have in and to said real property secondly hereinabove described, and the said parties of the first part hereby agree to sign and acknowledge upon execution of this agreement a grant, bargain and sale deed without warranty or warranties, however, conveying to the said party of the second part all the right, title and interest that the said parties of the first part now have in and to the real property secondly hereinabove described, which said deed it is agreed shall be deposited in escrow with the to be held in escrow with the deeds to the property firstly hereinabove described until the full amount of the purchase price is paid by the said party of the second part as herein agreed.

Upon the execution of this agreement and the recording of the same in the Recorder's office of the said City and County of San Francisco, and upon the deposit in escrow of the aforesaid deeds conveying and transferring the aforesaid properties, franchises and rights of the parties of the first part, then, and thereupon, the party of the second part shall pay to the said Sanitary Reduction Works of San Francisco, Incorporated, the sum of three hundred and fifty thousand (350,000) dollars in United States gold coin. The balance

of said purchase price, to wit, the said sum of fifty thousand (50,000) dollars shall be paid by the party of the second part to the said Sanitary Reduction Works of San Francisco, Incorporated, or order, at any time within two (2) years next succeeding the date of the execution of this agreement; provided, however, that nothing herein contained shall be construed as obliging the party of the second part to make said final payment of fifty thousand (50,000) dollars unless and until complete delivery of possession of said Potrero Nuevo Block No. 167, and the works thereon of the parties of the first part, and also delivery of said deeds and conveyances so deposited in escrow, shall have been made to the party of the second part; and said balance of said purchase price shall be paid on delivery of said deed and when said possession of said Potrero Nuevo Block No. 167 is surrendered to the party of the second part; and the said balance of said purchase price shall (anything herein to the contrary notwithstanding) be due and payable two years after the execution hereof:

It is understood and agreed that the title to all of the said property and franchises which are the subject of this agreement shall remain vested in the parties of the first part, as the same now is, until the full amount of the purchase price thereof shall have been paid; and until possession is delivered as above set forth the parties of the first part covenant and agree to operate said plant as required by said Order No. 2965, and during said time to keep said property, works, machinery, appliances and appurtenances herein agreed to be sold to the party of the second part in as good repair as the same now are, ordinary wear and tear and damage by the elements excepted, and, upon payment of the balance of the purchase price as herein provided, to deliver the same to the party of the second part free and clear of all liens and incumbrances of every sort arising or attaching thereto subsequent to the date of this agreement, and all taxes for the then fiscal year are to be divided pro rata:

It is further understood and agreed that from the date of this agreement and until delivery of possession as above set forth, the said Sanitary Reduction Works of San Francisco, Incorporated, shall, and hereby agrees to, allow and pay annually to the said City and County of San Francisco the two (2) per cent of the gross receipts required to be paid by the parties of the first part to said City and County under said Order No. 2965, and also an additional sum which, when added to said two (2) per cent of the gross receipts, will produce an aggregate amount equivalent to seventeen thousand and five hundred (17,500) dollars an-

nually; that is to say, the said Sanitary Reduction Works of San Francisco, Incorporated, shall pay to the said City and County of San Francisco, during the period of time last aforesaid, interest on said three hundred and fifty thousand (350,000) dollars at the rate of five (5) per cent per annum, payable annually, and, in order to make up the full amount of said interest, the said Sanitary Reduction Works of San Francisco, Incorporated, may include therein as part of the said two (2) per cent of gross receipts required to be paid by said Order No. 2965; and for all portions of time less than one year, interest shall be computed thereon at the rate of five per cent per annum from the date when said interest began to run thereon under this agreement, and shall be payable to the party of the second part, said City and County of San Francisco, at the same time as said balance of said purchase price shall be paid by said City and County of San Francisco. Interest other than said two (2) per cent of the gross receipts shall cease when the said party of the second part shall commence to operate any new works to which there shall be diverted an amount of material mentioned in said Order No. 2965 in excess of one hundred (100) tons per day.

It is understood that no personal or stockholder's liability is to be considered as created by this agreement, but that if the parties of the first part shall fail to carry out this agreement as herein specified, then recourse shall be had only to said fifty thousand (50,000) dollars, balance of said purchase price, which is retained by the party of the second part, and no liability beyond that amount is hereby created.

It is understood and agreed that the party of the second part does not waive any claim or right to the two (2) per cent of the gross receipts derived by the parties of the first part under said Order No. 2965, and required by said Order No. 2965, to be paid annually by the parties of the first part. If at the time of the execution of this agreement less than one year has elapsed between the date thereof and the date when the last prior payment of said two (2) per cent became due, then the parties of the first part agree to compute and pay to the party of the second part, at the date of the execution of this agreement two (2) per cent of the said gross receipts earned during the period of time that has so elapsed.

In witness whereof, the said parties of the first part have by their officers (they being duly authorized so to do) written the names of the said parties of the first part and affixed the seals of the said parties of the first part; and the said party of the second part, by and through the Mayor of the said party of the second part, and the Clerk

of the Board of Supervisors of the said party of the second part (they having been duly authorized so to do) have written the name of the said party of the second part and affixed the seal of the said party of the second part.

Appropriation of fifty thousand dollars (\$50,000) will be asked for at next meeting of Board of Supervisors, to cover contract for excavation and foundation work. Bids in about March 10th, 1909. Appropriation of approximately one hundred and fifty thousand dollars (\$150,000) will be required for steel frame. Bids in about March 15th, 1909. Between this latter date and the 1st of May, additional contracts will be let to the amount of about \$500,000.00.

Hospital.

This Department expects to have bids in for excavation and foundation work by March 25th, 1909. Appropriation required, one hundred and twenty-five thousand (\$125,000) dollars. Bids are expected to be in for steel work by April 14th, 1909. Appropriation required, two hundred and seventy-five thousand (\$275,000) dollars.

It may be safely stated that, as a general rule, the contracts for all of the above work will be presented to the Auditor for certification about two weeks following the dates when the bids are presented.

Yours truly,

NEWTON J. THARP,

City Architect.

Communication From N. W. Halsey & Company, Requesting Delivery of \$400,000 Worth of Garbage Bonds.

424 California street.

San Francisco, February 23, 1909.

Finance Committee of the City and County of San Francisco, San Francisco, California.

Gentlemen:—

Having disposed of about \$1,000,000 par value of the \$5,400,000 City and County of San Francisco 5% bonds, purchased by us at the recent sale, we would appreciate an immediate delivery of as large an amount of these bonds as possible. We are particularly desirous of obtaining \$400,000 par value of the garbage bonds, shortest maturities, on or before the 26th inst. and in order to preclude any possibility of a loss in interest to the City, would be pleased to accept delivery of these bonds as of March 10,—that is, we would pay you accrued interest up to and including that date. We would also be willing to accept delayed deliveries of an equal amount of bonds during any of the five succeeding months for a period of twenty days.

We believe that this offer of ours means a considerable saving in interest to the city, as we understand that the future deliveries of \$1,000,000 bonds per month will cause an accumulation of funds in the city treasury in advance of the time when the money is actually needed.

We wish at this time to express our desire and willingness to co-operate

with the city regarding these matters in every way possible and wish to assure you that granting our request at this time will be fully appreciated and will be of great assistance to us in carrying out our arrangements for the disposal of these bonds.

With your co-operation, we are confident that these bonds will sell at such prices as will insure a much larger premium at the next public sale.

Trusting that this matter will receive your careful consideration, we beg to remain

Yours very truly

N. W. HALSEY & CO.

PROGRAM OF COMPETITION FOR SELECTION OF ARCHITECT TO PREPARE PLAN FOR CITY HALL.

The following communication was received, read and ordered referred to the Public Buildings Committee:

Office of the Board of Public Works.

San Francisco, February 19, 1909.

To the Honorable The Board of Supervisors, of the City and County of San Francisco.

Gentleman:—In accordance with the provisions of Resolution No. 2825 (New Series), of the Board of Supervisors, approved October 22, 1908, there is herewith respectfully transmitted to your Honorable Body, copy of a program of a competition for the selection of an Architect to prepare plans and specifications for a City Hall.

As this program calls for an expenditure of \$15,000.00 for its proper carrying out, the Board of Public Works by Resolution No. 7336 (New Series), passed February 19, 1909, respectfully recommends to your Honorable Body that the said amount of \$15,000.00, be made available for this purpose.

Respectfully,

BOARD OF PUBLIC WORKS,

By Robt. J. Loughery, Secretary.

Program of a competition for the selection of an Architect to prepare plans and specifications for a City Hall, for the City and County of San Francisco, California.

COMMITTEE OF AWARD.

Edward R. Taylor,

Mayor of San Francisco.

..... Architect.

..... Architect.

..... Architect.

..... City Architect.

THE PROJECT.

1. The City Hall of the City and County of San Francisco having been ruined by earthquake and fire during April, 1906, the Board of Supervisors have ordered the razing of the ruins

preparatory to the building of a new structure to house the various Municipal Departments on the triangular site occupied by the old one bounded by McAllister and Larkin streets and City Hall avenue.

2. The Board of Supervisors have requested the Board of Public Works to prepare the program for a competition for the selection of an architect to prepare plans and specifications for said building in accordance with the provisions of Section 5, of Ordinance 291 (New Series), of the Board of Supervisors, a copy of which is herewith included.

THE PROGRAM.

3. The Board of Public Works being desirous of obtaining a certain and satisfactory result to said competition, architects, or firm of architects, of established reputation, not exceeding ten, will be specially invited by the Board of Public Works, to submit plans for this new building, and each of those accepting the special invitation will be paid the sum of one thousand (1000) dollars to cover the expense of the plans.

4. A general invitation is hereby extended to all architects of the United States to enter said competition and to submit plans for the said building. The plans thus submitted in response to this general invitation will stand upon the same footing with the plans submitted by those specially invited. The names of those proposing to compete must be registered with the Bureau of Architecture, Board of Public Works, Seventh and Market streets, San Francisco, Cal., on or before the 1909.

To the designer of the plan which is deemed to be first in merit among those submitted by competitors not specially invited, but responding to this general invitation, and excluding any plan which may be accepted for construction of the building, the sum of two thousand, five hundred (2500) dollars will be paid; to the second in merit thereof, one thousand, five hundred (1500) dollars; and to the third, one thousand (1000) dollars.

It will be observed that both classes of competitors, those specially invited and those generally invited, have an equal chance to be selected to prepare the plans and specifications for the building, and that only those who are specially invited have the certainty of the payment of one thousand (1000) dollars to cover the expense of plans, while only those who respond to the general invitation without being specially invited have a chance for the three prizes.

5. All the plans submitted under the foregoing invitations and com-

petition will be passed upon by the Committee of Award, and the Architect submitting the accepted plan will be appointed by the Board of Public Works as the Architect for the building, in accordance with the provisions of Article VII, of this program.

6. The successful Architect must be ready to revise his drawings in accordance with any recommendations made by the Committee of Award, and he will be required to furnish general working drawings and specifications complete, with details necessary to the letting of contracts, to the Board of Public Works within six months from the date the award is made. If the Architect selected should be from those in the open class and should not, in the judgment of the Committee of Award, or the Board of Public Works be capable of furnishing the proper working drawings and specifications on account of lack of experience or means, the Committee of Award and the Board of Public Works reserves the right to require him to associate himself with some other acceptable Architect, or firm, of wider experience.

7. It is understood: that the Architect, or firm of Architects, whose design shall be placed first, will be awarded the commission for the preparation of the complete plans and specifications for the construction of the building, and will be paid therefor a sum equal to four and one-half ($4\frac{1}{2}$) per cent on the total cost of the building ready for occupancy, with the exception of decoration, mural painting, and movable furniture; that all contracts will be let by the Board of Public Works and that the local superintendence and general administration of the erection of the building will be carried on by the City Architect of the Board of Public Works; such superintendence to be directed in complete harmony with the desires of the successful Architect in order that the merits of his design may be realized to the utmost; that payments will be made to the Architect on account as his work progresses in accordance with the revised schedule of the American Institute of Architects, 1908, (or certain sum when awarded sketch plans are approved; sum when general working drawings and specifications are delivered and approved; sum when all full size details are delivered, balance if any when building is completed).

8. No claim shall be made by a competitor for any fee, percentage or payment whatever, or for any expense incident to or growing out of his participation, other than is expressly provided for in the terms mentioned herein; and, a competitor will forfeit all privileges under the

regulations who shall violate any of the conditions governing this competition, or who shall seek in any way directly or indirectly to gain advantage by influencing in his favor any of those in control of this competition.

9. The right is expressly reserved to reject any and all designs and to re-open the competition, if, in the opinion of the Committee of Award, the plans submitted are not suitable in all respects, as to design, cost, materials offered, or if any revision recommended shall fail to make the design acceptable.

The Committee of Award will place out of competition any set of drawings in which the conditions of these regulations have not been observed, and examine those remaining. No member of the Committee above mentioned shall have any interest whatever, directly or indirectly, in the designs submitted in this competition, or any business association with or employment by any of the competitors.

10. All designs must be delivered to the Bureau of Architecture, Board of Public Works, Seventh and Market streets, San Francisco, Cal., on or before 2 P. M., 1909. Each set thereof, with its accompanying description, must be securely wrapped, sealed, and addressed in typewriting to "The City Architect, Bureau of Architecture, Board of Public Works, Seventh and Market streets, San Francisco, Cal.," with the words, "New City Hall Competition" on one corner of the cover.

11. Each design submitted must be plainly marked with the name of the building under competition, thus: "New City Hall, San Francisco, Cal.," and without any distinguishing mark or device whatever which might disclose or suggest the identity of the competitor. There must be enclosed with each set of drawings a plain white opaque envelope, within which the competitor will place a card or piece of paper bearing his name and address. The envelope must be securely sealed with a plain wax seal, having no impression, legend, device, or mark upon it which might disclose or suggest the identity of the competitor.

12. Immediately after the hour of 2 P. M., the Committee of Award will open the packages containing the drawings and will place corresponding numbers respectively upon the envelope containing the names and addresses of the competitors, and upon each drawing and specification submitted by them; and will preserve unopened the envelopes containing such names and addresses until the final selection shall have been made.

Thereupon, all designs of other competitors will be returned to them and no use made of any part thereof, that may be original without the consent of the author and without compensation therefor. None of the unselected drawings will be exhibited to the public, nor to any competitor, without the written consent of the maker.

13. All designs must be on Whatman's paper, hot pressed antiquarian, trimmed to in size with a four-inch border around. Each design submitted shall consist of the following drawings only (no alternate design will be considered), enclosed and sealed in a portfolio or between stiff cardboard:

A. Rendered elevation of the McAlister street presentation, scale..... to one foot.

B. Rendered elevation of Larkin street presentation, scale to one foot.

C. Rendered elevation of City Hall avenue presentation, scale to one foot.

D. Rendered elevation of easterly presentation and other special features, scale to one foot.

E. Plan of each floor including basement scale to one foot.

F. Block section through building or buildings, showing heights of stories and proportions of principal rooms, scale to one foot.

14. A description, not exceeding two thousand words in length, typewritten on plain paper, calling attention to any special points of the design. materials to be used, including heating, lighting, ventilating, plumbing, finish of the building, and other features not clearly set forth in the drawings, must accompany the plans.

Perspective sketches must not be included, unless expressly ordered by the Committee of Award in order to reach a final decision. All drawings, except rendered elevations, must be in line only, in India ink, the plans and sections blacked in; no objection will be made to a slight wash or tint over the halls, corridors, stairways, etc., in order to show them more clearly; the ceilings may be indicated simply in a light gray line, but there shall be no indication of tiling, mosaic or other floor embellishments, furniture, like desks, and their location to lights and doors may be indicated, but only in gray line without tints. The elevations shall be rendered in monochrome only with India ink slightly "warmed" with sepia or similar color if desired. The shadows shall be cast from the left side and above at an angle of forty-five degrees.

The names and dimensions of rooms

shall be lettered on each drawing in black or gray line India ink; no script or fancy lettering shall be used. One outstanding figure six feet high may be shown on the elevations to give the scale, but no other accessories shall be exhibited.

15. In case any one of the competitors should wish additional information other than that given in this program, an inquiry must be addressed to the City Architect, who will formulate a reply and send the same to all of the competitors. Provided, however, that no inquiry will be answered after 1909.

THE PROBLEM.

16. The cost of the building when constructed must not exceed, in its entirety, three million, seven hundred and fifty thousand (3,750,000) dollars, including Architect's fees, approaches, plumbing, gas piping, electric conduits and wiring, lighting, fixtures, heating and ventilating apparatus, fixed counters, platforms and railings, steel book stacks in law library, and other special fixtures necessary to complete the building for occupancy and use, excepting mural decorations and movable furniture.

17. From the areas given below in the list of requirements, it is estimated that this building can be properly designed with a volume of not over six million (6,000,000) cubic feet. This will allow ample room for halls, corridors, staircases, tower or other special features, which, at an estimated cost of sixty (60) cents per cubic foot, will leave one hundred and fifty thousand (150,000) dollars for approaches, statuary or other embellishments.

Any excess of the above stated volume will be viewed with disfavor and will operate, in proportion to the amount of such excess, to exclude a design from consideration. Also, the comparative expense of construction and ornamentation and any special features will be considered in this connection in the determination of relative merit among the designs, for the Committee of Award and the Board of Public Works will not incur the risk of an expenditure by the city beyond that stated in Section (XVI) above.

For the guidance of competitors who may live outside of this state and may not be familiar with local conditions, a short list giving approximate prices of the principal materials of construction will be found in the appendix.

18. The cubic feet volume of the designs will be determined by measurements on the plane of the ground story within the outer face line of all outside walls, from the mean of basement floor levels to the mean of the roofs, including every part that appreciably adds to the bulk of the building.

19. The building shall be of a steel frame, thoroughly fire proof construction. All exterior frames, sash and doors must be of metal, and any undue use of woodwork on the interior, even for appearances, will be looked upon with disfavor. The building must conform in every respect with the local building laws for this class of construction.

It is suggested that the basement or first story of the exterior be of a light California granite, of which many excellent qualities exist in this state, and that all the exterior wall surfaces above be of a light warm-colored sandstone or limestone from the quarries of Wyoming, Utah, or Indiana, provided a stone of suitable color or texture cannot be found in California.

20. A plat of the site with surrounding streets and governing conditions will be found in the appendix. The soil for the foundations is of a good character and no trouble need be feared on that point. It will be noticed on the plat that the projected axes of Eighth street and Fulton street, coincide at a favorable point on the lot, and that this point is nearly coincident with the projection of the center line of the city blocks, between Larkin and Hyde streets. While it is intended that each competitor shall have every latitude desired for the conception of his scheme, yet it is suggested that the principal front be towards Marshall square and City Hall avenue, and that any special feature such as a dome or tower be reared with its central point over the point of intersection of the projected axes of Eighth and Fulton streets. This latter will be quite essential to make the building harmonious with the organic plan of the city as a whole.

21. Broadly speaking, the scheme may be considered in two ways (First), as a group of congerie of buildings of moderate height, say five stories, arranged upon the lot as the competitor may deem best suited to the needs of each department; or, (Second), as a single large building of comparatively small ground area and considerable height.

22. The figures in the following schedule indicate the desired floor areas in square feet. These areas may be reduced where of 1000 square feet or above, by not over 10 per cent, and where of less than 1000 square feet, by not over 20 per cent in the case of individual rooms. Elevators, staircases, toilets, lavatories, and a good general circulation are to be provided fully throughout the plan, as required in its several functions.

**REPORT OF McLAREN, GOODE & CO.
ON COUNT OF CASH OF CITY AND
COUNTY OF SAN FRANCISCO.**

The following report was received, read and ordered *referred to the Finance Committee:*

San Francisco, Cal., January 30, 1909.
The Finance Committee of the Hon. Board of Supervisors, City and County of San Francisco.

Gentlemen: On 12th inst. we received your instructions to make an examination of accounts, in accordance with the specifications embodied in your letter of that date, and to render to you a report of such examination.

Your first requirement was that we should establish the integrity of the cash balance on hand and in banks at January 8, 1909 (or date of counting); and we now have the honor of reporting that the balance shown to have been on hand by the Treasurer's books at the commencement of business on January 18, 1909, has been verified by counting the coin and currency and establishing the correctness of the other cash assets.

The amount called for by the Treasurer's cash book at the date in question was\$7,774,527.14 which was represented by

Gold coin in vault, in the joint custody of the Auditor and Treasurer	\$6,305,000.00	
Gold coin in vault, in custody of the Treasurer	218,120.00	
Cash on the counter for current disbursements	21,232.37	
Verified demands paid January 16, 1909, but not yet entered in cash book...	20,430.05	
Coupons redeemed ...	101,195.00	
Deposits in banks, as stated below	1,050,175.00	
Special deposit with Crocker National Bank for interest on bonds held in the East	49,375.00	7,774,527.42

An excess of\$.28

The manner of verification was as follows: On the morning of 18th inst. the cash in the Treasurer's vault and

the "counter cash" was counted. During this process we accepted as correct three sacks of silver of \$1,000 each bearing the U. S. Mint seals unbroken. With the exception of these and of a few rolls of silver coin, some of which we broke open at random, every sack and package of money throughout the entire count was opened and every coin was inspected. On the same date we counted the coupons redeemed. On the following day, January 19, we began the count of the \$6,305,000 in joint custody of the Auditor and the Treasurer and this was completed at noon on January 27. A member of our firm superintended this task and was present on every occasion during the progress of the count when the "joint custody" vault was opened or closed. The coin was found to be contained in sacks of \$20,000 each, as provided by the Charter. These sacks were carried out of vault and the contents were counted into trays—the coin was then resacked by the Deputy Auditor and ourselves—each sack was resealed with the seals of both Auditor and Treasurer—to each there was attached a consecutively numbered tag marked with our stamp—and the sacks were then replaced in the vault. After the count had been completed they were finally inspected and tallied. On January 27 we counted the currency and verified the balances deposited with sundry banks, as follows:

Donohoe-Kelly Banking Company	\$150,000.00
First National Bank of San Francisco	244,000.00
First Federal Trust Company	96,000.00
City and County Bank.....	47,000.00
Seaboard National Bank....	99,000.00
French-American Bank....	210,000.00
Bank of San Francisco....	30,175.00
Metropolis Trust & Savings Bank	109,000.00
Merchants' National Bank.	65,000.00
	<hr/>
	\$1,050,175.00

The bonds held by the Treasurer as security for these deposits were also counted and found to agree with the statements which had been obtained from the banks.

We are, Gentlemen, yours very truly,
McLAREN, GOODE & CO.

ACQUISITION OF CITY LANDS.

The following communications were received, read and ordered *filed:*

Communication From the City Attorney, Stating That Purchase of Land of Hans J. Koepke, Required as an Additional Site for Agassiz School, Has Been Consummated.

February 19, 1909.

John E. Behan, Esq., Board of Supervisors.

Dear Sir: I beg leave to inform you that we have concluded the purchase of the property of Hans J. Koepke for the purposes of the Agassiz School, which property is located on the westerly line of Bartlett street 230 feet southerly from the southerly line of Twenty-second street; thence southerly on Bartlett street 25 feet by a westerly depth of 125 feet; being a portion of Mission Block No. 136.

The building is occupied by a tenant named Sutton. The premises are known as 124 Bartlett street. A monthly rental of thirty (30) dollars per month is due on the 10th of the month. I have arranged that the rent for this month be prorated and that the balance be applied toward prorating the insurance policy.

Very truly yours,

PERCY V. LONG,
City Attorney.

Communication From the City Attorney,
Stating That Purchase of Land of T. G. Cummings, on San Bruno Avenue, North of Humboldt Street, Has Been Consummated.

February 15, 1909.

John E. Behan, Esq., Clerk Board of Supervisors.

Dear Sir:

You are respectfully advised that that certain lot owned by T. G. Cummings and situated on the easterly line of San Bruno avenue distant thereon 33 feet 4 inches northerly from the north line of Humboldt street; running thence northerly and along the said easterly line, of San Bruno avenue 33 feet 4 inches; thence easterly in depth 190 feet; has been acquired in accordance with the provisions of Resolution No. 2893.

The taxes for the entire fiscal year have been paid and a deposit made to cover the expense of a McEnerney action. Your attention is also directed to the fact that there is a tenant who occupies the premises and that rentals are to be collected by you for the City.

Very truly yours,

PERCY V. LONG,
City Attorney.

This extension of time is granted for the reason that the contractor has been unable to complete the work within the time originally fixed by the Board of Public Works on account of the inclemency of the weather.

ADJOURNMENT.

There being no further business, the Board at the hour of 5:30 o'clock adjourned, to meet Wednesday, February 24, 1909, at 8 p. m.

JOHN E. BEHAN, Clerk.

WEDNESDAY, FEBRUARY 24, 1909.

In Board of Supervisors, San Francisco, Wednesday, February 24, 1909, 8 p. m.

The Board of Supervisors met pursuant to adjournment for the purpose of taking testimony and of making such investigations as would enable it to fix and determine heat, light and power rates for the year commencing July 1, 1909.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Ayes—Supervisors Booth, Broderick, Connolly, D'Ancona, Jennings, John-

ston, Murdock, Murphy, Payot, Pollok—10.

Quorum present.

His Honor, Mayor Taylor, being absent, Supervisor Murdock was called to the Chair.

COMMITTEE OF THE WHOLE.

On motion of Supervisor Connolly, the Board resolved itself into a Committee of the Whole for the purpose of taking testimony and of making such investigations as would enable it to fix and determine heat, light and power rates for the year commencing July 1, 1909.

The Committee rose at 10:30 p. m., all members before noted being present.

REPORT OF THE COMMITTEE OF THE WHOLE.

The Committee of the Whole, by Supervisor Murdock, reported as follows: Supervisor Murdock retained the Chair and called the Board to order.

The Committee of the Whole reports in matter of hearing preliminary to fixing of heat, light and power rates for year commencing July 1, 1909, that it has heard the testimony of John A. Britton and Edward C. Jones, President and Chief Gas Engineer respectively of San Francisco Gas and Electric Co., concerning the value of the properties of said company, and of S. L. Naphtaly, Engineer of the City Electric Co., relative to rates for electricity.

That the following matters filed with the Board of Supervisors have been considered by the Committee, admitted in evidence in the pending inquiry, and designated Exhibits as follows:

Exhibit 6. S. F. Gas and Electric Co., analysis of statement filed with Board of Supervisors in matter of rate to be fixed for gas for fiscal year 1909-1910. (Filed Feb. 23, 1909.)

Exhibit 7. S. F. Gas and Electric Co., statement for 1908 of assets and liabilities, manufacturing account, income and expenses, gas manufactured and used, mains installed, meters in use, regulators in service, appliances rented, services connected and number of customers. (Filed February 23, 1909.)

Exhibit 8. Mutual Electric Light Co., statement of receipts and disbursements for the year 1908, original cost of plant, estimated present value of plant, amount of capital stock, bonds outstanding and floating debt. (Filed February 24, 1909.)

The Committee recommends that the report of A. M. Hunt, Gas Engineer, with appraisement of cost of plant of San Francisco Gas and Electric Co., used in supplying gas to the City and County of San Francisco and to the inhabitants thereof, and of the cost of producing and distributing gas to the consumer, and the report of Public Accountant C. D. Stuart on cost of manu-

facturing and distributing gas in San Francisco for the years 1906-07, filed with the Board of Supervisors on the respective dates of May 15, 1908, and May 18, 1908, together with the reply of the San Francisco Gas and Electric Co. to the reports of A. M. Hunt and C. D. Stuart, presented to Board of Supervisors on valuation of gas plant and cost of manufacture, distribution and administration in the matter of fixing gas rates for fiscal year 1908-1909, filed May 29, 1908, and also the subsequent reply of A. M. Hunt, be admitted in evidence in this investigation and made a part of the record.

The Committee furthermore recommends that the hearing be now closed and that all testimony taken and exhibits filed be referred to the Artificial Light Committee, with instructions to said Committee to report bills to the Board of Supervisors fixing gas and electric rates for the year commencing July 1, 1909.

Motion.

Supervisor Johnston moved the adoption of the Report.

So ordered.

ADJOURNMENT.

There being no further business, the Board at the hour of 10:35 o'clock adjourned, to meet Thursday, February 25, 1909, at 8 p. m.

JOHN H. BEHAN, Clerk.

THURSDAY EVENING, FEBRUARY 25, 1909.

In Board of Supervisors, San Francisco, Thursday, February 25, 1909, 8 p. m.

The Board of Supervisors met pursuant to adjournment for the purpose of taking testimony and of making such investigations as will enable it to establish water rates for the year commencing July 1, 1909.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors, Bancroft, Booth, Broderick, D'Ancona, Hocks, Jennings, Johnston, McAllister, Murdock, Pollok—10.

Quorum present.

His Honor Mayor Taylor being absent, Supervisor Booth was called to the Chair.

COMMITTEE OF THE WHOLE.

On motion of Supervisor Bancroft, the Board resolved itself into Committee of the Whole with Supervisor Booth in the Chair, for the purpose of continuing the water rates inquiry.

The Committee rose at 10:35 p. m., all members before noted being present.

REPORT OF COMMITTEE OF THE WHOLE.

The Committee of the Whole, by Supervisor Booth, reported as follows:

The Committee of the Whole reports in the matter of the annual investigation held preliminarily to the establishment of water rates that it has heard the testimony of W. B. Bourn relative to the accounts and properties of the Spring Valley Water Company. That the following matters have been filed by the Spring Valley Water Company, which matters have been duly considered by the Committee and ordered marked Exhibits in the investigation as follows:

Exhibit 16—Communication from Spring Valley Water Company with report on books and accounts, balance-sheet and profit and loss account of said company for the year ending December 31, 1908, as prepared by Price, Waterhouse and Co., chartered accountants. (Filed February 25, 1909.)

Exhibit 17—Communication from Spring Valley Water Company with argument for a liberal allowance for depreciation and obsolescence in fixing

of water rates. (Filed February 25, 1909.)

The Committee recommends that the hearing be now closed, that all testimony taken in this and previous investigations and all Exhibits filed in this and previous investigations be referred to the Water Rates Committee, with instructions to said Committee to duly consider the same and thereafter to report to the Board of Supervisors a Bill fixing water rates for the year commencing July 1, 1909.

Motion.

Supervisor Bancroft moved that the Report of the Committee of the Whole be *adopted*.

Whereas, The price at which said parcel of land is offered is in accordance with the appraised value thereof; therefore be it

Resolved, That the offer of Spaulding & Neff to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of taxes for the fiscal year 1908-9, and a McEnerney title thereto for the sum of \$1750 be and is hereby accepted to wit:

Commencing at a point on the southerly line of Duncan street 176 feet westerly from the westerly line of Church street, running thence westerly along said southerly line of Duncan street 25 feet, thence at a right angle southerly 114 feet, thence at a right angle easterly 25 feet, thence at a right angle northerly 114 feet to the southerly line of Duncan street and the point of commencement. Being a portion of Horner's Addition, Block No. 95.

The City Attorney is hereby directed to examine the title to the said land and if the same is found to be vested in the aforesaid owner

free from all incumbrances and that the taxes for the current fiscal year are paid and that the so-called McEnerney title has been procured or sufficient moneys reserved for the procuring of the same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon the payment of the agreed purchase price as aforesaid.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—17.

Clerk to Deposit Checks Representing Percentage of Gross Receipts of Sanitary Reduction Works and Declaring That in So Doing City Yields No Right to Percentages for 1907 and 1908.

On motion of Supervisor Jennings: Resolution No. 3399 (New Series), as follows:

Whereas, On January 3, 1908, the Sanitary Reduction Works transmitted to the Board of Supervisors a check in the sum of \$1,447.57, the same being alleged to represent 2 per cent of the gross receipts for the year 1907 of said reduction works arising pursuant to Order No. 2965 of the Board of Supervisors; and

Whereas, Said Sanitary Reduction Works did on January 4, 1909, transmit to the Board of Supervisors a check in the sum of \$1,645.81, the same being alleged to represent 2 per cent of the gross receipts for the year 1908 of said reduction works; and

Whereas, The Finance Committee of the Board of Supervisors claim and the City Attorney advises that said sum does not represent 2 per cent of all receipts arising under said Order No. 2965, to which percentage the City and County of San Francisco is entitled under the terms of the grant; now therefore

Resolved, That the Clerk of this Board be and he is hereby instructed to deposit said checks with the Treasurer of the City and County of San Francisco, as payments on account of percentage of said gross receipts, and this Board hereby declares that in so depositing said money, the City and County yields no right to exact further sums of money for its share of percentages arising under said Order No. 2965, for the years 1907 and 1908, or for any year or years prior thereto.

Switch Track Permit, Crocker Estate Company.

On motion of Supervisor Murphy: Resolution No. — (New Series), as follows:

Resolved, That the Crocker Estate Company and its assigns be, and they are hereby granted permission, for the period of ten (10) years from the date of approval of this resolution by his Honor, the Mayor, and thereafter at the will of the Board of Supervisors, to lay down, maintain and operate a single or double switch track or tracks connecting both northerly and southerly with the tracks of the United Railroads of San Francisco now laid on Mission street, a proposed track or tracks for a street railroad to be constructed, operated and maintained over a private right of way, and having its terminus on the westerly line of Mission street at a point 347.40 feet more or less southerly from the southerly line of Amazon street; provided that said permittee shall at all times pave the space between the rails of said switch track or tracks and pave the space between the tracks as the same shall be laid down on Mission street at the point named, and for two feet on either side of said track or tracks

during the continuance of this permit, and provided also that said track or tracks shall be of a standard gauge, and that the work of construction of said track or tracks shall be performed under the supervision and to the satisfaction of the Board of Public Works.

Extension of Time, Construction of Fire Cistern.

On motion of Supervisor Center:
Resolution No. — (New Series),
as follows:

Resolved, That the American Construction Company be and is hereby granted an extension of thirty days' time from and after February 19, 1909, within which to complete the contract for the construction of fire cistern in the crossing of Mission and West Mission streets.

This extension of time is granted for the reason that on account of the inclemency of the weather the contractor has been unable to complete the work within the time originally fixed by the Board of Public Works.

Extension of Time, Street Work.

Also, Resolution No. — (New Series), as follows:

Resolved, That P. Montague be and is hereby granted an extension of ninety days' time from and after March 15, 1909, within which to complete the contract for grading on Green street, between Baker and Lyon streets.

This extension of time is granted for the reason that on account of the inclemency of the weather the contractor has been unable to complete the work within the time originally fixed by the Board of Public Works.

Blasting Permit.

Also, Resolution No. — (New Series), as follows:

Resolved, That Edward Malley be and is hereby granted permission, revocable at will of the Board of Supervisors, to explode blasts for the purpose of removing rock in the construction of a main sewer in the crossing of Twenty-fifth street and Hoffman avenue, and for 100 feet westerly on Twenty-fifth street from said Hoffman avenue, provided that said permittee shall execute and file a good and sufficient bond in the sum of \$2500, as fixed by the Board of Public Works and approved by his Honor the Mayor, in accordance with Ordinance No. 1204; provided also that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and if any of the conditions of this Resolution be violated by the said above named person, then the privilege and all rights

accruing thereunder shall immediately become null and void.

Returning Deed of Alice M. Bunker and William M. Bunker Dedicating Portion of Twenty-third Avenue.

On motion of Supervisor Center:

Resolution No. 3411 (New Series), as follows:

Whereas, The City Attorney filed in this office November 5, 1908, a deed from Alice Bunker and William M. Bunker, dated October 22, 1908, conveying and offering for dedication Twenty-third avenue, running northerly from Lake street to the property of the Spring Valley Water Company, with the recommendation that said deed be accepted by the Board of Supervisors, and

Whereas, Under date of February 27, 1909, the City Attorney recommends that said deed be withdrawn in order to permit of the conveyance to the City and County of other lands better adapted for street purposes, and which land when deeded will clear up clouded titles on private property on Twenty-second avenue north of Lake street, on Lake street between Twenty-second and Twenty-fourth avenues and on Twenty-fourth avenue north of Lake street; now therefore

Resolved, That said Alice Bunker and William M. Bunker be and they are hereby permitted to withdraw said deed dated October 22, 1908, and the Clerk be and he is hereby authorized and instructed to advise the City Attorney to this effect.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—17.

Passed for Printing.

The following Resolution was introduced under suspension of the rules and *passed for printing*:

Authorizing Payment, Services, Examination of City's Underground Conduit System.

On motion of Supervisor Jennings:

Resolution No. — (New Series). Authorizing an expenditure of \$875.00 out of the "General Fund" of the fiscal year 1908-9, in payment to A. M. Hunt, being third partial payment on survey of underground conduit system of the Department of Electricity, pursuant to Resolution No. 2941 (New Series) of the Board of Supervisors.

Adopted.

The following Resolutions were introduced under suspension of the rules and *adopted*:

Endorsing Senate Constitutional Amendment No. 46, Which Amendment Purports to Remove Constitutional Restrictions on Civil Service Provisions of Charter.

On motion of Supervisor Murdock: Resolution No. 3412 (New Series), as follows:

Whereas, Section 11 of Article XIII of the Charter of the City and County of San Francisco provides that the offices of the Assessor, County Clerk, Coroner, Recorder, Sheriff and Clerks of the Justices' Court shall be subject to civil service; and

Whereas, The Supreme Court decided on April 6, 1901, in re Crowley vs. Freud, that said section of said Charter was invalid in so far as the said offices were concerned for the reason that it contravened section 8½ of the State Constitution; and

Whereas, The Honorable Lester G. Burnett, Senator of the Twenty-fifth District, at the request of the Civil Service Commission and the Civil Service Employees' Association, has introduced in the Senate a resolution entitled "Senate Constitutional Amendment No. 46", providing for the amendment of section 8½ of Article XI of the State Constitution, which proposed amendment will remove the restriction placed upon the Charter of San Francisco; therefore be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby endorses said "Senate Constitutional Amendment No. 46", and hereby advocates its adoption by the Legislature; and be it further

Resolved, That the Clerk send a copy of this Resolution to each member of the Legislature.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—17.

Building Committee to Engage Two Rooms for Use of City Engineer in Mechanics' Savings Bank Building.

On motion of Supervisor Rixford:

Resolution No. 3413 (New Series), as follows:

Resolved, That the Public Buildings Committee be and is hereby authorized to rent from the Mechanics' Savings Bank building, at monthly rental of \$20.00 per month each, two rooms required for the accommodation of the City Engineer.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—17.

Engaging Vault From California Safe Deposit and Trust Company for Use of Treasurer.

On motion of Supervisor Rixford:
Resolution No. 3414 (New Series), as follows:

Resolved, That the large vault located in the California Safe Deposit and Trust Company's building situate at California and Montgomery streets be and is hereby engaged for use of the City Treasurer for storing the City's funds, at a monthly rental of \$200, said rent to commence from March 1, 1909.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—17.

ADJOURNMENT.

Relative to the Installation of Ornamental Poles.

The following communication was received, read and ordered referred to the Artificial Lights committee:

Office of the Clerk of the Board of Supervisors.

San Francisco, Cal., March 3, 1909.
A. A. D'Ancona, Supervisor, Affiliated Colleges, San Francisco, Cal.

Dear Sir:—Charles N. Black, Vice-President and General Manager of the United Railroads of San Francisco telephoned me this morning the following information in relation to the installation of poles on Market and Sutter streets.

A sample pole was placed at Post and Market streets some months ago, but the Pacific Gas and Electric Company which is to furnish the current stated that the space allowed in the ornamental top of the pole was insufficient to accommodate the necessary switches. Willis Polk, architect, who designed the ornamental poles objected to changing the top ornamentation and therefore the Lighting Company was obliged to obtain a similar switch. A sample switch was received the other day from Chicago and now the top design of the pole has been definitely agreed and determined upon and an order has been given to the Merle Company to prepare the castings in accordance with the latest accepted design.

Mr. Black furthermore states that the design for the lower portion of the pole is acceptable and that in his opinion the work of casting a complete pole should be completed within two or three weeks and thereafter poles should be delivered and installed at the rate of 100 to 150 per month.

Yours truly,
JOHN E. BEHAN, Clerk.
Motion.

Supervisor D'Ancona moved that a copy of above letter be sent to the Sutter Street Improvement Club.

Extension of Time, Construction of Fire Cisterns.

Resolution No. 3453 (New Series), as follows:

Resolved, That the Keystone Construction Company be and is hereby granted an extension of 60 days' time from and after February 27, 1909, within which time to complete its contract for the construction of fire cisterns at Forty-seventh avenue and "J" street, Ninth avenue and "J" street and Fifth avenue and "I" street.

This extension of time is recommended for the reason that the inclemency of the weather has prevented the contractor from completing the work.

ACQUISITION OF A GARBAGE DISPOSAL SYSTEM.

The following communication was received, read and ordered referred to the Hospital and Health Committee: Communication from City Attorney Relative to Claims of Sanitary Reduction Works under Agreement in Resolution No. 3330 (New Series).

March 4, 1909.

Board of Supervisors,

Gentlemen:—I am in receipt of your communication under date of March 2, 1909, enclosing a claim of the Sanitary Reduction Works of San Francisco, Inc., in the sum of Three

Hundred and Fifty Thousand (350,000) Dollars, with the request that if I find the same to be in compliance with Resolution No. 3330 (New Series), of your Board and if the title to the real property described in said Resolution is found to be vested in said Sanitary Reduction Works that I approve said claim and return it to the office of your Board for final passage by your Board. The claim is in compliance with Resolution No. 3330 (New Series), being the amount of the first payment agreed by the City and County to be paid to the Sanitary Reduction Works in the agreement referred to in said Resolution.

I have the report of title on Potrero Nuevo Block No. 167 from the Title Insurance and Guarantee Company. From said report it appears that the title to the said property is vested in the Sanitary Reduction Works of San Francisco subject however to, first, a mortgage for Twenty Thousand (20,000) Dollars from the Sanitary Reduction Works of San Francisco to the San Francisco and Oakland Mutual & Loan Association; second, an irregular acknowledgment of G. Howard Thompson found in a deed from the Wilson Estate Company and San Francisco and Fresno Land Company to the Sanitary Reduction Works of San Francisco, dated September 24, 1901, and recorded October 30, 1901, in Liber 1924 of Deeds, the records showing the acknowledgment of Thompson to have been "Thomas"; third, a judgment against the Sanitary Reduction Works in favor of Rauer's Law & Collection Company for Two Thousand and Seven (2,007) Dollars; fourth, a private contract, No. 740, dated April 8, 1908, to construct a sewer etc., in De Haro street, between Alameda and Fifteenth streets; fifth, absence of decree quieting title against unknown owners; and sixth, taxes for 1908-09 second installment.

In regard to the mortgage of the San Francisco and Oakland Mutual and Loan Association, the mortgage has been paid and a release is now in the possession of the Sanitary Reduction Works, which, however, has not been filed of record; this release will be recorded.

With regard to the irregular acknowledgment the original deed shows that the acknowledgment was regular, the record in the Recorder's office being an error. This will be corrected by re-recording the original deed.

The judgment against the Sanitary Reduction Works in favor of the Rauer Law and Collection Company has been satisfied and an acknowledgment to that effect will be filed. With regard to the private contract I am informed that the contract has not been fully

completed as yet. Under the terms of the agreement, however, the Sanitary Reduction Works must fully release this contract before the final payment is made. The same applies to the taxes for 1908-09.

With regard to the decree quieting title against unknown owners none has been taken; that decree, however, can be obtained after the title is vested in the City or can be obtained by the Sanitary Reduction Works after the agreements are entered into. Owing to the fact that deeds to the property will be deposited in escrow by the Sanitary Reduction Works and the agreement referred to in Resolution No. 3330 (New Series) entered into with the City and County of San Francisco it probably will be better to wait until the deeds are finally delivered to the City and County of San Francisco before a decree quieting title against unknown owners is obtained. At the present time the Sanitary Reduction Works would be obliged to recognize the interest of the City which is a contractual owner and it would therefore be better for the City to obtain a decree which would recognize the title and fee to this property as being in the City itself. The Board, however, may require if it so desires that a sufficient amount be retained out of the purchase price to enable the City to obtain this decree and to release the title from any objection.

I call your attention to the provisions of the agreement which provide that "if at the time of the execution of this agreement less than one year has elapsed between the date thereof and the date of the last prior payment the said two per cent (referring to the percentage required to be paid to the City and County under Order No. 2,965) became due then the parties of the first part (the Sanitary Reduction Works and the Standard Manufacturing and Supply Company) agree to compute and pay to the party of the second part (the City and County of San Francisco) at the date of the execution of this agreement two per cent of the said gross receipts earned during the period of time that has so elapsed."

I notice in the communication from the Clerk of your Board of date March 30, 1909, that the last payment made by the Sanitary Reduction Works of this percentage was January 4, 1909. Therefore, time will have elapsed between the date of the last payment and the date of the execution of the agreement and under the agreement the Sanitary Reduction Works agrees to pay two per cent of the gross receipt received by the company during that time to the City and County.

I beg further to inform you that the agreement and deeds in conformity with Resolution No. 3330 are now ready to be executed as soon as the authorization to pay the money has been completed.

Very truly yours,
PERCY V. LONG,
City Attorney.

Also, Bill No. 806, Ordinance No. — (New Series), entitled, "Accepting a deed from the Simons Fout Brick Company, a corporation, to lands for the opening and extension of Pemberton Place and declaring said lands to be an open public street, and naming the same Pemberton Place."

Ordering Street Work.

Also, Bill No. 807, Ordinance No. — (New Series), entitled, "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order the following street work:

That "K" street from the easterly side of Thirteenth avenue to the easterly side of Fourteenth avenue be improved by grading to official line and grade.

That "A" street, between Twenty-eighth and Twenty-ninth avenues, be improved by grading to official line and grade by constructing redwood curbs and by paving the roadway and sidewalks thereof with a broken rock pavement.

That "K" street from the westerly side of Fourteenth avenue to the westerly side of Fifteenth avenue be improved by grading to official line and grade.

That artificial stone sidewalks of the full official width be constructed on Fourth avenue, between Point Lobos avenue and Clement street, where artificial stone sidewalks or bituminous rock sidewalks at least 6 feet in width are not already constructed.

That Walnut street, between Sacramento and California streets, be improved by constructing artificial stone sidewalks of the full official width, where artificial stone sidewalks at least 6 feet in width are not already constructed.

That artificial stone sidewalks of the full official width be constructed on Lombard street, between Polk and Larkin streets, where artificial stone sidewalks at least 6 feet in width are not already constructed.

Changing Grades, Certain Streets.

Also, Bill No. 808, Ordinance No. — (New Series), entitled, "Changing and re-establishing the Official Grades on Douglass street at the crossing of Clipper, Twenty-sixth and Army streets; on Twenty-sixth street, westerly line of Diamond street; on Twenty-sixth street, at the crossing of Douglass street; on Twenty-sixth street, between Diamond street and Hoffman avenue."

Also, Bill No. 809, Ordinance No. — (New Series), entitled, "Changing and re-establishing the official grades on Stevenson street, between Third and Fourth streets."

Extension of Time, Street Work.

Also, Resolution No. — (New Series), as follows:

Resolved, That J. G. Harney be and is hereby granted an extension of thirty days' time from and after March 16, 1909, within which to complete the contract for curbing and paving the crossing of "B" street and Sixth avenue.

This extension of time is granted for the reason that on account of the inclemency of the weather the contractor has been unable to complete the work within the time originally fixed by the Board of Public Works.

Adopted.

The following resolution was adopted:

Intention to Change Grades on Certain Streets.

On motion of Supervisor Center:

Resolution No. 3484 (New Series), Declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on Eighteenth street and on Wisconsin street, in accordance with the recommendation of the Board of Public Works, filed February 20, 1909; and further declaring no assessment district is necessary as no damage will result from said change of grade, inasmuch as the improvements already conform to the proposed grade; also directing said Board of Public Works to cause to be conspicuously posted along the streets upon which such change or modification of grades is contemplated, notice of the passage of this Resolution of Intention.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford.—18.

Artificial Lights Committee to Investigate Excessive Charges for Gas and Electricity.

On motion of Supervisor Connolly: Resolution No. 3485 (New Series), as follows:

Resolved, That the Artificial Lights Committee be and it is hereby authorized and requested to examine into the present excessive charges made by persons and corporations furnishing gas and electric power to the residents of San Francisco, to examine into the quality of the service rendered by such persons or corporations, to employ such expert as it may deem necessary to assist it in said matters, and to report its conclusions and recommendations to this Board.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford.—18.

Board of Public Works to Employ Extra Street Cleaning Force in Downtown District.

On motion of Supervisor McAllister: Resolution No. 3486 (New Series), as follows:

Whereas, The larger retail stores are now moving to their new locations in the downtown districts and are opening for sale large stocks of valuable merchandise which are more or less injured by dirt and dust; therefore be it

Resolved, That the Board of Public Works be and are hereby requested to

furnish an extra street cleaning gang with teams to sweep, clean and keep in good order the triangle bounded by and including Sutter, Market streets and Grant avenue.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford.—18.

Thanking Those Who Assisted at Washington in Matter of Obtaining Water Supply From Hetch Hetchy Valley.

On motion of Supervisor Murdock: Resolution No. 3487 (New Series), as follows:

Whereas, The Board of Supervisors of the City and County of San Francisco, deeply impressed with the duty of supplying the municipality with an abundant supply of pure water, and accepting the report of competent engineers as to the best available supply, co-operated with the City Engineer in securing from the Federal Government certain rights as to the use of the Tuolumne supply, and thereupon submitted to the voters the issuance of bonds to provide for the preliminary expense therefor, which proposition was decisively adopted; and

Whereas, The best interests and good faith of the City demanded that we do all in our power to secure the passage by Congress of a measure recommended by the Secretary of the Interior, in pursuance of which the City Engineer and Supervisor Giannini, Chairman of the Public Utilities Committee, proceeded to Washington, and for the past three months have used their best endeavors in behalf of the desired legislation; and

Whereas, It subsequently seemed advisable to strengthen their hands by sending a committee of citizens to assist them, and by the appointment of the Mayor, Messrs. J. D. Galloway, Walter MacArthur, Warren Olney and James D. Phelan, gave their services in this behalf; therefore, in appreciation of the services rendered, be it

Resolved, That the thanks of the Board be extended to all who have aided in this effort to secure legislation considered desirable in connection with the acquisition of the Tuolumne water supply, and that we welcome on his return Supervisor Giannini, who has given his whole time for many weeks to this public duty, and has shown great zeal and self-sacrifice in sustaining the rights and best interests of the city, and ask him to accept from us this expression of our respect and gratitude.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly,

D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—18.

Bill No. 810, Ordinance No. — (New Series), entitled, "Changing name of 'Almshouse Road' to 'Laguna Honda Road'".

Municipal Record to Publish Intended Locations of Poles Prior to Granting Permits Therefor.

Supervisor Murphy suggested that locations whereon poles are to be erected be published in the Municipal Record prior to granting of permits therefor.

Relative to the Occupation of Union Square by the California Promotion Committee.

Supervisor Pollok called attention to the fact that the California Promotion Committee is still occupying Union Square, although it is over a year since all persons were ordered off public parks and squares.

ADJOURNMENT.

There being no further business, the Board at the hour of 4:45 o'clock adjourned.

JOHN H. BEHAN, Clerk.

Approved by the Board of Supervisors March 15, 1909.

Bill No. 811, Ordinance No. — (New Series), entitled, "Regulating the Construction, Erection, Alteration, Maintenance and Use of Places of Amusement Wherein Moving Pictures Are Exhibited for Public Entertainment and to Which an Admittance Fee is Charged."

Motion.

Supervisor Hocks moved that F. V. Meyers be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, F. V. Meyers, representing the nickelodeons, addressed the Board requesting that Section 1 of Bill be amended by striking out words "to which an admission fee is charged" and that Section 2 be amended by fixing distance from rear wall for side exists at 15 feet instead of 10 feet. He also urged certain minor amendments which he stated would remove objectionable features of the Bill in its present form.

Henry Davis, attorney of Theatrical Managers' Association, addressed the Board, opposing the Ordinance on the ground that it applies only to places hereafter to be erected and not to those already in existence.

B. Landsburg, also representing Theatrical Managers' Association, requested the passage of an ordinance which would be general in its application.

Frank Gould, representing the nickelodeons, addressed the Board, requesting that the time for the Ordinance to go into effect be fixed at 60 days from and after its passage.

Amendment.

Supervisor Connolly moved to amend Ordinance by fixing time at which same goes into effect at 30 days from and after its passage.

So ordered.

Passed for Printing.

City Attorney to Commence Action for Recovery of Percentages of Gross Receipts of Sanitary Reduction Works Due the City.

Also, Resolution No. 3511 (New Series), as follows:

Whereas, The City Attorney in opinion rendered September 21, 1908, advises that there is nothing in the franchise of the Sanitary Reduction Works which would warrant any other conclusion than that the City and County is entitled to a percentage of the gross amount of the receipts derived from all sources from the disposition of garbage of all kinds by the grantee of the franchise or assigns operating by virtue of the franchise; and

Whereas, The Sanitary Reduction Works has paid to the City and County of San Francisco during the life of said franchise but two per cent of the gate receipts of the incinerating plant, and has refused to pay any further sums upon demand of the Board of Supervisors; now therefore

Resolved, That the City Attorney be and he is hereby authorized and requested to institute an action against the Sanitary Reduction Works to recover for the City and County of San Francisco the percentages of the receipts arising under Order No. 2965 in excess of the percentages heretofore paid and deposited in the Treasury.

Further Resolved, That the City Attorney be and he is hereby authorized

and requested to provide in said action for the recovery by the City and County of moneys paid by any department of the City and County for the incineration of garbage delivered from municipal departments.

Hearing In Matter of Amending "Building Law" Relative to Fire Limits.

Motion.

Supervisor McLeran moved that a hearing be granted to property owners west of Powell street in the matter of

amending the "Building Law" relative to building construction within fire limits on Tuesday evening, March 30, 1909, at the hour of 7:30 p. m.

Motion carried.

UNFINISHED BUSINESS.

The following Bill, heretofore passed for printing, was taken up:

Regulating Construction, Alteration and Maintenance of Nickelodeons and Similar Enterprises.

Bill No. 811. Ordinance No. — (New Series), entitled, "Regulating the Construction, Erection, Alteration, Maintenance and Use of Places of Amusement Wherein Moving Pictures Are Exhibited for Public Entertainment and to Which an Admittance Fee is Charged."

Amendment.

Supervisor Rixford moved to amend as follows:

Sec. 1—Strike out words "altered or maintained" and substitute "or altered."

Sec. 2—Same change.

Sec. 3—To read "Subdivisions B, C, E, F, G, H, I, J, and K of Section 2" and change "altered or maintained" to "or altered."

Motion.

Supervisor Pollok moved that Frank Gould be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, *Frank Gould* addressed the Board, favoring the passage of the Bill in its present form.

B. Landshurg, representing the Theatrical Managers' Association, addressed the Board, stating that amendment would permit nickelodeons now in existence to continue a menace to life in case of fire.

F. V. Meyers, representing nickelodeons, addressed the Board, declaring that if nickelodeons now in existence were obliged to comply with law as laid down for theatres that one-third of them would have to go out of business.

H. H. Davis, attorney, representing Theatrical Managers' Association, stated that Fire Chief Shaughnessy and John Horgan, chief inspector of the Board of Public Works, had informed him that they would not interfere with the nickelodeons now in existence, which he claimed were in a dangerous condition, unless an ordinance was passed making it obligatory on them to do so.

Motion.

Supervisor Connolly moved that Bill be recommitted to the Public Buildings Committee.

Motion lost.

Amendment Carried.

Whereupon, the question being taken on Supervisor Rixford's amendment, the same was *carried*.

Passed for Printing.

following:

Whereas, San Francisco demands
the best possible public streets, and
the importance of determining which
is the most desirable pavement for
each class of traffic is obvious; and

Whereas, The extensive tearing up
of the streets incident to the installa-
tion of the high pressure water sys-
tem and the new sewer system,
makes it advisable to delay the per-
manent paving of our principal
streets, which gives time for investi-
gation and experiment; therefore be
it

Resolved, That the Board of Public
Works be requested to publicly dem-
onstrate relative durability, by instal-
ling on Kearny street such blocks or
portion of blocks as may be necessary

BOND ISSUE, 1903.

The following communications were received, read and ordered *referred to the Finance Committee*:

Communication From N. W. Halsey and Company Relative to the March Delivery of Municipal Bonds Purchased February 8, 1903.

424 California street, San Francisco March 26, 1903.

John E. Behan, Esq., Clerk of the Board of Supervisors of the City and County of San Francisco, San Francisco.

Dear Sir: Replying to your favor of the 22nd inst. regarding the delivery on March 31st of

\$750,000 Fire Protection Bonds

50,000 School Bonds

we beg to inform you that we should like to have the shortest maturity bonds, that is, all the Fire Protection bonds maturing from 1916 to 1930, inclusive, and all the School bonds maturing in 1914, and \$14,000 of the School bonds maturing in 1915.

Regarding the delivery on April 15th of

\$150,000 Hall of Justice Bonds

50,000 School Bonds

we presume that we shall desire the delivery of the shortest maturities in these bonds also, but should like to reserve our final decision until about the first of the month.

Not later than the 10th of April we shall notify you regarding the maturities we desire of the

\$600,000 Fire Protection Bonds

400,000 School Bonds

to be delivered on April 25th.

Very truly yours,

N. W. HALSEY & CO.

Communication From E. H. Rollins and Sons Relative to Payment of Accrued Interest on Municipal Bonds.

First National Bank Building, San Francisco, March 27, 1903.

Mr. John E. Behan, Clerk, Board of Supervisors, San Francisco, California.

Dear Sir: Referring to your telephonic inquiry yesterday, as to the method of charging interest in vogue in the bond business, we beg to advise you as follows:

In the East and Middle West it is the invariable practice in the delivery of bonds by bond houses, or by municipalities to bond houses, to charge interest up to but not through the day upon which the payment is made.

The New York Stock Exchange rule for the payment of securities, recognizes this custom and provides that no interest shall be charged for the day upon which payment is made.

This same custom also obtains among banks in charging interest to customers upon notes and other interest bearing obligations.

In California it is the custom of banks to charge interest through the day upon which the payment of any interest bearing obligation is made. This same custom is to some extent followed by the bond houses in making deliveries of bonds, although the practice is not universal.

In taking up bonds from municipalities and corporations, we probably pay interest through the day in which payment is made in about one-half of the cases. In the other half we do not pay any interest for the day upon which the payment is made.

It is our opinion that the Eastern custom is the fairer one, inasmuch as when payment is made by check, credit is at once given by the bank upon a deposit of the check, and the use of the money, therefore, immediately obtained. In California where payments are made in gold coin, it is even fairer to charge interest only to the day of payment, as the gold coin is in itself usable funds.

All of the statements made above are upon the assumption that payment is completed before three o'clock, which is recognized as the close of the banking day. On payments made after three o'clock the interest for the current day is, we think, invariably charged.

Very truly yours,

E. H. ROLLINS & SONS.

Permitting Bicycle and Motor Cycle Racks on Sidewalks.

On motion of Supervisor Connolly:

Bill No. 815, Ordinance No. — (New Series), entitled, "Amending Section 2 of Ordinance No. 916, entitled, 'Regulating Obstructions Upon Public Streets and Sidewalks,' ap-

proved June 30, 1903, the provisions of which permit bicycle and motor cycle racks to be placed on the sidewalks."

Prohibiting Nickel-in-Slot Machines.

Supervisor Connolly presented the following:

Bill No. 782, Ordinance No. — (New Series) entitled, "An ordinance to prohibit the operation, maintenance, use, or conducting of slot machines, card machines, tapes machines and other mechanical devices, in the City and County of San Francisco, for money, or goods, wares or merchandise, when the result of the operation or action of which is dependent upon chance or hazard," the provisions of which forbid the so-called nickel-in-the-slot machines from being maintained from and after July 1, 1909.

Limiting Number Nickel-in-Slot Machines to Two at Each Stand and Prohibiting "Play-Backs."

Supervisor McLeran presented the following report and Bill:

Minority Report of Committee.

To the Honorable, The Board of Supervisors of the City and County of San Francisco.

Gentlemen: The undersigned, constituting a minority of your Police Committee, hereby protests against the passage of Bill No. 782, "Prohibiting the operation, maintenance, use or conducting of slot machines, card machines, tape machines and other mechanical devices, in the City and County of San Francisco, for money, or goods, wares or merchandise, when the result of the operation or action is dependent upon chance or hazard", and in lieu thereof recommends the passage of a Bill herewith submitted, entitled, "Imposing a license tax upon persons, associations and corporations owning or having in charge any machine or apparatus in which, on deposit of a five-cent piece, or other piece of money or article representing money or value, the player or person operating the machine, or any other person, is entitled to receive cigars, cigarettes or liquor, and regulating the use of such machines".

The undersigned is of the opinion that it is inadvisable at the present time to eliminate entirely the use of the nickel-in-the-slot machines in cigar stores. No complaint was had against the machines until within the last year or so when the gambling feature crept into the use thereof.

Before that time they were used in San Francisco for many years simply to promote the sale of merchandise.

The undersigned believes that if the use of the machines is restricted solely

to that of merchandise sellers, that there can be no objection whatever to their maintenance and use.

Moreover, the City and County of San Francisco derives at the present time under the present license for an unlimited number of machines an income of approximately \$200,000 per annum.

By limiting the number of machines to two this income will of course be reduced, but at the same time the machines will be spread about throughout the city in the smaller stores and the gambling feature will be thus eliminated.

The gambling is carried on principally on the prominent thoroughfares in the city in the larger cigar stores where numerous machines can be found upon the counters.

The Bill presented by the undersigned embodies his recommendations contained in this report and is recommended for passage.

Respectfully submitted,

RALPH McLERAN,

Minority of Police Committee.

Minority Bill.

Bill No. —, Ordinance No. — (New Series), "Imposing a license tax upon persons, associations and corporations, owning or having in charge any machine or apparatus in which, on deposit of a five-cent piece or other piece of money, or article representing money or value, the player or person operating the machine, or any other person is entitled to receive cigars, cigarettes or liquor," the provisions of which restrict two machines to one place of business, and fix a quarterly license of \$15 for each machine; and further forbids so-called "play backs", the intent of the ordinance being that the machines shall be operated as merchandise sellers solely.

Motion.

Supervisor Connolly moved that the privilege of the floor be granted to any one who desired to address the Board in the matter.

So ordered.

Privilege of the Floor.

Whereupon, P. J. Healy, representing the Grand Jury, addressed the Board requesting that the matter be laid over one week as the Grand Jury was making an investigation in the matter and would be able to make its report within that time.

Motion.

Supervisor Murphy moved that the Clerk be directed to request the Tax Collector to advise the Board what would be the loss in revenue in the event of the repeal of Ordinances imposing a license on nickel-in-the-slot

machines, also what would be the loss to the city if the number of machines permitted in any one place of business is restricted to two at a license of \$15.00 per quarter each.

His Honor, Mayor Taylor, presiding.

ANNOUNCEMENT BY CHAIR.

The Chair stated that the purpose of the meeting was, among other things, to consider the petition of the League of Property Owners West of Powell Street, for a modification or an amendment to the Building Laws of the City and County, to provide for a new class of building that would enable owners of land within the residential part of the fire limits to rebuild that portion of the city.

Petitions.

Thereupon, the Clerk read the petition of the League of Property Owners West of Powell Street and the petition of J. J. Griffith, architect and engineer, for an amendment of the Building Law in this regard, and also read the following report of the Advisory Committee to the Building Laws Committee of the Board of Supervisors against the aforesaid petitions:

Report of the Advisory Committee of the Building Laws Committee.

San Francisco, March 19, 1909.

Mr. John E. Behan, Clerk of the Board of Supervisors, San Francisco, Cal.

Dear Sir: Your letter of the 18th inst. received and in reply will state that the Advisory Committee of the Building Laws Committee instruct me to state that the Advisory Committee will not recommend that brick walls be made any thinner than now permitted by law; nor that wood studding filled between with brick, nor wood studding covered on the outside with brick, hollow tile, cement or other plaster of metal lath shall be permitted in place of brick, stone or concrete walls, as proposed by the above West of Powell Street Property Owners.

Any such substitution of wood studd walls in place of brick, stone or concrete would be in effect, reducing the fire limits and therefore prohibited by the Charter.

Yours truly,

MORRIS M. BRUCE,

Sec. Advisory Committee.

Privilege of the Floor.

His Honor, the Mayor, announced that the privilege of the floor was granted to anyone who wished to address the Board.

Whereupon, D. S. Dorn, representing Property Owners, addressed the Board, requesting that another class

of building construction be defined and incorporated in the Building Law which would provide for a cheaper class of construction suitable for residential purposes in the fire limits and which would enable his clients to improve their holdings.

I. Oppenheimer, property owner, declared that he had a lot of twenty feet frontage within the fire limits, which he could not improve unless there was some modification of the Building Laws.

W. J. Herring, property owner, stated that most of the land was held by small property owners and was heavily mortgaged. He declared that most of these people would lose their holdings unless there was some modification in the law which would enable them to improve their property.

J. Treat, attorney representing property owners, favored a type of construction consisting of concrete curtain walls six inches in thickness and interior mill construction covered with metal sheeting, which he declared would be more fire proof than a Class "C" building.

Permitting Frame Buildings With Concrete of Brick Veneer Walls Within the Fire Limits.

Supervisor Rixford introduced the following:

Bill No. 843, Ordinance No.— (New Series), Providing for a certain type of construction of buildings within the fire limits.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That within a period of three years from date, within the fire limits, upon lots twenty-five (25) feet or less in width, buildings used as dwellings, hotels or apartments, or lodging houses, may be constructed to a height not exceeding forty-five (45) feet in the following manner:

A wooden frame building built according to the Building Law governing frame buildings, except that this frame must be covered on the entire exterior with a veneer of four 4-inch of brick, concrete or other fireproof material fastened to the frame of wood by metal ties not less than two (2) feet, six (6) inches on centers.

Privilege of the Floor (Continued).

T. J. Glenn, property owner, declared that most of the property in the burnt district was mortgaged and if the owners were not allowed to make such improvements as they could afford to make they would lose their holdings.

W. J. Wynn, property owner, suggested that the Board look into map of the district and note the large number of small holdings whose own-

ers could not profitably improve their property under the present Building Law.

Mrs. M. Nevin, property owner, stated that she had a lot on Powell street, whereon she wished to construct her home and that she was ready to mortgage and build if permitted to do so profitably.

W. J. Healy, property owner, suggested the appointment of a committee of property owners and a committee of engineers to confer in the matter of prescribing a type of construction that would be acceptable to the Building Laws Committee.

E. W. Pattiani, member of the League of Property Owners West of Powell street, addressed the Board suggesting a type of building construction which he claimed was suitable for the purpose desired and which would provide the necessary protection against fire.

E. J. Levin, property owner, stated that it would take thirty years to rehabilitate the burnt district west of Powell street unless the Building Laws were modified.

Charles Day, President of the Board of Public Works, stated that he favored a lighter wall construction, but did not approve of the bill submitted by Supervisor Rixford.

J. Messager, property owner, stated that it would be many years before the burnt district would be entirely rehabilitated unless cheaper construction were permitted in said district.

J. D. Galloway, member of the Advisory Committee to the Building Laws Committee, stated that the construction proposed by the petitioners, was essentially bad and dangerous and being in violation of the Charter provisions governing such matters was rejected by the Advisory Committee.

P. H. Shaughnessy, Chief of the Fire Department, addressed the Board, opposing any type of construction permitting veneer walls, declaring that when the interior of a building is destroyed by fire that such walls would fall and afford no protection whatever.

Motion.

Supervisor Johnston moved that the Building Laws Committee consider carefully the matter of a cheaper building construction in the fire limits and report their conclusions to the Board of Supervisors.

So ordered.

Adopted.

The following Resolution was introduced by Supervisor Center and adopted by the following vote:

City Attorney to File His Brief in Reply to the Spring Valley Water Company.

Resolution No. 3608 (New Series), as follows:

Whereas, The question of water rates has been involved in litigation since the year 1903, the Spring Valley Water Company contesting annually the rates fixed by the Board of Supervisors, and

Whereas, It is to the interest of the public that this litigation be determined to the end that a basis of valuation of the properties of said Company be arrived at and thus enable the establishment of rates that will relieve the present strained relations existing between the public and the water company; now therefore

Resolved, That the City Attorney be and is hereby requested and urged to file at the earliest possible day his brief in reply to that filed by the Spring Valley Water Company in the cases now pending in the United States Circuit Court, in order that the valuation of the properties of said Company may be determined by said Court.

D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—18.

Relative to Street Paving. Motion.

Supervisor Jennings moved that the Board of Public Works be directed to prepare a map and plans showing different kinds of paving material used in streets of the city and to recommend that which they think will give the best results.

So ordered.

Motion.

Supervisor Pollok moved that the Board meet on Tuesday evening, April 13, 1909, at 7:30 p. m., to receive the report of the Board of Public Works on character of pavements for accepted streets.

So ordered.

ADJOURNMENT.

Whereupon, the Board at the hour of 10:00 o'clock p. m., adjourned.

JOHN E. BEHAN, Clerk.

Approved by the Board of Supervisors

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John E. Behan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the dates thereon stated, and approved as above recited.

ACQUISITION OF MUNICIPAL WATER SUPPLY.

Report of the Special Committee on Proceedings Before the Congressional Committees in the Matter of Exchange of Lands Between the United States Government and San Francisco, Held at Washington, D. C.

San Francisco, April 5, 1909.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

In accordance with Resolution No. 2976 (New Series), approved December 1, 1908, the undersigned proceeded to Washington, arriving on December 12, 1908. The duty assigned to us was to secure the passage, if possible, of the joint Resolution of the two houses of Congress, authorizing the Secretary of the Interior to execute certain exchanges of lands between the United States Government and the City and County of San Francisco, which lands are situated within the limits of the Yosemite National Park, and the "Segregated Area" adjacent, and were to be exchanged in accordance with stipulation confirmed by the action of your Honorable Board in May and June, 1908, and in accordance with the stipulations agreed upon with the Honorable,

the Secretary of the Interior on May 11, 1908.

We immediately put ourselves in communication with the Hon. Geo. C. Perkins and Hon. Frank B. Flint, Senators of California, and with the Hon. Julius Kahn and Hon. E. A. Hayes, Representatives in Congress from this city. We were assured by these gentlemen that there would be no difficulty in securing the passage of a joint Resolution effecting this exchange by the approaching holidays.

On December 16, 1908, the Committee on Public Lands of the House of Representatives met in the house office building in Washington, the Hon. Frank W. Mondell, Chairman, presiding; special order for the morning being House Joint Resolution 184, introduced by Mr. Kahn, on May 16, 1908, entitled, "To allow the City and County of San Francisco to exchange lands in the Yosemite National Park and adjacent National forest, for portions of the Hetch Hetchy and Lake Eleanor Reservoir sites in said Yosemite National Park for the purposes of a municipal water supply." Representative Needham appeared and insisted that Secretary Garfield's grant be not modified.

Official copies of this hearing are submitted herewith. It will be noted that at this meeting the Hon. James R. Garfield, Secretary of the Interior, was present, and presented the results of his examination into the case in a very comprehensive statement. Quite a large number of communications, adverse to the granting of the privilege of exchange, were presented, and are found printed in the hearing herewith submitted. These are from Robert U. Johnson, of the Century Magazine; memorandum from John Muir, president of the Sierra Club; and from Horace McFarland, president of the American Civic Association; Norman J. Hapgood, editor of Collier's Weekly; William E. Colby, secretary of the Sierra Club; a full brief by R. U. Johnson, quotations from Muir's article in the Century, from Allen Chamberlain of the Appalachian Mountain Club, Boston; a joint communication from John Muir, C. T. Parson, J. N. Le Conte and William F. Bade, directors of the Sierra Club, and from T. F. McGovern, chairman of the

Board of Supervisors of Tuolumne County.

At the close of that meeting, a subcommittee of five was appointed, of which Mr. Smith of California was the chairman. The duties of this committee were to compare the various forms and amendments submitted, and to draft a resolution putting the exchange into effect. One or the other of us kept in contact with this Committee daily, except during the three days' holiday at Christmas. On January 9th the full Committee met, Chairman Mondell presiding. It was found that some subtle influence was at work, opposing these grants, and in the latter part of December, Supervisor Giannini found it advisable to go to New York. He there ascertained that the president and the attorney of the Spring Valley Water Company were actively engaged in opposing San Francisco's petition.

At the meeting of January 9th, Mr. Englebright made strong objection to the passage of the resolution unless a point of diversion should be fixed. Mr. Whitman, of Boston, Massachusetts, representing the Appalachian Mountain Club, and the Sierra Club of San Francisco, presented an argument against granting any privileges whatever to the city for the storage of water. There were also filed a large number of protests against the granting of the exchange.

Secretary Garfield's ruling having been attacked in these proceedings, he again appeared and presented in full the law governing the case, the policy of the Department, and confirmed in strong terms his previous actions. The Hon. George W. Woodruff, Assistant Attorney-General for the Interior Department, also set forth the law and practice of the Department, and materially strengthened the position of the Department in its rulings. Both Mr. Kahn and Mr. Hayes were present during this meeting and presented various phases of the case. Upon the conclusion of these hearings, the Committee went into executive session with the understanding that at the next meeting final form of the resolution would be presented, and adjourned to meet on Tuesday, January 12th, in executive session. Anticipating that this program would be carried out, we did not expect to attend this meeting, but in passing through the hall, on the above date, we noticed that a meeting was being held and that the attorney for the Spring Valley Water Company had appeared without announcement or notice, to us or to any of San Francisco's representatives, and was addressing the Committee, presenting certain legal objections, and opposing the passage of the Resolution of Exchange

on legal and technical grounds. A full statement is appended in the proceedings herewith submitted, and a large number of telegrams and letters were submitted, which are printed in the record.

Such a number of technical points were raised by the attorney for the Spring Valley Water Company that we deemed it best to advise that His Honor the Mayor and Special Attorney Judge Curtis H. Lindley and other of the city officials be sent on to meet these points. This necessitated an adjournment until Monday, January 20th, at which date the hearing was resumed. The additional members sent on by the city were the Hon. Warren Olney, ex-Mayor of Oakland; Hon. James D. Phelan, ex-Mayor of San Francisco; Percy V. Long, City and County Attorney; Mr. Walter McArthur, editor of Seamen's Journal, and Mr. John D. Galloway, member American Society of Civil Engineers. These gentlemen all presented their views as recorded in the printed copy of the hearings of that day. Additional letters and telegrams were sent in and are printed in full in the record. The hearings not being completed on that day, the Committee adjourned until Tuesday, the 21st, when the discussion was continued and finally closed.

On February 8, 1909, the report of the House Committee on Public Lands was submitted to the Committee of the Whole and ordered printed. Concurring in this report were eight members of the Committee, led by Mr. Smith of California, dissenting from this report was a minority report signed by Congressmen Mondell (Chairman), Ferris, Craig, Reynolds and Hamilton, a second minority report signed by Congressmen Volstead and Gronna, a third minority report of some length by Congressman Parsons. Copies of the majority and minorities' reports are submitted herewith.

The proceedings of the Committee on Public Lands of the Senate were as follows:

On February 3rd, this Committee met; Senator Nelson, Chairman. It was decided that as the proceedings before the House Committee had been very full, and were available in printed form, that it would not be necessary to stenographically report the Senate Committee proceedings. A general presentation of the City's case, coinciding practically and somewhat shorter than the previous presentation to the House Committee, was then made. The Committee having other important matters to take up, it was adjourned until February 10th, at which date the second meeting was held; full records being kept, and a printed copy of the proceedings is submitted herewith. It

will be noted that quite a number of prominent Eastern gentlemen, some of whom were actually acquainted with the subject matter, addressed this meeting, as well as a representative of the Chicago Geographical Society; the Saturday Walking Club, the Playground Association of Chicago, and who in a larger sense claimed to represent the future generations to whom Hetch Hetchy Valley is represented to have been deeded in perpetuity by Congress, titles to which ownership were, however, not presented further than by this broad statement. The time of the Committee was fully taken up by these objectors. The Committee adjourned to meet on February 12th, at 10 a. m.

At this meeting the attorney for the Spring Valley Water Company made a second long argument, fully presented in the printed record submitted; also the Chief Engineer of the Spring Valley Water Company. In this meeting quite an interest in the sale of the Spring Valley properties to the City was developed, and this question was injected into the real proposition under discussion in such form as to make it apparent that the Committee would not decide in favor of the Resolution authorizing an exchange of lands. A large number of opposing opinions were expressed and discussed, and the adverse purposes of the majority of the Senate Committee having been made manifest to us, we then requested Senator Flint to withdraw further action.

Before leaving Washington, we addressed to Senators Perkins and Flint and to Congressmen Kahn and Hayes a joint letter requesting these gentlemen to resubmit the propositions involved in this exchange of lands to the Sixty-first Congress at its first meeting.

As this exchange is not absolutely essential to the carrying out of the work before you, it may be left to our Senators and Representatives in the Sixty-first Congress. We are, however, of the opinion that it is desirable to carry out the exchange, as it is in harmony with a formal agreement entered into with the proper officials of our Government and for the purposes of perfecting an agreement between this City and the Government. The denial of this exchange has been used for the purpose of making it appear that it entirely thwarts the great interests of this City in the acquisition of a water supply, and this has been so persistently put forward that it is solemnly believed by many. The policy of this City, however, should be to pursue persistently and consistently the perfecting of the rights now in her ownership. No other proposition is of such vital moment and none other of whatever nature should be permitted

to interpose a diverting opinion or line of action.

The vigor and character of the opposition are conclusive evidence of the high value and importance of the rights which have been secured by the City, for it cannot be conceived that so much effort and expense would be put forth to prevent the acquisition of these rights were they as valueless as is claimed by the opponents of the project.

Respectfully submitted.

A. H. GIANNINI,

Chairman Committee of Public Utilities.

MARSDEN MANSON,

City Engineer.

Report of the Special Committee on Permits Secured for the City and County of San Francisco in Connection with the Hetch Hetchy Water Project, Together with a Schedule and Recommendations of Said Committee.

San Francisco, April 5, 1909.

To the Honorable the Board of Supervisors, City and County of San Francisco.

Gentlemen:

We have fully advised you and submitted, from time to time, copies of the proceedings held by the Committees of the two Houses of Congress in the matter of the granting of the privileges to exchange lands in Hetch Hetchy Valley with the United States Government in accordance with stipulations entered into with the Government through the Hon. James R. Garfield, Secretary of the Interior, on May 11, 1908, and subsequently confirmed by your Honorable Board.

In the progress of these proceedings it became apparent in February, that in the face of opposing interests, the Sixtieth Congress would not grant these privileges of exchange. It was therefore deemed advisable, in order not to delay the progress of the work and unknown to the opposition to secure all necessary permits which were essential to the complete carrying out of the Hetch Hetchy project. We therefore secured, through the co-operation of the Departments of the Interior and of Agriculture the following permits:

First: To strip and explore the foundation of the Eleanor Lake Dam to determine the detailed character and shape of the foundation; to make such gaugings as were necessary to erect such structures as were required, and to do all work to effectuate the conditions of the grant of May 11, 1908.

Second: Rights of way—For a diversion canal from Cherry Creek into Eleanor Lake Reservoir crossing the Park line in the saddle adjacent to and northwest of the lower end of this lake.

Third: For a canal commencing at the base of the dam and to extend along the left bank of Eleanor Creek across the Park line and into the "Segregated Area" to a power site in Tuolumne Canyon, and connected with a canal on the left bank of this canyon.

Fourth: For a power site in the "Segregated Area" situated in said canyon.

Fifth: For a canal extending from the Park line along the left bank of the Tuolumne River through the "Segregated Area" and the Stanislaus Forest reserve to its westerly boundary.

Sixth: For a power site near the mouth of the South Fork.

Certified copies of these permits are submitted herewith. It will be noted that with the permits granted on May 11, 1908, these constitute all that will be necessary to be secured for the carrying out of the entire project of developing the Hetch Hetchy and Eleanor Lake water supply, and must be followed by the submission of maps showing the final location of these canals and sites, whereupon these rights and permits under the law of February, 1905, become irrevocable during the period of their beneficial use.

The duties imposed upon us by your Honorable Board were found to be onerous and difficult, and although the prime object of our work, namely, the exchange of lands in accordance with Stipulation 1 of the grant of May 11, 1908, was delayed until some future Congress, the granting of the permits herewith submitted puts the City in the possession of all rights necessary for the development of this water supply, and places before your Honorable Board and the citizens of this City, the responsibility of perfecting and developing the most magnificent water supply within reach of any American city.

We regret that an attempt should have been made to thwart the true interests of the city by a company whose properties now in use we believe the officials and citizens of this municipality stand ready to purchase whenever a fair value can be fixed and a legal offer made. This company called to its aid the services of attorneys and also the sympathy and support of misguided sentimentalists and enthusiasts, who fail to realize the fact that San Francisco owns in fee simple a far greater portion of the floor of the Hetch Hetchy Valley than remains under the control of the Government, and that it owns also under the laws of Congress the right to flood this remaining land. Their efforts were of considerable effect in aiding the company now supplying this city with water. Many of their statements, as will be seen by

reading them, were made in ignorance, and we hope that a broader knowledge of the facts and better judgment will warrant them in a change of view.

There are, however, now in the possession of this City all necessary rights to develop the Hetch Hetchy Water supply. These rights are of such value that prompt and efficient work should be continued until the City shall enjoy the inestimable advantages to its homes and industries which the introduction of this water supply will assure.

It must be recognized that the efforts of the Spring Valley Water Company and its co-workers were to thwart the City in the acquisition of this supply and that these efforts will in all probability be continued. It must be also recognized that so long as this opposition on its part shall be continued no satisfactory basis of purchase of its works can be arranged. As outlined and advised in the report of the City Engineer of September 14, 1908, and as constantly advised by that office since 1901:

"The question of municipal ownership of this necessity cannot be allowed to drift nor be delayed without material loss to both the seller and the buyer. If a reasonable price can be submitted such as the electors of this city will be justified in approving, the development of the Tuolumne source as an auxiliary supply with control of its own power will follow in due time. But if no satisfactory basis for the purchase of the existing supply can be submitted by the Spring Valley Water Company, the development of the Tuolumne source and its independent power should be pushed to completion as herein indicated."

This city must perfect the acquisition of the Hetch Hetchy source by its introduction either as a reinforcing or as an independent supply. If steps towards either of these ends be opposed as they have been in the past by the Spring Valley Water Company, it will be difficult for that company to finance any project it may have to bring its supplies up to the growing demands of this city. If this conflict shall be pursued for any considerable length of time, it is manifest that the company will be in a position to allege that its inability to meet the growing demands is due to the efforts of the city to introduce a 'rival' supply to "bankrupt" the company. Now, to make any just basis for further misstatements or disagreements impossible, we respectfully recommend that the purpose of the officials of this city to purchase the Spring Valley plant be reiterated and that the attention of every stockholder of that company whose address can be

obtained be specifically called to the purposes of the city and its intention to purchase the Spring Valley plant as soon as a "square offer" can be had for the sale of its properties. Moreover, that it is the purpose of this city to perfect for itself the ownership of the Hetch Hetchy source as a reinforcing supply if possible, or as an independent supply if forced to do so. That it rests with the stockholders and officials of the Spring Valley Water Company to make what Senator Nelson declares has never been made, namely, "a square offer."

We therefore submit the following schedule:

(1) (a) Perfect the final payments upon all purchases of lands in the floor of the Hetch Hetchy Reservoir and areas for exchange.

(b) Acquire by purchase, under negotiations now in progress or otherwise, all privately held lands in Eleanor Lake Reservoir.

(c) Perfect final location of the route from the west boundary of Stanislaus Forest Reserve to the city and acquire title to rights of way for all structures.

(d) In accordance with the recommendations of Consulting Engineers Fitzgerald and Marx, construct gauging stations on Eleanor Creek and Tuolumne River, and occupy them for continuous gauging. This work can probably be done in conjunction with the United States Reclamation Service.

(2) (a) Clear the foundation of Eleanor Lake Dam and perfect final plans for this structure so that construction may proceed in the spring of 1910.

(b) Perfect final location of all canals and power sites under permits now granted.

(c) Perfect final plans for the construction of Cherry Creek diversion canal, for Eleanor Lake main canal and for Tuolumne power station, that these works may be proceeded with so as to use this power for operating the compressor, drilling and excavating plans to be used in all construction work upon dams, canals, tunnels, etc. The work under (2) to embrace the necessary location and construction of the telephone lines, trails and roads essential for the direction and progress of the work.

(3) As soon as the plant and force used in clearing the site of Eleanor Lake Dam can be transferred, similar work to be done at the Hetch Hetchy site.

The carrying out of this schedule is essential to the perfection of rights of incalculable value to this city. The manifest impossibility of properly perfecting these rights under a shifting control makes it obligatory upon the

present administration to demand and put in force a control which can withstand the powerful and subtle interests which have opposed and which will continue to oppose the acquisition of these rights by the city. It has only been by self-sacrifice and disinterested work that they have been carried thus far; and they can and will be wrecked unless corresponding work shall be continued, and unless it be supported by the confidence of the public in those few who direct it. The vote of November 12, 1908, was distinctly a vote of confidence in both the source of supply and in the purposes and intents of those directing its administration. This campaign cannot be successfully planned and carried out by a dozen different heads, and according to the suggestions of every one who has, or supposes he has, ideas on the subject.

The problems of execution now before this community are primarily those of law and engineering. You have, with the approval of the City Attorney, selected as special counsel in these matters a man of the highest integrity and knowledge. The work so far accomplished has been done under the Charter, and through and by the officers therein provided. We therefore recommend that your Honorable Board adopt and put into effect the above schedule. In other words, that a definite project be adopted and put into effective force along the lines prescribed in the Charter, and that the whole weight of the administration be given such effective force that this project and schedule may be carried beyond any point at which it can be balked or turned aside. Every petty or selfish interest must be disregarded and this work must go ahead on an assured basis proportionate to the magnitude of its bearing upon the future interests of this community.

Respectfully submitted.

A. H. GIANNINI,

Chairman Committee on Public Utilities.

City Engineer.

Correspondence Between the Special Committee and the Departments of the Interior and Agriculture Relative to Permits to construct, Maintain and Operate Reservoirs, Conduits and Power Plants in the National Reserves.

Washington, D. C., February 18, 1909.
The Forester, Forest Service, Washington, D. C.

I, Marsden Manson, City Engineer of the City and County of San Francisco, California, for and on behalf of said city, hereby apply for permission to construct and maintain and operate within the Stanislaus National Forest, California, dams, reservoirs, conduits and power plants, located as shown in

red on attached maps, which are exact reproductions of the U. S. Geological Survey maps, and which are hereby made a part of this application; said dams, reservoirs, conduits and power plants are to be used by the said City and County in connection with the installation and maintenance of a water works system for furnishing the City and County and the inhabitants with water for municipal and domestic uses, and also in connection with hydro-electric power plants to be constructed, owned and operated by the City and County for municipal purposes, as prescribed in the grant hereafter mentioned.

The permissions herein applied for are for the purpose of utilizing the grants of reservoir rights of way to said City and County by the Hon. the Secretary of the Interior on May 11, 1908.

Respectfully submitted,

MARSDEN MANSON,
City Engineer.

Permission Is Granted to City's Representatives to Enter Upon Government Lands and Take Steps to Effectuate the Grant of May 11, 1908.

Department of the Interior,
Washington, February 23, 1909.

Mr. Marsden Manson, City Engineer,
San Francisco, California.

Sir:

In compliance with the request contained in your letter of this date, authority is hereby granted you and your assistants, as the representatives of the Board of Supervisors of the City of San Francisco, California, to enter upon the Government lands and take such preliminary steps as may be necessary in connection with the work at Lake Eleanor, in the Yosemite National Park, to enable the City to effectuate the conditions under which it was authorized by the Department (May 11, 1908), to take water for municipal purposes from the park.

Copies of the rules and regulations for the government of the reservation are herewith inclosed, and instructions should be given to the City's representatives that they will be required to strictly observe the same in the transaction of the work herein authorized.

Very respectfully,

FRANK PIERCE,
First Assistant Secretary.

Tentative Map and Field Notes of Preliminary Surveys Are Filed and Secretary of Interior Is Asked to Direct Local Land Officers to Accept Same.

Washington, D. C., Feb. 25, 1909.

The Honorable the Secretary of the Interior.

Sir:

Fillings under State law of water appropriations have been made. I

therefore request that you accept this tentative map and field notes of preliminary survey of proposed rights of way, and direct local land officers to so accept same, until complete and final surveys can be made and filed as required by existing regulations; such surveys to be made with all due diligence and at the earliest practicable date.

It is to the interest of the City of San Francisco and the adjoining cities that this matter be attended to at once.

Very respectfully submitted,

MARSDEN MANSON,
City Engineer.

District of Columbia—ss.

Marsden Manson, being duly sworn, says, that he is the City Engineer of the City and County of San Francisco and is officially charged by law and by special ordinances of said City and County to make all surveys and applications for rights of way for canals, ditches and reservoirs or other structures connected with the water supply of said City and County; that the preliminary surveys of said City and County canals and ditches are described as follows:

Cherry Creek Diversion Canal—Commencing at the intersection of the westerly boundary of the Stanislaus Forest Reserve, California (the same being the easterly boundary of the Yosemite National Park) with the center line of the Cherry Creek Diversion Canal in said Forest Reserve granted to the City and County of San Francisco February 25, 1909, for municipal water supply purposes, and continuing therefrom in tunnel in a true course S. 45° E. 897 feet or 0.16 mile, and to contour elevation 4900 feet as given upon the U. S. Geological map of this region, and in accordance with stipulation three of the decision of the Honorable the Secretary of the Interior of May 11, 1908.

Eleanor Lake Main Canal—Commencing at the base of the proposed dam, of grant of May 11, 1908, on the left bank of Eleanor Creek, thence 15364 feet (2.91 miles) on a gradient of 5 feet per mile along and adjacent to the 4650 foot contour as delineated on the official map of this region by the U. S. Geological Survey, to a point on the easterly boundary of the Stanislaus National Forest Reserve, California, and at its intersection with the canal granted to the City and County of San Francisco in said Forest Reserve on February 25, 1909, said intersection being about three miles due north from the North Mountain corner of said forest reserve; being a total length of 3.07 miles of canals, were made by him as City Engineer of the said City and

County and under its authority, commencing on the 2nd day of October and ending on the 3rd day of October, 1908; and that the preliminary surveys of the said canals practically represent proper grade lines for the flow of water and that such preliminary surveys are accurately represented upon this map and by the accompanying field notes, and that no lake or lake bed, stream or stream bed is used for the said canals except as shown on this map.

MARSDEN MANSON,

Subscribed and sworn to before me, this 25th day of February, 1909.

(Seal) W. BERTRAND ACKER,

Notary Public in and for D. C.

FIELD NOTES OF CHERRY CREEK DIVERSION CANAL.

Commencing at the intersection of the westerly boundary of the Stanislaus Forest Reserve, California, (the same being the easterly boundary of the Yosemite National Park) with the center line of the canal in said Forest Reserve granted to the City and County of San Francisco February 25, 1908, for municipal water supply purposes, and continuing therefrom in tunnel in a true course S. 45° E. 897 feet or 0.16 mile to the elevation of 4900 feet as given upon the U. S. Geological map of this region; and also, in accordance with stipulation three of the decision of the Honorable the Secretary of the Interior of May 11, 1908.

These notes are the result of careful examination of the route with the official maps of the U. S. Geological Survey in hand, and will be supplemented by accurate detailed surveys and map at the earliest practicable date.

MARSDEN MANSON,

City Engineer.

FIELD NOTES OF ELEANOR LAKE MAIN CANAL.

Commencing at the base of the proposed dam, of grant of May 11, 1908, on the left bank of Eleanor Creek, thence on a gradient of 5 feet per mile along and adjacent to the 4650 foot contour as delineated on the official map of this region by the U. S. Geological Survey, 15364 feet (2.91 miles) to a point on the easterly boundary of the Stanislaus National Forest Reserve, California, at its intersection with the canal granted to the City and County of San Francisco in said Forest Reserve on February 25, 1909, said intersection being about three miles due north from the North Mountain, corner of said forest reserve.

These notes are the result of a careful examination of the route with the official maps of the U. S. Geological Survey in hand, and will be supplement-

ed by accurate detailed surveys and map at the earliest practicable date.

MARSDEN MANSON,

City Engineer.

Secretary of Interior Directs General Land Office to Accept Tentative Map and Field Notes.

Department of the Interior,

Washington, February 25, 1909.

Mr. Marsden Manson, City Engineer, San Francisco, Cal.

Sir:

Acknowledging receipt of your letter of recent date, enclosing, in behalf of the Board of Supervisors of the City of San Francisco, tentative map and field notes of preliminary surveys of rights of way over lands in the Yosemite National Park, and requesting that the local land offices be directed to accept the same until final and complete surveys have been made and filed as required by existing regulations, I transmit herewith, for your information, a copy of a letter this day addressed to the General Land Office complying with your request in the premises.

Very respectfully,

JAMES RUDOLPH GARFIELD,

Secretary.

Department of the Interior,

Washington, February 25, 1909.

The Commissioner of the General Land Office.

Sir:

I transmit herewith a letter in duplicate, from Mr. Marsden Manson, City Engineer of San Francisco, representing the Board of Supervisors of San Francisco, and accompanying tentative map and field notes of a preliminary survey of the rights of way over lands in the Yosemite National Park, coupled with a request that the local land offices be instructed to receive and file the same until final surveys can be made and filed, as required by existing regulations.

In view of the fact that the rights of way known as the Lake Eleanor Main Canal and the Cherry Creek Diversion Canal, described in the accompanying papers, are for the purpose of effectuating in part the stipulation on the part of the City of San Francisco under the privilege granted it by Department letter of May 11, 1908, for reservoir sites at Lake Eleanor and in the Hetch Hetchy Valley in the Yosemite National Park, I see no reason why the request in the premises should not receive favorable consideration, and it is accordingly hereby approved. Full compliance with the requirements of the regulations governing rights of way, approved July 8, 1901, will not be insisted upon at this time, and the city will be granted the privilege of making and completing its surveys, as required

by such regulations, at a later date. You will accordingly so instruct the local land officers, forwarding for filing in their office one set of the accompanying copies, of the application in the premises, tentative field notes of preliminary survey and attached map, requiring them to acknowledge the receipt thereof. Advise the Department of the action taken by you hereunder and retain the other set for the files of your office.

Very respectfully,

JAMES RUDOLPH GARFIELD,

Secretary.

Secretary of Agriculture Is Instructed That Compensation Is Not to Be Exact-
ed from City for Rights of Way Over
Park Lands.

Department of the Interior,

Washington, February 26, 1909.

The Honorable Secretary of Agriculture.

Sir:

Your letter of the 25th instant has been received, inclosing a map filed by the City of San Francisco, through Mr. Marsden Manson, City Engineer, as the City's application, under the Act of February 15, 1901 (30 Stat. 790), for a permit for municipal water and power project within the Stanislaus National Forest, and situated partly upon lands segregated from the Yosemite National Park and made a part of said National Forest, by the Act of February 7, 1905. (33 Stats. 702.)

You inclose a draft of a permit which the Forest Service contemplates issuing to the City for this project, and inquire whether it is consistent with the views of this Department regarding the matter of charges. You also add that it is not the present intention of the Forest Service to require the City to pay any charge for the use of National Forest lands not formerly within the National Park.

In response thereto, I have to state that, in view of the fact that the water to be furnished the City of San Francisco from Lake Eleanor and Hetch Hetchy Valley, in the Yosemite National Park, is to be used for domestic purposes, it is not the purpose of the Department to exact any compensation for the rights of way desired by the City over park lands, and which are to be used in effectuating its agreement with the Interior Department.

It will be required, however, to make payment for such timber as may be cut or destroyed in the construction of such rights of way. I have therefore to suggest that the permit be so modified as to provide for the payment to the Forest Service, in such manner and at such rates as may be fixed by the Forest Service, for all timber cut and destroyed on the National Forest lands

which were not excluded from the Yosemite National Park; the Secretary of the Interior will fix the rate to be paid for such timber from the right of way through the segregated territory, and it is requested that the Forest Service will advise this Department as to the quantity of timber cut, used or destroyed in the segregated territory, together with the rates which, in its judgment, should be paid therefor by the City.

In view of the fact that the form of permit submitted provides that in case any electric power generated by the plants authorized by this permit is sold commercially, such reasonable charges therefor as may be from time to time fixed by the duly authorized representatives of the United States shall be paid by the permittee, at such time and in such manner as such officers may prescribe, the Department will exact the same payments for a proportionate share of the power generated through the use of the right of way over the lands segregated from the Yosemite National Park and sold commercially.

The map accompanying your letter is herewith returned with the request that, if practicable, a copy thereof be supplied for the files of this Department, as well as a copy of the forms of permits issued by the Forest Service in the premises.

Very respectfully,

JAMES RUDOLPH GARFIELD,

Secretary.

Department of Agriculture Issues Special Use Permit for Use of National Forest Lands for Reservoirs, Conduits and Power Plants.

United States Department of Agriculture Forest Service, District 5, First National Bank Building, San Francisco, California, March 15, 1909.

Mr. Marsden Manson, City Engineer, San Francisco, California.

Dear Sir:

I take pleasure in enclosing special-use permit for the use of National Forest lands, for reservoirs, conduits and power plants to be used in connection with the water works system of San Francisco, and hydro-electric power plants for municipal purposes.

Very truly yours,

ROY HEADLEY,

Acting Chief of Operation.

SPECIAL USE PERMIT.

Uses, Stanislaus, San Francisco, Dams, Reservoirs, Conduits, 2-19-09.

United States Department of Agriculture, Forest Service.

Permission is hereby granted to the City and County of San Francisco, California, a municipal corporation of

said State, to construct and maintain within the Stanislaus National Forest, dams, reservoirs, conduits and power plants, to be located as shown on a certain map filed by Marsden Manson, City Engineer of said City and County, in the office of the Forester, United States Forest Service, Washington, D. C., on February 19, 1909, which map is hereby made a part of this permit. The said dams, reservoirs, conduits and power plants are to be used by said City and County in connection with the installation and maintenance of a water works system for furnishing the said City and County and the inhabitants thereof with water for municipal and domestic use, and also in connection with hydro-electric power plants to be constructed, owned and operated by the said City and County for municipal purposes in connection with the grants of reservoir rights of way to said City and County made by the Secretary of the Interior on May 11, 1908. This permit is issued under the following conditions:

1. That the permittee shall conform to all regulations heretofore and hereafter adopted and prescribed by the Secretary of Agriculture governing National Forests, and shall not take, cut, or destroy any timber within the Stanislaus National Forest, except such as may be actually necessary to be removed or destroyed in connection with the construction of the above mentioned dams, reservoirs, conduits and power plants.

2. To pay the United States in such manner and at such rate as may be fixed by the Forester, Department of Agriculture, Forest Service, for all National Forest timber cut, used, or destroyed under this permit, and to dispose of all timber, brush and refuse as directed by the Forest Service officers.

3. To build new roads and trails as required by the Forest Service officers to replace any roads or trails destroyed by construction work; and to build and maintain suitable crossings as required by such officers for all roads or trails which intersect the reservoirs or conduits.

4. The permittee, its employees, contractors, and employees of contractors, shall do all in their power, both independently and upon request of Forest officers, to prevent and suppress forest fires, and in case any fires should start on the forest in the vicinity of any construction camp maintained by the permittee or its contractors, the permittee shall promptly cause free assistance to be rendered in extinguishing such fires.

5. In case any of the electric power generated by the plants authorized by

this permit is sold, such reasonable charges therefor as may from time to time be fixed by the duly authorized officers of the United States shall be paid by the permittee at such time and in such manner as such officers may prescribe.

6. This permit is not transferable (Sec. 3737 U. S. Rev. Stat.), and shall terminate upon breach of any of the conditions herein, or at the discretion of the Forester.

GIFFORD PINCHOT,

Forester.

Washington, D. C., February 25, 1909.

City Is Informed that It Will Be Required to Pay for Any Timber Cut, Used or Destroyed Within the "Segregated Area" at Such Rates as the Secretary of the Interior May Determine.

United States Department of Agriculture Forest Service, District 5, First National Bank Building, San Francisco, California, March 20, 1909.

Mr. Marsden Manson, City Engineer, City Hall, San Francisco, Calif.

Dear Sir:

Under date of March 9. I have been instructed by the Forester to inform you that the City will be required to pay for any timber cut, used or destroyed in connection with the enjoyment of its privilege within the territory segregated from the Yosemite National Park by the Act of February 7, 1905, in such manner and at such rates as the Secretary of the Interior may determine. An examination is at present being made, with a view of determining these rates, and as soon as this examination has been completed, the Secretary will inform you just what these rates are to be.

Very truly yours,

G. M. HOMANS,

Acting District Forester.

ARCHITECTS' COMPETITION. City Hall.

The following Reports and Resolutions, being the recommendations of the Public Buildings Committee and a minority of said Committee, respectively, were introduced and on *motion laid over one week*:

Majority Report.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: Your Committee on Public Buildings to whom were referred the amended program of a competition for the selection of an architect to prepare plans and specifications for a City Hall, issued by the Bureau of Architecture of the Board of Public Works, Newton J. Tharp, City Architect, April 2, 1909, begs leave to report in favor of said amended program.

Your Committee conferred with a committee representing the San Francisco Chapter of the American Institute of Architects, and as a result of said conference recommends that the following paragraph be added to Article 7 of said program, to wit:

"It is further understood that the architect or firm of architects to whom the commission is given for the execution of the plans and specifications for this building will be required, upon appointment, to give satisfactory assurance to the Board of Public Works that said architect or firm will open a *bona fide* office in the City and County of San Francisco and carry on all the work of preparation of the plans and specifications in said City and County during the entire time of the construction of the building.

Your Committee recommends that the jury appointed for the purpose of passing upon and selecting the plans best adapted when submitted, shall be constituted as follows:

The Mayor of the City and County of San Francisco;

The City Architect;

One Architect to be chosen by the Local Chapter of the Institute of Architects;

One Architect to be chosen by the American Institute of Architects;

One Architect to be chosen by the Society of Beaux Arts Architects.

Respectfully submitted,

R. McLERAN.

PAUL BANCROFT.

Public Buildings Committee.

Minority Report.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: The undersigned, constituting a minority of your Committee

on Public Buildings, begs leave to report in favor of the original program of a competition for the selection of an architect to prepare plans and specifications for a City Hall for the City and County of San Francisco, issued by the Bureau of Architecture, Board of Public Works, Newton J. Tharp, City Architect, and filed with the Board of Supervisors February 9, 1909, and referred to the Public Buildings Committee.

The main point of difference between this plan and the amended plan reported by the majority of the Public Buildings Committee is that the original plan of the City Architect provides for the selection by the Board of Public Works of architects or firms of architects not exceeding ten, to submit plans for the new building, each of whom shall be paid the sum of \$1,000 to cover the cost of expense of the plans.

Your Committee concurs in the amendment submitted by the majority that the successful architect or firm of architects will be required upon appointment to give satisfactory assurance to the Board of Public Works that a *bona fide* office will be opened in the City and County of San Francisco and the work of preparation and carrying on of all plans and specifications shall be conducted in the City and County during the entire time of the construction of the building.

Respectfully submitted,

LORING P. RIXFORD.

Minority Committee on Public Buildings.

Providing \$15,000 for Plans for City Hall.

Resolved, That the sum of \$15,000 be and the same is hereby set aside out of the General Fund for the purpose of enabling the Board of Public Works to obtain plans for a City Hall for the City and County of San Francisco, to be erected on the block bounded by Larkin and McAllister streets and City Hall avenue; that the necessary plans are to be procured and paid for by an "Architectural Competition", and in the manner set forth in a report of Newton J. Tharp, City Architect, submitted to the Board of Supervisors April 2, 1909.

It is further declared to be the intention of the Board of Supervisors to submit to the voters of the City and County a proposition to incur a bonded indebtedness to the amount of approximately \$4,000,000 for the purpose of erecting a City Hall on the property above described.

Raising East Street Sidewalks to Official Grade.

Also, Resolution No. 3637 (New Series), as follows:

Resolved, That the Board of Public Works be and it is hereby requested to serve notice on property owners on the west side of East street to raise their sidewalks to the official line and grade, and if no attention is paid to said notice, the said Board of Public Works is hereby requested to proceed with the doing of this work, and to charge the respective owners with the cost thereof.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—18.

Passed on File.

The following Bill was *passed on file*:

Establishing Water Rates.

Bill No. 861. Ordinance No. — (New Series). Regulating the monthly rates of compensation to be collected by any person, company or corporation engaged in the business of supplying water to the inhabitants of the City and County of San Francisco for family uses, for private purposes, for municipal uses and for all public purposes of said City and County for the year commencing July 1, 1909, and ending June 30, 1910.

Award of Contract, Fee Books.

Supervisor Booth introduced the following Resolution:

Resolved, That the contracts to furnish fee books for the various Municipal Departments, as specified in Schedule of Book Supplies for the year 1908-9, be and the same are hereby

awarded to the following firms, they being the lowest bidders therefor, at the following prices and per the number of the articles appearing in said schedule of supplies, to wit:

To John Kitchen Jr. Co., Nos. 66, at 54 cents each; 67, .51 each; 68, .51 each; 70, \$1.23 each; 71, .78 each; 72, \$1.20 each; 73, \$1.23 each; 74, \$1.20 each; 75, .84 each; 76, \$1.23 each; 77, .88 each; 78, \$1.20 each; 79, \$1.20 each; 80, .84 each; 82, \$1.40 each.

To Levison Printing Co., No. 81, \$2.50 each.

All other bids received for these items are hereby rejected.

Motion.

Supervisor Murdock moved that Sanford Feigenbaum, be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, Sanford Feigenbaum, attorney representing the Levison Printing Company, addressed the Board stating that it had no right to award a contract to a firm that had infringed upon his client's patent in bidding for furnishing fee books to the city, inasmuch as the city would countenance fraud and violate his client's rights in so doing.

Adopted.

Whereupon, the above Resolution was adopted, as Resolution No. 3638 (New Series), by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—18.

Chairman.

At the hour of 4 o'clock, his Honor, the Mayor, left the Chambers and called Supervisors Murdock to the Chair.

Regulating the Erection, Alteration and Maintenance of Nickelodeons and Similar Enterprises.

The following Bill laid over from the last meeting was taken up.

Bill No. 811. Ordinance No. — (New Series), entitled, "Regulating the construction, erection, alteration, maintenance and use of places of amusement wherein moving pictures are exhibited for public entertainment and to which an admission fee is charged."

Report of Board of Public Works on Dangerous Condition of Certain Nickelodeons.

The following report was presented and read by the Clerk:

San Francisco, Cal., April 5, 1909.

To the Honorable the Board of Public Works.

Gentlemen:—In response to the communication from the Supervisors of the 30th ult., requesting your Honorable

Body to investigate and report your findings upon the buildings and premises wherein moving pictures are exhibited and declared unsafe by the Board of Fire Wardens, I wish to state that I have made a personal investigation of these places and beg leave to report as follows:

Northeast corner Clement and Sixth avenue.

Shell Theater, 1761 Fillmore.

Biograph Theater, 1851 Post.

Acme Theater, South line Twenty-fourth, east of Castro.

Bijou Theater, 2692 Mission street.

Theato Theater, 2969 Sixteenth street.

Venus Theater, 2251 Market.

Unique Theater, 2117 Market.

The above buildings have been declared unsafe for the reason that the interior wall surfaces are covered—some with burlap and some with paper, notwithstanding that said burlap and paper are laid over a solid backing of wood or plaster which is in conformity with section 14 of the building law. The above places I do not consider unsafe for the reason ascribed.

The following are declared unsafe on account of insufficient exits and in interior surfaces being covered with combustible materials:

Lyriograph Theater, 1730 Fillmore.

Fillmore Theater, 1632 Fillmore.

Leader Theater, Southwest corner Fillmore and Byington avenue.

Electric Theater, 1324 Fillmore.

American Theater, 1343 Fillmore.

Automatic Theater, 1238 Fillmore.

Musee Theater, northeast corner Turk and Fillmore.

York Theater, 2885 Twenty-fourth Street.

Home Nickelodeon, 237 Church Street.

Kozy Theater, 1172 Market Street.

Grand Theater, 442 Hayes Street.

Grand Theater, 822 Washington

Dragon Theater, 739 Grant avenue.

Pioneer Nickelodeon, 1144 Market Street.

These I consider reasonably safe as at present maintained, but as a further precaution would recommend that additional improvements be made regarding aisles, widening of exits, and in some instances new ones provided, all of which can be feasibly done, so as to conform as far as practicable to the proposed ordinance now pending before the Board of Supervisors.

I would further recommend that the Lyric Theater and Union Nickelodeon, No. 1218 Fillmore street, and 2354 Mission street, respectively, be closed immediately as the exits originally provided have been closed and others substituted, which do not afford proper protection to the patrons.

The Davis Theater, 2654 Mission street, now closed, should be remodeled before resuming operations.

Theatorium, 2614 Mission street, now in operation (not mentioned in complaint), should be altered at once so as to be made more safe.

The Grand, 822 Washington, and the Dragon, 739 Grant avenue, have no rear or side exits. The picture machines I had placed in the rear of the buildings, with the audience facing the street.

Summary—I desire to state that in considering the applications of such places of amusement and having no specific law governing the same, the first consideration was safety of the public in regard to construction of the buildings and proper means of exit.

I have personally, with few exceptions, inspected the premises of all applicants and paid particular attention to the location of the machine box and exacted that in some instances it be placed in the rear where side or rear exits were not obtainable, with the audience facing the street, thereby affording them the entire front of the building as a means of exit.

In buildings affording a larger seating capacity than the average places of this character, we have caused the machine to be placed in the center of the building, so that in case of fire or panic, caused by the same, the people in one half of the house have direct exit to the rear, while the others have the front.

If the proposed ordinance now pending before the Board of Supervisors, which I heartily approve, be quickly adopted, this Department will then have something specific to guide them in granting or refusing permits, and thereby be relieved of an arduous duty owing to the many perplexities occasioned by the absence of a law governing these places of amusement.

Respectfully submitted,

(Signed) JOHN P. HORGAN,
Chief Inspector.

Motion.

Supervisor D'Ancona moved to amend Bill so as to make existing nickelodeons conform to type of construction required of those to be erected in the future, by inserting the words "or maintained" in Sections 1 and 2 of the Bill.

Privilege of the Floor.

F. V. Meyers, attorney representing nickelodeons, obtained the privilege of the floor and addressed the Board favoring the passage of the Bill without the amendment, declaring that if nickelodeons now in existence were obliged to comply with the ordinance a great number would be driven out of business.

T. J. Davis, representing the Theatrical Managers' Association, favored the amendment submitted by Super-

visor D'Ancona, stating that the law should be general in its application and should extend to all nickelodeons.

Frank Gould, representing the nickelodeons, addressed the Board, opposing the proposed amendment.

Amendment Lost.

Whereupon, the question being taken on Supervisor D'Ancona's amendment, the same was *lost* by the following vote:

Ayes—Supervisors Center, Comte, Connolly, D'Ancona, Johnston—5.

Noes—Supervisors Booth, Broderick, Giannini, Jennings, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—11.

Excused from voting—Supervisor Bancroft—1.

Absent—Supervisor Hocks—1.

Final Passage.

Thereupon, the question being taken on Bill No. 711, the same was *finally passed* as Ordinance No. 728 (New Series), by the following vote:

Ayes—Supervisors Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—17.

Excused from voting—Supervisor Bancroft—1.

Regulating the Keeping of Cattle.

Bill No. 780, Ordinance No. —, "Regulating the keeping of cattle."

Statement.

Supervisor Payot stated that the Committee had agreed to amend Bill by extending the time within which dairymen must leave to limits of the City and County, from November 1, 1909, to January 1, 1910, on condition that the Dairymen's Association would pay the advertising charges for republishing the Ordinance.

Protest of San Francisco Labor Council.

The following protest was read by the Clerk:

Protest—Of the San Francisco Labor Council against Bill obliging dairymen to remove their dairies from the city limits and requesting that time limit be extended to March 1, 1910.

Motion.

Supervisor *Johnston* moved that Andrew Gallagher be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, *Andrew Gallagher*, secretary of the San Francisco Labor Council, stated that, inasmuch as the passage of the Ordinance would result in the dissolution of one of the unions affiliated with the San Francisco Labor Council, he was interested in the matter, and requested that the time be extended to March 1, 1910.

J. J. Johnston, dairyman, stated that it was a very difficult matter to move dairies in the winter, as there was no ready sale for cattle at that time, but that if the Board would not agree to extend the time to March 1, 1910, he would be willing to accept January 1, 1910, as a compromise.

Passed for Printing.

Whereupon, Bill 780 was amended by providing that the same should go into effect January 1, 1910, and as amended said Bill was *passed for printing*.

Prohibiting Nickel-in-Slot Machines.

The following Bills laid over from last meeting were taken up:

Bill No. 782, Ordinance No. — (New Series), entitled, "An Ordinance to prohibit the operation, maintenance, use, or conducting of slot machines, card machines, tapes machines and other mechanical devices, in the City and County of San Francisco, for money, or goods, wares or merchandise, when the result of the operation or action of which is dependent upon chance or hazard," the provisions of which forbid the so-called nickel-in-the-slot machines from being maintained from and after July 1, 1909.

Minority Bill.

Bill No. —, Ordinance No. — (New Series), "Imposing a license tax upon persons, associations and corporations, owning or having in charge any machine or apparatus in which, on deposit of a five-cent piece or other piece of money, or article representing money or value, the player or person operating the machine, or any other person is entitled to receive cigars, cigarettes or liquor," the provisions of which restrict two machines to one place of business, and fix a quarterly license of \$15 for each machine; and further forbids so-called "play backs," the intent of the ordinance being that the machines shall be operated as merchandise sellers solely.

Privilege of the Floor.

P. J. Healy, member of the Grand Jury, obtained the privilege of the floor and addressed the Board favoring the passage of the majority Bill.

Rev. Dr. Dille, representing Methodist Ministers' Conference, addressed the Board, stating that places where nickel-in-the-slot machines were permitted were kindergartens of crime and that he favored the abolishment of the machine completely.

E. W. Briggs, cigar dealer, stated that if the majority Bill was passed it would drive out one-third of the small cigar dealers out of business. He favored the minority Bill, declaring that it would eliminate the gambling feature.

J. S. Thomas, representing the Pres-

byterian ministers, also addressed the Board, favoring the majority Bill. Herbert Choyinski, representing the Retail Liquor Dealers, stated that the Board should not do anything that would impair the contracts of his clients, who rent part of their premises to cigar dealers, by the passage of the majority Bill.

Passed for Printing.

Whereupon, the question being taken on the majority Bill, the same was passed for printing by the following vote:

Ayes—Supervisors Booth, Center, Comte, Connolly, D'Ancona, Johnston, McAllister, Murdock, Pollok, Rixford—10.

Noes—Supervisors Bancroft, Broderick, Giannini, Hocks, Jennings, McLeran, Murphy, Payot—8.

Fixing Water Rates for Fiscal Year 1909-10.

Supervisor Johnston introduced the following Bill:

Bill No. 563, Ordinance No. — (New Series), entitled, "Regulating the monthly rates of compensation to be collected by any person, company or corporation engaged in the business of supplying water to the inhabitants of the City and County of San Francisco, for family uses, for private purposes, for municipal uses and for all public purposes of said City and County for the year commencing July 1, 1909, and ending June 30, 1910.

Report of Water Rates Committee.

To the Honorable the Board of Supervisors of the City and County of San Francisco,

Gentlemen:

Your Committee on Water Rates has considered all of the testimony taken at the hearings of the Board sitting as a Committee of the whole, all of the statements submitted by the officials of the Spring Valley Water Company, all of the statements submitted by the officials of the City, also an exhaustive report of an expert engaged to go over the books and accounts of the Spring Valley Water Company, in fact all matters having any bearing on the question of fixing of waer rates. After many meetings and much consideration, we have come to the conclusion that the water rate ordinance as adopted by the Board for 1908-09 is in all essential particulars fair and reasonable, and we therefore recommend that the rates as provided for in Ordinance No. 486 (New Series), be continued for the fiscal year 1909-10, with the exception that Section 5 be amended by inserting the word "private" before the word "gardens" (in the first line) and by inserting the word "private" before the word "grounds" (in the second line).

Respectfully submitted,

J. A. JOHNSTON,

D. C. MURPHY,

Water Rates Committee.

Read by Clerk.

Minority Report.

San Francisco, March 16th, 1909.

To the Honorable the Board of Supervisors of the City and County of San Francisco,

Gentlemen:

The minority of the Committee on Water Rates for fixing rates for the year ending June 30th, 1910, begs leave to report as follows:

Estimated Value Spring Valley Water Works.

City Engineer's Estimate, Jan., 1908.....	\$24,925,321.00
Col. W. H. Henr's report, June, 1907.....	30,982,895.00

Therefore it is recommended that Water Rates be fixed to June 30th, 1910, as follows:

Household or private rates—rates of 1902 plus 25%.

City rates—Hydrants at \$60 per annum each, i.e., \$5.

Other rates—as shown above.

It being further resolved: That in the event of the company accepting the above they in their turn agree to make extensions to their existing plant as follows:

Install such mains and connections as are now required in the City and County as requested by the Chief of the Fire Department and others. Also to lay such pipes, flumes or aqueduct as will deliver an additional ten million gallons daily to the city, and limit their dividends to 4% on 50 per share and allow an expert to examine their books at all times.

Yours very truly,

M. HALL McALLISTER,

Member of Water Committee, Board of Supervisors.

Amendment.

Supervisor Comte moved as an amendment to the Bill that the rates of 1902 plus an increase of 15 per cent and a \$5 hydrant rate be fixed as the rate for the coming fiscal year.

Amendment *accepted* by Supervisor McAllister in lieu of his minority report on condition that company extend its service.

Motion.

Supervisor D'Ancona moved that action be deferred one week.

Motion *lost* by the following vote:

Ayes—Supervisors Booth, Broderick, Comte, Connolly, D'Ancona, McAllister, Murdock—7.

Noes—Supervisors Bancroft, Center, Giannini, Hocks, Jennings, Johnston, McLeran, Murphy, Pollok, Rixford—10.

Noes—Supervisors Bancroft, Booth, Center, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McLeran, Murphy—11.

Absent—Supervisor Payot.

Action Deferred.

Supervisor Connolly moved that action on the Bill be postponed one week.

Motion *carried* by the following vote:

Ayes—Supervisors Booth, Broderick, Center, Comte, Connolly, D'Ancona, McAllister, Murdock, Pollok—9.

Noes—Supervisors Bancroft, Giannini, Hocks, Jennings, Johnston, McLeran, Murphy, Rixford—8.

Absent—Supervisor Payot—1.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Adopted.

The following Resolutions were introduced under suspension of the rules and *adopted*:

On motion of Supervisor Connolly: Requests for Extensions of Time, Fire Cistern Contracts, to Be Carefully Scrutinized.

Resolution No. 3639 (New Series), as follows:

Whereas, it has come to the notice of this Board that various contractors to whom were awarded contracts for the erection of fire cisterns under the bond issue of 1908, have been very negligent and remiss in the fulfillment of such contracts, and have unduly delayed the work thereunder; therefore, be it

Resolved, That the Board of Public Works be and it is hereby requested to scrutinize carefully all applications for extensions of time on such contracts, and to recommend favorably to this Board only such applications as present special reasons for such extensions.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Pollok—Rixford—17.

Professional Boxing Permit, Pacific Athletic Club.

Also, Resolution No. 3640 (New Series), as follows:

Resolved, That the Pacific Athletic Club be and is hereby granted permission to conduct a professional boxing exhibition during the month of April, 1909, subject to the provisions of Ordinance No. 624 of the Board of Supervisors, approved January 9, 1903.

Ayes—Supervisors Bancroft, Booth, Broderick, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Pollok, Rixford—16.

No—Supervisor Center—1.

Absent—Supervisor Payot—1.

Queries to City Attorney in Gas Rate Case.

On motion of Supervisor D'Ancona: Also, Resolution No. 3641 (New Series), as follows:

Resolved, That the City Attorney be and he is hereby requested to furnish this Board at his earliest convenience with his opinion on the following questions:

If the decision of the Federal Court

in the case of the San Francisco Gas and Electric Company against this City declare the legal rate for gas as fixed by this Board last year invalid, would the court fix a rate?

If the court declare the rate invalid and fix no rate itself, what would become of the moneys collected in excess of the \$5c rate and impounded?

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Pollok—Rixford—17.

Referred.

The following Bill was introduced by Supervisor Giannini and referred to the Building Committee:

Requiring Nickelodeons to Be Sheathed With Fireproof Materials.

Bill No. 858, Ordinance No. — (New Series), as follows: "An Ordinance providing for the sheathing of nickelodeons with fireproof material."

Adopted.

The following Resolution was introduced under suspension of the rules and adopted:

Repealing Stable Permit, William Tegeler.

On motion of Supervisor McAllister: Resolution No. 3642 (New Series), as follows:

Resolved, That Resolution No. 3619 (New Series), passed April 5, 1909, insofar as the same applies to the stable permit granted to William Tegeler, northwest corner of Church and Hancock streets, is concerned, be and the same is hereby repealed.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Pollok, Rixford—17.

Referred.

The following Resolution was intro-

duced by Supervisor Rixford and ordered referred to the Public Buildings Committee:

Selecting Site for Lowell High School.

Whereas, By Resolution No. 348 (New Series), of the Board of Supervisors, the City Attorney was requested to solicit offers for sale to the City as a site for the Lowell High School, the following described land, to wit:

Commencing at a point formed by the intersection of the northerly line of Clay street with the easterly line of Gough street, running thence northerly along said easterly line of Gough street 255 feet 4½ inches to the southerly line of Washington street; thence at a right angle easterly along said southerly line of Washington street 137 feet 6 inches; thence at a right angle southerly 127 feet 8¼ inches; thence at a right angle easterly 68 feet 9 inches; thence at a right angle southerly 127 feet 8¼ inches to the northerly line of Clay street; thence at a right angle westerly along said northerly line of Clay street 206 feet 3 inches to the easterly line of Gough street and point of commencement. Being a portion of Western Addition Block No. 123.

Therefore, be it

Resolved, That the said hereinabove described land be and the same is hereby selected for purchase by the City and County of San Francisco as a site whereon to construct the proposed Lowell High School building.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Pollok, Rixford—17.

Communication From the City Attorney With Opinion that if Federal Courts Decide Against City in Gas Rate Case that Said Courts Would Not Fix Rate; Also that if 85c Rate Was Declared Invalid Gas Company Would Retain Excess.

The following communication was received, read and ordered *referred to the Artificial Lights Committee*:
City Attorney.

San Francisco, April 10, 1900.

Gentlemen: I am in receipt of the following resolution:

"Resolved, That the City Attorney be and he is hereby requested to furnish this Board at his earliest convenience with his opinion on the following questions:

"If the decision of the Federal Court in the case of S. F. Gas and Electric Co. against this City declare the legal rate for gas as fixed by this Board last year invalid, would the Court fix a rate?

"If the Court declare the rate invalid and fix no rate itself, what would become of the moneys collected in excess of the 85c rate, and impounded?"

OPINION.

The Courts have uniformly declined to fix rates, holding that the limit of their power is to declare a rate invalid. Judge Farrington in the case of Spring Valley Water Company v. City and County of San Francisco et al., at page 66 of his opinion says:

"If the Court attempts to prescribe rates to be collected pending suit, it

Substitute Bill.

is at once met with the objection that it has no more power to fix rates than the Board has to adjudge a rate-fixing ordinance valid and constitutional; but the Court has no less power to deal with rates prescribed by the company than to deal with rates established by ordinance."

And again at page 69 makes the following order:

"An order will follow this decision providing that an injunction pendente lite issue; that complainant be permitted, under certain restrictions and limitations, to arrange its prices for water, delivered during the time said injunction remains in force, by contract with its customers."

Judge Van Fleet in discussing the matter of the application for a preliminary injunction in the case of San Francisco Gas & Electric Co. vs. City and County et al., said that he would not even discuss a limit beyond which the complainant could not go in the matter of charging for gas but in case the complainant attempted to exact unconscionable charges he would upon a proper showing restrain said complainant. This is as far as the Courts have gone.

If the 85c gas rate is declared invalid the excess will be retained by the Gas Company.

Respectfully,

PERCY V. LONG,
City Attorney.

PRESENTATION OF PROPOSALS.

Delinquent Tax List.

Proposals to print, publish and distribute the Delinquent Tax List for the year 1908 were received, opened and read, being as follows:

1. James H. Barry Company, 35-8 cents per line.
2. Daily Journal of Commerce, 49-10 cents per line.
3. Leader, 41-10 cents per line.

Ordered referred to the Printing Committee.

UNFINISHED BUSINESS (Out of Order).
On motion of Supervisor Connolly, the following Bill was taken up out of order:

Prohibiting Nickel-in-Slot Machines.

Bill No. 782, Ordinance No. — (New Series), entitled, "An ordinance to prohibit the operation, maintenance, use, or conducting of slot machines, card machines, tape machines and other mechanical devices, in the City and County of San Francisco, for money, or goods, wares or merchandise, when the result of the operation or action of which is dependent upon chance or hazard," the provisions of which forbid the so-called nickel-in-the-slot machines from being maintained from and after July 1, 1909.

Whereupon, Supervisor McLeran presented the following substitute Bill and moved its adoption in lieu of the pending measure:

Bill No. 861, Ordinance No. — (New Series), entitled, "Imposing a license tax on persons, associations or corporations owning or having in charge any machine or apparatus in which on deposit of a five cent piece, or other piece of money, or article representing money or value, the person or player operating the machine, or making such deposit, or any other person, is entitled to receive cigars, cigarettes or liquor, providing for the issuance of licenses for such machines, regulating the use of them, and prohibiting the use thereof after January first, 1910."

Motion.

Supervisor Connolly moved that W. Bacon be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Thereupon, W. Bacon, representing manufacturers of slot machines, stated that he and his clients were as much opposed to the use of slot machines as gambling devices as were the people who favored the passage of the Bill. He stated further that as a gambling device the machines had become a nuisance, but inasmuch as many cigar dealers were tied up with long leases and at high rentals based upon the productive value of the slot machines that they would suffer great loss, if not ruin, by their immediate abolishment.

James Sweeney, attorney, representing cigar dealers, addressed the Board, stating that many leases were based on the incomes insured from the use of the slot machine and their abolishment on short notice would work great hardship to many small dealers who had signed leases for a term of years. He suggested that the regulation of the slot machines be placed in the hands of the Police Department.

J. McGregor, business man, stated that the substitute bill presented by Supervisor McLeran would be just to all concerned. He stated further that the cigar dealers, wholesale and retail, were opposed to the gambling as now carried on, but did not favor any action so drastic as that proposed in the Bill entirely abolishing the machine, as such action would drive many dealers into insolvency and bankruptcy.

Dr. W. Bell, representing the Church Federation, stated that there was no good reason that the cigar business should be stimulated by a gambling device such as the slot machine any more than any other business. He opposed the machines from a moral standpoint.

P. J. Healy, member of the Grand Jury, read excerpts from the report of the Oliver Grand Jury condemnatory of the slot machine.

Dr. J. Warner, minister, stated that the only way the substitute bill could be enforced would be to post a policeman at every cigar stand, the expense of which, he claimed, would be much greater than the revenue derived from the machines.

Substitute Lost.

Whereupon, the question being taken on the substitute Bill presented by Supervisor McLeran, the same was *refused passage* by the following vote:

Ayes—Supervisors Broderick, Giannini, Hocks, Jennings, McLeran, Murphy—6.

Noes—Supervisors Bancroft, Booth, Center, Comte, Connolly, D'Ancona, Johnston, McAllister, Murdock, Payot, Pollok, Rixford—12.

Final Passage.

Thereupon, the question being taken on Bill No. 782, the same was *finally passed* as Ordinance No. 729 (New Series), by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Johnston, McAllister, Murdock, Payot, Pollok, Rixford—13.

Noes—Supervisors Giannini, Hocks, Jennings, McLeran, Murphy—5.

REPORTS OF COMMITTEES.

The following Committees, by their respective Chairmen, presented reports on various matters referred, which reports were received, read and ordered filed:

Artificial Lights Committee—By Supervisor D'Ancona, Chairman.

Finance Committee—By Supervisor Jennings, Chairman.

ARCHITECTS' COMPETITION.

City Hall.

Amended Report of Public Buildings Committee.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: Your Public Buildings Committee having under consideration the program of a competition for the selection of an architect to prepare plans and specifications for a City Hall for the City and County of San Francisco reports in favor of the Minority report submitted to your Honorable Board at the meeting of April 5, 1909, by Supervisor Rixford, with the exception that Article 21 of the program which instructs the architects to submit plans of a group of buildings of moderate heights arranged upon the lot as the competitor may deem best suited to the needs of each department, or plans of a single large building of comparatively small ground area and considerable height, be amended to read as follows:

Article XXI—"It is favored that, broadly speaking, the scheme be treated as a group of congeries of buildings of moderate height, arranged upon the lot as the competitor may deem best suited to the needs of

each department, rather than, as a single building of comparatively small ground area and considerable height."

This recommendation is in accord with the report made April 9, 1909, on this matter by the Board of Public Works and the City Architect.

Respectfully submitted,

LORING P. RIXFORD

R. McLERAN

Providing \$15,000 for an Architect's Competition for Procuring Plans for a City Hall.

Whereupon the following Resolution amended in accordance with above report was taken up and passed for printing:

Resolution No. — (New Series). Resolved, that the sum of \$15,000 be and the same is hereby set aside, appropriated and authorized to be expended by the Board of Public Works from the appropriation made in the budget of the fiscal year 1908-9, "For paving, repaving and repairs to streets, for reconstruction and repairs to sewers and for construction of and repairs to public buildings," for the purpose of enabling said Board of Public Works to obtain plans for a City Hall for the City and County of San Francisco to be erected on the block bounded by Larkin and McAllister streets and City Hall avenue; that the necessary plans are to be procured and paid for by an "architectural competition," and in the manner set forth in a report of Newton J. Tharp, City Architect, submitted to the Board of Supervisors on April 9, 1909.

It is further declared to be the intention of the Board of Supervisors to submit to the voters of the City and County a proposition to incur a bounded indebtedness to the amount of approximately \$4,000,000 for the purpose of erecting a City Hall on the property above described.

ACQUISITION OF A MUNICIPAL WATER SUPPLY AND DECLARATORY ORDINANCE; GEARY STREET MUNICIPAL ROAD.

Supervisor Giannini presented the following report:

Report of Public Utilities Committee.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: Your Public Utilities Committee, to whom were referred report of the Special Committee consisting of the Chairman of the Public Utilities Committee of the Board of Supervisors and Marsden Manson, City Engineer, appointed in accordance with Resolution No. 2975 (New Series) on

the proceedings before the Committees on Public Lands of both houses of Congress, in the matter of a Sierra water supply for San Francisco; also report on permits granted the City and County by the Departments of the Interior and Agriculture, together with correspondence bearing on said permits, begs leave to report that it has duly considered said reports and the permits granted by the Government Departments and recommends that the recommendations made in the said reports be adopted and that the following schedule of work therein specified be adhered to, to wit:

(1) (a) Perfect the final payments upon all purchases of lands in the floor of the Hetch Hetchy Reservoir and areas for exchange.

(b) Acquire by purchase, under negotiations now in progress or otherwise, all privately held lands in Eleanor Lake Reservoir.

(c) Perfect final location of the route from the west boundary of Stanislaus Forest Reserve to the city and acquire title to rights of way for all structures.

(d) In accordance with the recommendations of Consulting Engineers Fitzgerald and Marx, construct gauging stations on Eleanor Creek and Tuolumne River, and occupy them for continuous gauging. This work can probably be done in conjunction with the United States Reclamation Service.

(2) (a) Clear the foundation of Eleanor Lake Dam and perfect final plans for this structure so that construction may proceed in the spring of 1910.

(b) Perfect final location of all canal and power sites under permits now granted.

(c) Perfect final plans for the construction of Cherry Creek diversion canal, for Eleanor Lake main canal and for Tuolumne power station, that these works may be proceeded with so as to use this power for operating the compressor, drilling and excavating plants to be used in all construction work upon dams, canals, tunnels, etc. The work under (2) to embrace the necessary location and construction of the telephone lines, trails and roads essential for the direction and progress of the work.

(3) As soon as the plant and force used in clearing the site of Eleanor Lake dam can be transferred, similar work to be done at the Hetch Hetchy site.

Your Committee submits herewith a bill adopting a schedule of work and development for a municipal water supply, which bill embodies recommendations hereinabove of the Special Com-

mittee, and also directs the Board of Public Works, through the City Engineer, to carry out the schedule specified, which bill is recommended for passage.

In the matter of Bill No. 831, entitled, "Declaring and determining that the public interest and necessity demand the acquisition or construction of a public utility, viz.: A municipal street railway by the City and County of San Francisco over, upon and along Geary street, Point Lobos avenue and Tenth avenue to Golden Gate Park, and directing that the Board of Public Works procure and file plans and estimates of the original cost and completion thereof", your Committee reports that the Bill has been amended by changing the route of the line so as to permit a terminal at the Ocean Beach as follows: Geary street from Kearny street to Point Lobos avenue, Point Lobos avenue from Geary street to Cliff avenue, Cliff avenue from Point Lobos avenue to the Sutro Baths, Tenth avenue from Point Lobos avenue to Golden Gate Park.

Your Committee recommends the passage of the Bill in its present form.

Respectfully submitted,

AMENDING OCEAN SHORE FRANCHISE BY EXTENDING ROAD TO WATER FRONT AND GRANTING PRIVILEGE OF OPERATING OVER PRIVATE PROPERTY IN RICHMOND DISTRICT.

Supervisor Center presented the following:

Report of Street Committee.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: In the matter of Bill No. 761, entitled, "An Ordinance amending Section 1 of an Ordinance entitled 'Ordinance No. 1623, providing for a grant to the Ocean Shore Railway Company, a railroad corporation, of a right-of-way for, and the right to construct, maintain and operate a railroad, together with all necessary branches, sidetracks, turnouts, switches, crossings, spur tracks, yard tracks, depot tracks, and terminal tracks and facilities along, over, under, across and upon certain streets, avenues, alleys, places and properties in the City and County of San Francisco,' approved October 5, 1905," heretofore passed for printing by your Honorable Board, your Committee begs leave to report that since the passage of said bill it has again considered the question of the regranting of the franchise of the Ocean Shore Railway Company and has amended the said bill in various particulars and now recommends that said bill be passed to print as amended.

The essential changes made by the amended bill as now submitted, from the original grant made by the Board of Supervisors in October, 1905, are as follows:

The Ocean Shore Railway Company is granted a franchise to run ten blocks over and along Army street from its present termination at Illinois street to the water front.

The company is permitted by the bill to cross at grade at 15th avenue, at San Bruno avenue, at Onondaga avenue, at Paul avenue and at Dickinson street, these last concessions having been heretofore made by resolutions of the Board of Supervisors.

The company is granted the alternate privilege of traversing over private rights of way in lieu of the public streets in the event of its desiring to avail itself of this privilege.

The company is permitted the full use of streets in the Richmond District, that is to say, in the old franchise provision was made that the tracks should skirt several corners over private property, but it is left optional in the amended grant to use either the streets or to cross the corners.

In all other respects the franchise remains as when passed in the first instance.

Regarding the question of the use of steam in the operation of the road in the Richmond District, your Committee reports that the Ocean Shore Railway Company has expressed its willingness to file a stipulation in writing with the Board of Supervisors that it shall not at any time use this character of motive power for the propulsion of its cars. The filing of this stipulation will satisfy the protestants in the Richmond District and will set at rest any possible question as to the use of steam in this territory.

Respectfully submitted,

G. CENTER,
ALLAN POLLOK,
W. BRODERICK,
Street Committee.

Stipulation of Ocean Shore Railroad Company as to Non-Use of Steam Power in Richmond District.

Legal Department Ocean Shore Railway Company, Room 702 Mutual Bank Bldg.

San Francisco, April 12, 1909.
To the Honorable Mayor and Board of Supervisors of the City and County of San Francisco.

Gentlemen: In connection with the proposed amendment to Ordinance No. 1623, we wish to state, it is not the intention of the Ocean Shore Railway Company to use steam as a motive power in the operation of its trains through the Richmond District; and we hereby agree to and with the City and County of San Francisco, that the Ocean Shore Railway Company will not use locomotive steam power as a motive power for or in the operation of its trains or cars over Route No. 2, as designated in said Ordinance, being the same route a portion of which will be operated within the Richmond District.

Yours truly,

OCEANSHORE RAILWAY COMPANY,

By J. Downey Harvey,
President.
R. Miller Corbett,
Secretary.

Attest:

Read by the Clerk

Motion.

Supervisor Murphy moved that the Clerk be directed to notify the Ocean Shore Railway Company to file in the Clerk's office a certified copy of the Resolution of the Board of Directors of the Ocean Shore Railway Company authorizing the President and the Secretary of said Company to execute and file aforesaid the stipulation.

So ordered.

Privilege of the Floor.

Jas. Watson, representing Richmond District property owners, was granted the privilege of the floor and addressed the Board declaring that the stipulations of the Ocean Shore Railroad Company should be made in proper legal form.

Passed for Printing.

Amending Franchise of Ocean Shore Railway Company.

Thereupon Bill No. 761, Ordinance No. — (New Series), entitled, "An ordinance amending section 1 of an ordinance entitled, 'Ordinance No. 1623, Providing for a Grant to the Ocean Shore Railway Company, a railroad corporation, of a Right to Way for, and the Right to Construct, Maintain and Operate a Railroad, together with all Necessary Branches, Sidetracks, Turnouts, Switches, Crossings, Spur-tracks, Yard-tracks, Depot-tracks, and Terminal tracks and Facilities Along, Over, Under, Across and Upon Certain Streets, Avenues, Alleys, Places and Properties in the City and County of San Francisco,' approved October 5, A. D. 1905" as amended was *passed for printing*.

Passed for Printing.

The following Bill was *passed for printing*:

Declaring Certain Streets Boulevards and Regulating Traffic Thereon.

On motion of Supervisor Center:

Bill No. 865, Ordinance No. — (New Series), entitled, "Declaring certain streets to be boulevards, and regulating traffic thereon," the provisions of which set aside the following streets as public boulevards, viz.: Baker street from Oak street to Turk street; Fell street from Baker street to Stanyan street; Golden Gate avenue from Market street to its westerly terminus, South Park; Steiner street from Golden Gate avenue to Fulton street; Fulton street from Steiner to Baker streets; Twenty-fourth avenue from "D" street to its northerly termination; Seventh avenue from Fulton street to its northerly termination; Van Ness avenue from Market street northerly to the Bay.

Reconsideration, Amendment and Re-passage to Print.

Subsequently during the proceedings the vote by which Bill No. 865 was passed for printing was reconsidered and said bill was amended by providing that the same shall go into effect from and after May 1, 1909, and thereupon said bill as amended was passed for printing.

Passed for Printing.

The following matters were *passed for printing*:

Ordering Street Work.

On motion of Supervisor Center:

Bill No. 866, Ordinance No. — (New Series), entitled, "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order the doing of certain street work on Clement street, between Eleventh and Twelfth avenues; on the crossing of "C" street and Sixth avenue, and sewer work in Buena Vista avenue, between Congress and Java streets; in Ocean avenue, near Hawth avenue and in Reservoir street, between Market and Church streets.

Steam Pipe Permit.

Also, Resolution No. — (New Series), as follows:

Resolved, That D. H. Burnham & Company be and is hereby granted permission, revocable at will of the Board of Supervisors, to lay a steam pipe from the steam pipe now laid in Halleck street, between Sansome and Leidesdorff streets, thence along Halleck street to Leidesdorff street, and thence over and across Leidesdorff street to the San Francisco National Bank Building, situate on the northwest corner of Leidesdorff and California streets.

The said pipes shall be laid to the satisfaction and under the supervision of the Board of Public Works, Department of Electricity and the Fire Marshal.

D. H. Burnham shall at all times, while exercising such privilege, keep Leidesdorff street and Halleck street in repair for the space of two feet over said pipes.

Extension of Time, Sewer Work.

Supervisor Center presented the following:

Resolution No. — (New Series), as follows:

Resolved, That Williams & Belser be and is hereby granted an extension of ninety days' time from and after April 28, 1909, within which to complete the contract for constructing reinforced concrete sewer in Amazon street from the northwest line of London street to the northwest line of Athens street.

This extension of time is granted for the reason that owing to the inclemency of the weather and inability of the contractor to procure the material the contractor will be unable to complete the contract within the specified time.

Motion.

Supervisor Connolly moved to amend by reducing time to thirty days.

Motion lost by following vote:

FIXING AND DETERMINING TELEPHONE RATES FOR FISCAL YEAR 1909-10.

Supervisor Murphy presented the following:

Report of Telephone Rates Committee.
To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: Your Telephone Rates Committee whom your Honorable Board instructed to report a bill fixing and establishing telephone rates for the year commencing July 1, 1909, beg leave to report that they have fully considered all the testimony taken during the recent telephone rates investigation and have also considered the exhibits filed and do now recommend the passage of a bill herewith submitted, fixing and determining the maximum rates or compensation to be collected for telephonic service in the City and County of San Francisco for the year commencing July 1, 1909, and ending June 30, 1910, and prescribing the quality of such telephonic service during said year.

The essential changes made by the Bill now presented, from the telephone rates now in effect, are as follows:

Business and Professional Rates.

The complement of exchange switches included within the \$5.00 per month rate is increased from 42 to 60.

The complement of switches included within the \$9.15 per month rate is increased from 125 to 175.

The complement of switches included within the \$12.47 per month rate is increased from 209 to 300.

The complement of switches included within the \$15.00 per month rate is increased from 292 to 400.

The complement of exchange switches included within the \$17.48 per month rate is increased from 500 to 600.

The complement of switches included within the \$19.57 per month rate is increased from 667 to 780.

Business or Professional Service With Coin Collecting Attachment.

A new rate is recommended in this

character of service, being as follows:

"For a single party line telephone, business or professional, including five exchange switches per day, 25 cents per day, and for each exchange switch in excess of the number included in this rate a sum not to exceed 4 cents each."

Public Telephone Service.

Upon the earnest and unanimous petition of the hotelkeepers of the city, a change is made in this character of service in this—that from any telephone in a hotel room connecting with a hotel private branch exchange the charge for a single exchange switch shall not exceed 10 cents. In all other respects this service remains the same, that is, 5 cents per switch.

Residence Rates.

The following residence measured service rate is provided for:

"For a single party line residence telephone, including 125 exchange switches, \$3.00 per month, and for all exchange switches in excess of the number included in this rate a sum not to exceed 3 cents each.

It is estimated that the adoption of the rates herewith submitted will reduce the revenue of the Pacific Telephone and Telegraph Company during the next ensuing fiscal year approximately \$60,000 or \$65,000.

Your Committee was assisted in its investigations by Prof. C. L. Cory, who has made a thorough study of the telephone business as conducted by the Pacific Telephone and Telegraph Co., and we herewith submit and make a part of our report the findings of Prof. Cory.

Report of C. L. Cory, Consulting Engineer, on Proposed Telephone Rates Bill.

San Francisco, April 8, 1909.

To the Telephone Rates Committee, Board of Supervisors, City and County of San Francisco, California.

Gentlemen: Complying with your recent request asking me to give you an approximate estimate of what would be the probable net revenue to The Pacific Telephone & Telegraph Company for the fiscal year from July 1, 1909, to June 30, 1910, with the rates proposed by your committee, I beg to present, as set forth below, the following statement:

For the calendar year 1907 the average number of telephones in use in San Francisco for the year was approximately 30,000. The average number of telephones in use for the six months from January 1 to June 30 inclusive for 1908 was approximately 38,000. For the second half of the year 1908, or from July 1 to December 31 inclusive, the

average number of telephones in use was approximately 44,000. If this rate of increase in the number of telephones continues until January 1, 1910, there will be in use approximately 60,000 telephones on that date, which would represent the average number of telephones in use for the fiscal year from July 1, 1909, to June 30, 1910.

For the second half of the calendar year 1908, or from July 1 to December 31, the average revenue per station with the rates at present in force was \$3.714 per month, or \$44.57 per year. If it is assumed that without any change in rates the average revenue per station for 60,000 telephones will be the same the gross revenue of the Company would be \$2,674,200.00. For the purpose of comparison it may be stated that the gross revenue of the Company for the last six months of the year 1908 was, as per the statement of the Company as filed with the City, \$1,089,115.61. For a year with the same number of telephones the gross income would be twice that for six months, or \$2,178,231.22.

During the year 1907, with an average of 30,000 telephones in use, the expenses of operation, as set forth on page three of the statement filed with the Board of Supervisors on February 10, 1908, exclusive of interest, was \$1,331,693.31, or an annual expense per station of \$44.37.

During the first half of the year 1908, with an average of approximately 38,000 telephones in use, the expenses of operation, as per the statement filed with the City on February 1, 1909, was \$798,206.67, or an annual expense per station of \$42.06.

During the second half of the year 1908, with an average of approximately 44,000 telephones in use, the expenses of operation, as per the statement filed with the City on February 1, 1909, was \$805,345.39, or an annual expense per station of \$36.55.

It is perhaps reasonable to suppose that the total cost of operation for the fiscal year July 1, 1909, to June 30, 1910, will be somewhat less per station than for the last six months of the year 1908, when the annual cost of operation per station was \$36.55. An average figure for the cost of operation per station with 60,000 telephones in use is probably not far from \$33.34, which would make the estimated annual cost of operation approximately \$2,000,000. The estimated net revenue to the Company under the above assumptions would be therefore approximately \$674,200.

As per my report to you of April 2, 1909, the modification in the business rates as proposed by your committee

would correspond to a reduction of \$67,744, or the net revenue with the proposed modification in the business rates it is estimated would be approximately \$606,456.

The valuation of the telephone plant in San Francisco on July 1, 1908, was \$6,146,289.08. The additions to the plant from July 1, 1908, to January 1, 1909, represented an expenditure of \$621,981.74. The valuation of the plant, therefore, on January 1, 1909, was \$6,768,270.82.

It is manifestly impossible to, with any degree of accuracy, estimate the probable additions to the plant necessary during the calendar year 1909. With 60,000 telephones installed and in use, however, it is probable that the necessary additions to the plant will represent approximately \$1,000,000, or the total valuation of the plant on January 1, 1910, will be approximately \$7,770,000.

With the above estimated net revenue of \$606,456, the return upon the total investment, as estimated at \$7,770,000.00, would be nearly eight per cent, or using as definite the above figures, 7.8 per cent.

C. L. CORY.

OF RESOLUTIONS, BILLS AND MO-
TIONS NOT CONSIDERED OR
REPORTED UPON BY A COM-
MITTEE.

Referred.

The following Resolution was introduced by Supervisor Booth and, on his motion, ordered *referred to the Printing Committee*:

Fixing Advertising Rates for Publications
Made in Official Newspaper from April
1, 1909, to April 1, 1910.

Resolved, That the Clerk of the Board of Supervisors be and he is hereby authorized and directed to collect the following rates of advertising for publications made in the official newspaper from April 1, 1909, to April 1, 1910, to wit:

For Resolutions of Award of Contract, Proposal Notices inviting bids and Bills and Ordinances granting franchises, thirty (30) cents per square.

For Resolutions granting Special Privileges or Privileges granted in pursuance with law, the sum of twelve (12) dollars, except where a large amount of printing be required, then the rate shall be thirty (30) cents per square; provided, that where there is one permittee on a resolution granting a permit for either a laundry, stable, hospital, undertaking establishment, planing mill or woodworking establishment, the rate shall be ten (10) dollars for each resolution, except where a large amount of printing is required, then the rate shall be thirty (30) cents per square. When there are two or more such permittees on one resolution the rate shall be thirty (30) cents per square, and the total charge shall be divided proportionately among the various permittees.

For one specifically described piece of property contained in Applications for Grants of Land, the sum of twelve (12) dollars, and an extra sum of eight (8) dollars for each additional description contained therein.

Resolved, That all sums of money so collected shall be immediately paid into the Treasury by said Clerk, as provided by Chapter 3, Article III of the Charter, and the Treasurer of this City and County is hereby directed to issue to the Clerk of the Board of Supervisors his receipt for the moneys so collected and paid to said Treasurer.

Resolved, That the above rates of advertising, insofar as they are applicable, shall be collected by all officers, offices and departments of this City and County.

Passed for Printing.

The following Resolution was introduced under suspension of rules by

Supervisor Broderick, and, on his motion, *passed for printing*:

Blasting Permit.

Resolution No. — (New Series),
as follows:

Resolved, That G. P. and C. A. Wetmore be and are hereby granted permission, revocable at will of the Board of Supervisors, to blast for grading purposes in premises situate at the south side of Seventeenth street, between Hampshire street and Potrero avenue, provided that said permittee shall execute and file a good and sufficient bond in the sum of \$5,000, as fixed by the Board of Public Works and approved by his Honor the Mayor in accordance with Ordinance No. 1204, provided also that said blasting shall only be done between the hours of 7 a. m. and 6 p. m. and that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and if any of the conditions of this resolution be violated by said above named persons, then the privilege and all rights accruing thereunder shall immediately become null and void.

Adopted.

The following resolution was introduced under suspension of the rules and *adopted*:

Intention to Change Grades on Mission Street.

On motion of Supervisor Center:

Resolution No. 3679 (New Series). Declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on Mission street, between Old Crescent avenue and Marshall street, in accordance with the recommendation of the Board of Public Works filed April 5, 1909; and further declaring that no assessment district is necessary as no damage will result from said change of grade, inasmuch as the streets are ungraded and there are no existing street improvement; also directing said Board of Public Works to cause to be conspicuously posted along the street upon which such change or modification of grade is contemplated, notice of the passage of this Resolution of Intention.

The following Bill was introduced by Supervisor Comte and on his motion ordered *referred to the Building Laws Committee*:

Amending Sign Ordinances Relative to Signs on Fire Escapes.

Bill No. 868, Ordinance No. — (New Series), entitled, "Amending Section 2

of Ordinance No. 1715, entitled, "Providing for and regulating the construction, maintenance and use of signs on the roofs, walls and cornices of buildings in the City and County of San Francisco, and providing a punishment for any violation thereof", approved January 5, 1906, the provisions of which change the existing law with relation to signs on fire escapes.

Action Deferred.

The following Bill was introduced by Supervisor Giannini and on his motion *laid over one week* and copies of same ordered printed and furnished to members of Board:

Determination to Grant Franchise for Street Railroad on Stockton, Bay and Other Streets.

Resolution No. — (New Series):
Whereas, Application has been made to the Board of Supervisors of the City and County of San Francisco by Frank D. Stringham, through petition filed March 25, 1909, for a franchise for a term of twenty-five (25) years to construct, maintain and operate a single or double track street railroad, with all necessary branches, side tracks, turn-outs, switches, crossings, curves and facilities, upon, over and under the following described route, to wit:

Commencing at the southerly terminus of Stockton street where said street intersects the northerly line of Ellis street; thence over and upon said Stockton street to Bay street, curving into and connecting with double tracks on Bay street, in both an easterly and westerly direction, including the right to operate said railway through a tunnel or subway twenty-two (22) feet in width and sixteen (16) feet high in the clear, with suitable approaches to be constructed under said Stockton street from the northerly line of Sutter street to the southerly line of Sacramento street.

Also, commencing at the intersection of Bay street with the westerly line of East street; thence upon and over said Bay street to Montgomery avenue; thence curving into Montgomery avenue and upon and over Montgomery avenue to North Point street; thence curving into North Point street and upon and over North Point street to Polk street; thence curving into Polk street and upon and over said Polk street to Bay street; thence curving into Bay street and upon and over Bay street to Laguna street; thence curving into Laguna street and upon and over Laguna street to Chestnut street; thence curving into Chestnut street and upon and over Chestnut street to the Presidio Reservation.

Whereas, It appears to this Board that the public interest will be sub-

served by the grant of such franchise, therefore,

Resolved, That this Board grant a franchise as a whole, for a term of twenty-five (25) years for a standard gauge street railroad upon, along and across the hereinbefore described route.

Said street railroad franchise shall be granted after due advertisement and offer for sale, in the manner and subject to the conditions and restrictions provided in the Charter of the City and County of San Francisco, with particular reference to the following subdivisions and sections of Chapter 2, Article II, of said Charter, relating to the powers of the Board of Supervisors, to wit:

Subdivision 2 and Subdivision 27, as amended February 5th, 1903, of Section 1 thereof and Section 6 thereof.

It is hereby determined that said street railroad franchise shall be granted subject to the conditions expressed in the following form of grant, to wit:

"Bill No. —, Ordinance No. — (New Series):

Granting to.....a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side tracks, turn-outs, switches, curves, crossings and facilities, upon, over and under certain streets in the City and County of San Francisco.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. The right of way is hereby granted to, his (or its) successors or assigns, for the term of twenty-five (25) years, to use portions of the streets and avenues hereinafter named and described, for street railroad purposes, as hereinafter set forth, and to that end the said....

..... his (or its) successors or assigns, is hereby granted the right to construct, erect, maintain and operate by means of electricity or such other improved power as science has now or may hereafter discover and the laws sanction, a double track railroad upon, over and under the portions of the following streets and avenues:

Commencing at the southerly terminus of Stockton street where said street intersects the northerly line of Ellis street; thence over and upon said Stockton street to Bay street, curving into and connecting with double tracks on Bay street in both an easterly and westerly direction, including the right to operate said railway through a tunnel or subway twenty-two (22) feet in width and sixteen (16) feet high in the clear, with suitable approaches to be

constructed under said Stockton street, from the northerly line of Sutter street to the southerly line of Sacramento street; also commencing at the intersection of Bay street with the westerly line of East street; thence upon and over said Bay street to Montgomery avenue; thence curving into Montgomery avenue and upon and over Montgomery avenue to North Point street; thence curving into North Point street and upon and over North Point street to Polk street; thence curving into Polk street and upon and over said Polk street to Bay street; thence curving into Bay street and upon and over Bay street to Laguna street; thence curving into Laguna street and upon and over Laguna street to Chestnut street; thence curving into Chestnut street, and upon and over Chestnut street to the Presidio Reservation.

Section 2. It shall be lawful, and said, his (or its) successors or assigns, shall have the right to build, construct, erect and maintain all necessary poles, feed, trolley, guy, stay and sustaining wires, overhead construction, connecting tracks, Y tracks, side tracks, turn-outs, curves, switches, crossings, and to connect any or all of said tracks with the main line of the railroad, as hereinbefore set forth. But nothing herein contained shall be construed to permit the grantee to connect his (or its) tracks with those of any other person, firm or corporation, without the consent of the Board of Supervisors, provided that the grantee, his (or its) successors or assigns, may connect with existing tracks on Stockton street, at Clay street, at Jackson street, at Broadway and at Union street.

Nothing herein contained shall be construed as the right to maintain any elevated road without the permission of the Board of Supervisors.

Section 3. The foregoing grants are made upon the following express conditions, to be strictly complied with by the said grantee, his (or its) successors or assigns, viz.:

First. The grantee, his (or its) successors or assigns, shall pay to the City and County of San Francisco, in lawful money of the United States, a percentage upon the gross annual receipts of said grantee, his (or its) successors or assigns, arising from the use, operation, possession or enjoyment of such franchise, as follows:per centum thereof during the first five years of the period for which said franchise is granted;per centum thereof during the next succeeding ten years of said period; andper centum thereof during the next succeeding ten years of such period.

All such per centum of said gross receipts shall be paid monthly into the Treasury of the City and County of San Francisco on or before the tenth day of the next ensuing month, after such gross receipts shall have been earned.

Second. The grantee, his (or its) successors or assigns, shall continuously operate the whole of the railway hereby authorized, and at the end of the term of this franchise the road, track and bed of said railway, and all its stationary fixtures upon the public streets, shall become the property of the City and County.

The grantee, his (or its) successors or assigns, shall, within one hundred days, after the date of the grant hereby made, commence the construction of the railway hereby authorized, and continuously thereafter in each and every month until the completion thereof, expend in such construction at least the sum of three thousand dollars.

A failure to comply with any of the conditions in the foregoing paragraphs shall work an immediate forfeiture of such franchise, and the road or track constructed thereunder, and there shall be no power in the Board of Supervisors to relieve from such forfeiture or from any of said conditions.

On or before the tenth of each month, after said receipts shall have been earned, the grantee, his (or its) successors or assigns, and if a railway company, the President and Secretary of said railway company, shall make and file with the Clerk of the Board of Supervisors a sworn statement of the gross receipts of such railway for the preceding month.

Third. The franchise hereby granted shall not, upon the expiration of the term thereof, be renewed or regranted, and the Board of Supervisors of the City and County of San Francisco shall at all times have the power to regulate the rates of fare, to be charged by those using, operating, possessing or enjoying this franchise, and the Finance Committee of said Board shall at all times be permitted to examine and inspect their books as to their gross receipts.

Fourth. The grantee, his (or its) successors or assigns, shall grade and pave the space between the rails, and for two feet each side thereof, and between the tracks, upon the streets whereon said tracks are to be laid, and keep the same in good condition and repair, under the supervision and to the satisfaction of the Board of Public Works of the City and County.

If the grantee, his (or its) successors or assigns, shall fail to comply with

this provision upon reasonable notice from the Board of Supervisors, the Board of Public Works may forthwith proceed to do the work and the cost thereof shall be paid by the said grantee, his successors or assigns.

The grantee, his (or its) successors or assigns, shall operate his cars upon said line at as frequent intervals as in the judgment of the grantee, his (or its) successors or assigns, may be compatible with the safe and profitable operation of said road; but, in any event, the operating schedule shall be such as to require cars to be operated at not greater than a fifteen (15) minute headway continuously between the hours of 6:00 o'clock a. m. and 12 o'clock p. m., except upon Bay street consecutive blocks, upon the sole condition between Stockton and East streets.

Fifth. Such street railroad operating under different management, as the Board of Supervisors may permit, or the City and County itself, in the operation of a Municipal Railroad, shall have the privilege of using said tracks, for a distance not exceeding five (5) blocks, then and in such case each of said lines shall pay an equal portion for the construction and repair of said tracks and appurtenances, including the subway, used by said railroads jointly, for such number of blocks, and each of such lines of railroads shall likewise pay to the grantee one-half ($\frac{1}{2}$) of the regular fare for each passenger carried over such portions of the grantee's road; provided that the City and County, in the operation of a Municipal Railroad, shall have the privilege of using said tracks for a distance not exceeding ten (10) blocks on the sole condition that it pay an equal proportion of the expense of construction, maintenance and repair of the tracks, subway and appurtenances used by the City and County and the grantee, his (or its) successors or assigns, jointly.

Sixth. If permission shall be granted by the Board of Supervisors to a line or lines of street railroads operated under different managements, other than that operated by the grantee hereunder, to operate over the tracks of the grantee, for a distance greater than five (5) and not exceeding ten (10) blocks, then and in such case each of said lines shall pay an equal portion for the construction and repair of said tracks and appurtenances, including the subway, used by said railroads jointly, for such number of blocks, and each of such lines of railroads shall likewise pay to the grantee one-half ($\frac{1}{2}$) of the regular fare for each passenger carried over such portions of the grantee's road; provided that the City and County, in the operation of a Municipal Railroad, shall have the privilege of using said tracks for a distance not exceeding ten (10) blocks on the sole condition that it pay an equal proportion of the expense of construction, maintenance and repair of the tracks, subway and appurtenances used by the City and County and the grantee, his (or its) successors or assigns, jointly.

The grantee, his (or its) successors or assigns, shall have the right to reciprocal transfer privileges with the lines operated by the City and County, and the City and County and the

grantee agree to secure to each other the benefit of any transfer arrangements which may be made by either of them with other lines and affecting passengers travelling over the portion of said railroad used by the City and County and the grantee in common.

The foregoing conditions are agreed to by the City and County, because of the unusual character of the construction of said road, and because of the number of intersecting competing lines under one management.

Seventh. The grantee, his (or its) successors or assigns, shall pay to the City and County, as a license upon each car, such sum as the Board of Supervisors may fix by general Ordinance, provided, however, that such sum shall not be less than Fifteen Dollars (\$15.00) nor more than Fifty Dollars (\$50.00) per annum.

Eighth. The grantee, his (or its) successors or assigns, operating under said franchise, shall, so far as lies within his (or its or their) power, and wherever required by the Board of Supervisors, maintain reciprocal transfer privileges with intersecting lines of street railroads, provided, however, that the grantee, his (or its) successors or assigns, shall not be required to accept or grant transfer privileges, except upon terms which will net him or it one-half ($\frac{1}{2}$) of the regular fare per trip for each passenger carried; and provided, further, that the grantee, his (or its) successors or assigns, shall not be required to issue transfers to passengers travelling upon his (or its) line upon a transfer from other lines.

Ninth. The grantee operating under this franchise shall install and maintain upon Stockton street, from Ellis to Sutter streets, first-class ornamental iron poles, of a design to be approved by the Board of Supervisors, and upon each alternate pole along said street, from Pacific street to Filbert street, shall install and maintain, at his (or its) own expense, and without expense to the City and County, electric arc lights for the lighting of said streets, and shall likewise install and maintain, at his (or its) own expense, and without expense to the City and County, twenty (20) additional lights to be placed at such points along the line of said railroad as may be designated by the Board of Supervisors.

Tenth. The grantee, his (or its) successors or assigns, shall keep the subway herein referred to adequately lighted at all times during the existence of this franchise, at his (or its or their) own expense.

Eleventh. As a condition precedent to the sale and granting of this franchise, the grantee hereunder shall pre-

mit and allow all policemen and firemen of the City and County of San Francisco at all times when in uniform, and all mail-carriers in the employ of the United States Government, while engaged in the actual discharge of duty, when in uniform, to ride on the cars of such company without paying any sum of money whatever for fare or otherwise.

Twelfth. The grantee further agrees that in the event that he (or it) shall make default in the observance or performance of any of the agreements or conditions hereinbefore required to be kept and performed by him (or it), and if any such default shall continue for a period of three (3) months (exclusive of all times during which the grantee, his (or its) successors or assigns, may be delayed or interfered with, without his (its or their) connivance, by unavoidable accidents, labor strikes or the orders or judgments of any Court entered in any suit brought without his (its or their) connivance), after written notice thereof to him (it or them) from the said City and County, then and in each and every such case, the said City and County by its Board of Supervisors shall be entitled to declare this franchise and all the rights and privileges of the grantee to maintain and operate street railways in any of the hereinbefore mentioned streets of the said City and County to be forfeited and at an end; provided, however, that should the grantee, his (or its) successors or assigns, pledge or mortgage his (its or their) street railway property or any of the rights secured to the grantee, his (or its) successors or assigns, by this franchise, or any security representing the said property or rights, for the security of the payment of his (or its or their) notes, bonds or other evidences of indebtedness, the amount thereof not being in excess of the value of all the property and rights of the grantee, such right or forfeiture of this franchise by reason of any violation by the grantee, his (or its) successors or assigns, of the provisions hereof, shall not be asserted or exist against such pledgee or pledgees, mortgagee or mortgagees, or any of them, and shall not impair or affect the right of such pledgee or pledgees, mortgagee or mortgagees, to recover by foreclosure or other legal process against all the property of the grantee, including the rights and privileges hereby granted, the face value of said notes, bonds or other evidences of indebtedness, or any security representing the said property or rights to an amount, however, not in excess of the sum for which the City and County would, at the time of declaring such forfeiture, have the right under the

terms hereof to purchase the said street railway property; and it is hereby stipulated that any notice of default by the grantee, his (or its) successors or assigns, upon which a forfeiture shall be claimed, shall also be given by the said City and County to the trustee or mortgagee of record in any trust deed or mortgage securing such indebtedness. The purchaser at any foreclosure or other sale shall acquire no other or greater rights or privileges than are hereby conferred, and such purchaser shall hold said property, so purchased at such foreclosure or other sale, subject to the right of purchase at any time thereafter, as herein provided, by the said City and County; and also subject to the continuing terms, conditions and limitations of this Ordinance, including the forfeiture provision to the same extent as if the said purchaser had been the original grantee hereunder.

Section 4. First: At any time during the last ten (10) years of the life of this franchise, the City and County of San Francisco, shall have the right to acquire the same for municipal purposes, together with the power plant, poles, wires, road bed, rails, rolling stock, and all real and personal property of said railway at such fair and reasonable valuation as may be agreed upon by the grantee, his (or its) successors or assigns, and the City and County of San Francisco; or, failing such agreement, at such valuation as may be fixed by a court of competent jurisdiction, such sum, however, not to be less than seventy-five per cent (75%) of the cost of construction, equipment, betterment and improvements, including brokerage and legal expenses, the said brokerage and legal expenses to be limited to fifteen per cent (15%) of the total construction, equipment, betterment and improvements of said railway, and at not less than full market value at the time of acquisition by the City and County, of grantee, his (or its) successors or assigns, for use in connection with the operation of said street railway, but the value of the franchise element shall be excluded.

Second: The grantee, his (or its) successors or assigns shall quarterly make and file with the Board of Public Works, sworn statements showing the exact amount *bona fide* expended by the grantee, his (or its) successors or assigns, in the actual construction, equipment, betterment and improvement of said railroad and subway; and the said Board of Public Works shall, for the purpose of verifying the same, have free access to the books and vouchers of the grantee, his (or its) successors or assigns, and if the Board of Public Works shall be satisfied of the

truth of such statements, and that such amounts have been necessarily and actually expended by the grantee, his (or its) successors or assigns, in the construction, equipment, betterment and improvement of said railroad, including damages, said Board shall, by resolution, approve the same and record the said statements, together with a certified copy of the resolution approving the same, in the office of the County Recorder of the City and County of San Francisco, and the amounts contained in such approved statements, together with fifteen (15%) per cent additional for legal expenses and brokerage, shall be conclusive upon the City and County of San Francisco and the grantee, his (or its) successors or assigns, as the cost of such portion of the construction, equipment, betterment and improvement of said railway and subway, for the purpose of arriving at the seventy-five per cent (75%) referred to in the preceding paragraph of this section.

Third: If any claim or claims shall be made against the grantee, his (or its) successors or assigns, for damages arising from the construction of the tunnel aforesaid, and said claim or claims shall be settled before or after suit, or if a judgment shall be recovered against the grantee, his (or its) successors or assigns, then the amount of such settlement, judgment and payment shall be certified as hereinbefore provided for, and deemed a part of the costs of construction of said railway within the meaning of this section.

Section 5: The grantee, his (or its) successors or assigns, shall in the operation of said railroad, construe eight hours as one day's work performed, and twenty-five cents per hour as a minimum wage, but the grantee, his (or its) successors or assigns shall have the right to agree with his employees or any association of his employees, or any of them, upon any schedule of wages and hours mutually satisfactory to employer and employee.

The grantee, his (or its) successors or assigns, agree that whenever all the other street railroads operating in the City and County shall operate under a schedule of three dollars (\$3.00) per eight-hour a day for platform men the grantee, his (or its) successors or assigns shall operate under a similar schedule.

Section 6. The grantee, his (or its) successors or assigns, shall, before commencing work upon the tunnel, file a bond with the City in the sum of Fifty Thousand Dollars (\$50,000.00), to be approved by the Mayor, conditioned upon the construction and completion of said tunnel.

Section 7. This Ordinance shall take

effect and be in force from and after its passage."

It is also hereby determined that the bidder for said franchise shall file with his bid a good and sufficient bond in the penal sum of Ten Thousand (10,000) Dollars, with sureties thereon satisfactory to the Mayor of the City and County, conditioned that the bidder shall well and truly observe and perform the conditions of the franchise for which application is made, in the case the same is awarded to him, and that in case of breach of any of the conditions of such bond, the whole of the penal sum of Ten Thousand (\$10,000) Dollars, shall be taken to be liquidated damages; also.

That the successful bidder for this franchise shall pay all charges for advertising in the official newspaper of this Resolution, of the notice of sale and of the Ordinance granting said franchise.

Further Resolved, That the Clerk of this Board be and he is hereby authorized, empowered and directed to advertise for sealed proposals, or bids, for the sale of this franchise, in accordance with the terms of this Resolution as hereinbefore expressed, said bids to be filed with the Clerk not later than Monday, June 14, 1909, at the hour of 1:59 o'clock p. m., and Monday, June 14, 1909, at the hour of 3 p. m. is hereby fixed as the hour and date for the opening of said proposals, or bids, and for the awarding of said franchise.

This Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby.

RELATIVE TO OFFER OF FRENCH GOVERNMENT TO SAN FRANCISCO OF GOLD MEDAL IN COMMEMORATION OF REBUILDING OF THE CITY.

The following correspondence was presented and read by the Clerk:

Communication From Mayor.

Mayor's Office, City and County of San Francisco.

April 17, 1909.

To the Board of Supervisors of the City and County of San Francisco:

I beg to submit for your consideration a copy of a letter from the Governor of the State, of date April 16th, 1909, enclosing one to him from the Secretary of State and a copy of a letter to the Secretary of State from the French Ambassador to this country, having to do with the action of the Republic of France in causing to be struck a gold medal, to be offered to the American people and to the City of San Francisco, in commemoration of the rebuilding of the City after the earthquake of April, 1906.

I have replied to the Governor, assuring him that the City authorities will do all that is necessary and proper in order to make the occasion of the presentation of the medal worthy of the State and City.

I am informed that Ambassador Jusserand is likely to be here about the 29th of May instead of at the time mentioned in his letter to Secretary Knox, at which time he is to deliver the medal in person.

In transmitting these papers to you, I recommend that a committee be appointed to arrange a programme and otherwise to do what may be proper and necessary in the premises.

EDWARD R. TAYLOR,

Mayor.

Communication From Governor.

State of California, Executive Office, Sacramento.

April 16, 1909.

Hon. E. R. Taylor, San Francisco, Cal.—My Dear Mayor: Enclosed herewith is a letter which I have just received from Secretary Knox, attached to which is a letter from Ambassador Jusserand of the French Embassy.

It seems that the French Government desires to present a gold medal to the American people and to the City of San Francisco, in commemoration of the rebuilding of the City after the earthquake of 1906. The Ambassador desires to present it personally to the officers of the City.

I forward it to you because I believe it is something that is worthy of considerable consideration, and the event will have a great deal to do with the

upbuilding of our great city. I will communicate with Mr. Knox at once, that I have placed the papers in your hands.

I regret very much that it will be impossible for me to be present at that time, as I expect to make a trip East about May 1st and may be absent fully a month. However, if I am in the State I would be very much pleased to be present at the ceremonies, but if I am not here, I will arrange it so that Lieutenant Governor Porter will represent the State of California.

You may have copies made of the letters which I send you, to retain in your office, and then return to me, the ones sent.

Your very truly,

J. N. GILLETT.

Communication From Secretary of State.
Department of State, Washington.

April 10, 1909.

His Excellency the Governor of California, Sacramento, California.

Sir: I have the honor to enclose translation of a note from the French Ambassador at this capital, wherein he advises this Department of the action of his Government in causing to be struck a gold medal to be offered to the American people and to the City of San Francisco, in commemoration of the rebuilding of the city after the earthquake of 1906.

It will be observed from the Ambassador's note that he has been instructed by the French Government personally to deliver the medal to the authorities of San Francisco, and that he desires to visit San Francisco, about May 20 next, for that purpose. This Department will be pleased, therefore, to be advised by you of the date and place to be fixed for the ceremony, as well as the nature of such ceremony and of the reception to be accorded the Ambassador, in order that he may be furnished with all information necessary for his arrangements in the matter.

I have the honor to be, Sir,

Your obedient servant,

P. C. KNOX.

Enclosure:

From French Ambassador, April 3, 1909.

Communication From French Ambassador.
French Embassy.

Washington, April 3, 1909.

Mr. Secretary of State: As Your Excellency is aware, the Congress of the United States decided, by an Act of April 27, 1904, that a medal should be struck to commemorate the 200th anniversary of the birth of Benjamin Franklin, and that a single specimen in gold should be struck and presented to the French Republic, in pur-

suance to the suggestion of the President of the United States.

In replying to the truly memorable words spoken on that occasion by the representative of the Chief Magistrate of the nation, I expressed the opinion that the medal offered to France would be preserved at Paris in our Museum of Medals, where it would be surrounded by all those which were struck in times past, as events occurred, for the sake of commemorating the great deeds of the war of independence and of the great men who took part therein.

At the time when I uttered these words the fire which followed the earthquake at San Francisco was completing the ruin of that unfortunate city. Thinking of this disaster, which was being suffered with a fortitude that commanded universal admiration, I concluded my expressions of gratitude to the American Government and people in language which I ask permission to repeat:

"My earnest hope is that one of the next medals to be struck and added to the series will be one to commemorate the resurrection of that great town which now, at this present hour, agonizes by the shore of the Pacific. The disaster of San Francisco has awakened a feeling of deepest grief in every French heart, and a feeling of admiration, too, for the manliness displayed by the population during this awful trial. So that, what will be commemorated will not be only the American nation's sorrow, but her unflinching heroism and energy."

The words which I spoke thus, spontaneously and under the influence of the emotion caused by that event, turned out to agree so exactly with the sentiment of my country that the Government of the Republic at once appropriated them as its own. It consequently decided to justify them, while at the same time the inhabitants of the devastated region were, on their part, setting about to restore their city in its original beauty with the very energy and success which it had been so easy to predict.

In conformity, therefore, with the wish which I took the liberty to express, a medal is to be added to the series of those which have marked, from time to time ever since the earliest days of American Independence, the persistence of the sympathies which arose at the very beginning between our two countries: from the medals which commemorated the epoch of the alliance and of freedom down to the one which a popular French subscription enabled to be struck on the tragic death of Lincoln, and to the one, finally, which the American Republic

offered to my country. This medal was ordered by the French Government of Louis Bottee, winner of the ancient prize of Rome and one of our best known medal designers. On one side is allegorically represented the city of San Francisco laying aside its shroud and issuing forth from the ruins, while on the other is France presenting a branch of laurel to America. The inscription calls to mind that the medal is offered to the American people and the city of San Francisco as a token of sympathy and admiration by the French Republic.

A single specimen in gold has been struck and I have received orders from my Government to go and deliver it in person to the authorities of San Francisco. I therefore appeal to Your Excellency's kind offices in informing the said authorities of the instructions which I have received. It is my intention, if suitable to them, to start about the middle of next month and to deliver the souvenir to them between the 20th and 25th of May.

Please accept, Mr. Secretary of State, the assurance of my high consideration."

JUSSERAND.

His Excellency the Honorable P. C. Knox, Secretary of State of the United States, Washington, D. C.

Motion.

Supervisor Murphy moved that his Honor the Mayor appoint a committee of representative citizens or members of the Board to prepare a program and make arrangements for the presentation.

So ordered.

RELATIVE TO THE ACQUISITION OF A MUNICIPAL WATER SUPPLY.

The following Communications were presented and ordered *spread at length in the Journal*:

Letters Transmitting Proceedings in Matter of Water Supply Bonds to Dillon & Hubbard.

San Francisco, February 16, 1909.
Messrs. Dillon & Hubbard, Western Union Building, New York City.
Gentlemen:

As you have been advised by Percy V. Long, City Attorney, that you will be asked to examine the proceedings in the matter of the Water Supply Bonds of the City and County of San Francisco, I beg to inform you that I have this day sent by express copies of all proceedings relating thereto.

Inasmuch as you have copies of the Journals of Proceedings up to September 28th, I have not duplicated them, but have furnished you with such copies from that time, as will show the official proceedings in relation to the bonds.

In case you should discover that anything has been omitted, we will be pleased to supply you with the necessary documents.

Yours truly,

(Signed) JOHN E. BEHAN,
Clerk.

San Francisco, February 23, 1909.

Dillon & Hubbard, Western Union Building, New York, N. Y.
Gentlemen:

For your general information in regard to San Francisco Water Supply situation, I beg leave to advise you that I am transmitting you under separate cover two copies of pamphlet entitled "Engineers' Report on Water Supply." You will find therein the full text of the agreement between the Department of the Interior of the United States Government and the City and County of San Francisco in matter of granting reservoir sites and right of way at Lake Eleanor and Hetch Hetchy Valley, which agreement is referred to in the bond proceedings.

Yours truly,

(Signed) JOHN E. BEHAN,
Clerk.

Instructions to the City Attorney.

San Francisco, March 1, 1909.

Percy V. Long, City Attorney, Grant Bldg., City.

Dear Sir:

I am directed by Supervisors Murphy and Johnston, Acting Chairman of the Public Utilities Committee and Chairman of the Water Rates Committee of the Board of Supervisors respectively, to acknowledge the receipt by your office of a telegram from Dillon & Hubbard, stating that they think a reasonable fee for passing on the validity of the Water Supply bonds will be approximately \$2,000, provided if they cannot approve the bonds or suggest proceedings for approval, to make the fee somewhat smaller, and provided also that if the work should be unusually great they should have liberty to apply for additional compensation subject to your approval and to state that it will be satisfactory to the Supervisors named for your office to engage the services of Dillon and Hubbard under these terms.

The Supervisors named herein furthermore suggest that all proceedings in relation to this matter be conducted through your office, but that you transmit to the undersigned copies of all correspondence had by and between your office and Dillon & Hubbard.

Yours truly,

(Signed) JOHN E. BEHAN,
Clerk.

Letter From Dillon & Hubbard Requesting Further Information.

New York, March 24, 1909.

Percy V. Long, Esq., City Attorney, San Francisco, California.

Dear Sir:

Referring to our correspondence in regard to the proposed issue of \$600,000 water supply bonds of the City and County of San Francisco, we beg to state that we have completed our examination of the legal papers which we received from John E. Behan, Esq., City Clerk, and have to advise you that we see no reason why we cannot approve the legality of these bonds, assuming that the matters below mentioned turn out right:

1. We shall ultimately desire either to have copies of the acts and resolutions passed by this 1909 session of the California Legislature or to have some assurance from you or from some other competent authority who has made examination of all such acts and resolutions, as to whether or not any such acts or resolutions in any way affect the legality of these bonds.

2. We shall desire to have some suitable evidence as to what has been the official newspaper of the city from June 15, 1908, down to the present date (and later on if publications occur later on with respect to these bonds), so as to cover the numerous publications which have been made of ordinances, resolutions, notices, etc. Such evidence as to what is the official newspaper might be a certified copy of the ordinance or ordinances making award of the contract for the city printing covering the time here mentioned.

3. A copy, certified by the registrar of voters, of the several resolutions adopted by the board of election commissioners prescribing the boundaries of the election precincts, appointing the election officers for the various precincts, and designating the polling places, and directing publication of the election notice which was published October 29, 30, 31, November 3 and November 4, such certified copies of resolutions being accompanied respectively by a description of the boundaries of the election precincts, the list of the polling places of the several precincts, and the list of election officers, to the end that we may see that the special election notice as published corresponds with the several resolutions adopted by the board of election commissioners.

4. Mr. Behan in his letter to us dated February 16, sending us copies of the Journal of Proceedings of the Board of Supervisors, stated that as we had all of the proceedings up to September 28 he did not duplicate them, but furnished such copies from that time as

show the official proceedings in relation to these bonds. On examination we find that we have copies of the Proceedings of the Board of Supervisors only to and including the Proceedings of September 21, 1908, ending at page 839. We therefore need pages 840 to 876, both inclusive, duly certified by Mr. Behan as Clerk of the Board of Supervisors.

5. There is no newspaper clipping of the following bills as published five times each before passage, to wit:

Bill No. 568	Bill No. 677
Bill No. 587	Bill No. 683
Bill No. 653	Bill No. 745.

6. We notice that the copy of affidavit of publication of Ordinance No. 492 states that it was published on June 27, 29, July 1, 2, 3, 6, 7, 8, 9, 10, 11, 13, 14 and 15. From this affidavit apparently the ordinance was not published on June 30 nor on July 4, and was not published on Sundays. We shall be glad if you will give us a citation of any provisions in the statutes or charter of the city or any decisions of the courts covering the omitted days. Section 5 of Article XII of the charter provides:

"Such ordinance shall be published for at least two weeks in the official newspaper."

There were similar breaks in the publication of other ordinances and notices which are required by section 8 of said chapter XII to be published. We presume this publication is right, but we shall be glad if you can give us a specific reference to the provisions of the statutes or codes or charter of the city or decisions covering the breaks in publication.

7. Ordinance Number 505 was published once. We shall be glad if you will cite us to the specific provision of the charter covering the matter of such publication.

8. We find that the records and ordinances recite service of personal notice upon the owners of existing utilities soliciting offers from them for the sale of their properties to the city. We suggest that you send us copies of affidavits of such personal service, such affidavits stating the exact dates of service and having attached a copy of what was served and upon whom the service was made, and where.

9. If everything else turns out right in regard to the bonds we shall desire to have the following further papers and proceedings at the proper time:

(a) Duly certified copies of all proceedings of the Board of Supervisors relating to the sale of these bonds, including among other things proceedings for advertising the bonds for sale, showing receipts of bids for the bonds, giving the name of each bidder and the

amount bid, whether the bid includes accrued interest, and proceedings making award of the bonds, publishers' affidavits of any and all publications of notices of sale of the bonds, such affidavits stating the exact dates of publication and having newspaper clipping attached. Of course, the records of the meetings of the Board of Supervisors will as usual show the facts necessary to establish the legality of meetings, the names of members present, absent and voting, etc.

(b) Statement of the Auditor showing the assessed valuation of all taxable property of the city at the last assessment before the issuance of these bonds.

(c) Statement by the Auditor of the indebtedness of the city of all kinds, giving separately the several bond issues.

(d) A sample engraved or lithographed bond with all coupons complete or an original signed bond, if the purchaser desires to have us state in our opinion that we have examined an original bond.

(e) Signature certificate form for which we will prepare and send to you; also Treasurer's receipt, form for which we will prepare and send you.

(f) Certificate to to whether or not there is any litigation pending or threatened relating to this issue of bonds or which might affect the legality of this issue of bonds, form for which certificate we will prepare and send to you.

We should like to have a letter from you advising us as to whether or not there is any litigation with respect to water works or other litigation by the water companies involving questions which can in any way affect the validity of this issue of bonds.

We should also like to be advised when the city expects to have these bonds prepared and offered for sale.

Very truly yours,

DILLON & HUBBARD.

Letter From Dillon & Hubbard Requesting Information as to Whether Certain Section of Political Code Has Been Complied With in Regard to Registration of Voters.

New York, March 29, 1909.

PERCY V. LONG, Esq., City Attorney,
San Francisco, California.

Dear Sir:

Referring to our letter to you dated March 24, we have to request that you furnish us with information as to whether or not in the election for the issuance of these \$600,000 water supply bonds the provisions of sections 1120, 1121 and sections 1094, 1096 and 1097 of the Political Code were complied with as respects registration of voters. Please send us such certificates or evi-

dence of compliance with these provisions or such other information in regard to the matter as you may think proper.

Very truly yours,

DILLON & HUBBARD.

Letter Transmitting Documents.

San Francisco, March 30th, 1909.

Hon. Percy V. Long, City Attorney,
Grant Building.

Dear Sir:

Pursuant to the request of Messrs. Dillon & Hubbard as per their letter of March 24th, a copy of which you have this day transmitted to this office, I herewith forward to you certified copies of the following:

1. Ordinances Nos. 403 and 708 (New Series), designating the official newspaper of the City and County for the years 1908 and 1909.

2. The Journal of Proceedings of the Board of Supervisors of September 28, 1908, covering pages 841 to 875 inclusive.

3. Bills Nos. 568, 587, 653, 677, 683 and 745 as passed for printing.

4. Affidavits showing service of "Notice and Ordinance Soliciting Officers, etc.," on Spring Valley Water Co.

5. In comparing copies of affidavit of publication of Ordinance No. 492, I find an error in the copy heretofore sent to Messrs. Dillon & Hubbard, the date "June 30" having been omitted. I herewith send corrected copy of such affidavit, showing that publication of said Ordinance was on June 30, 1908.

Kindly transmit the foregoing to Messrs. Dillon & Hubbard at your earliest convenience.

Yours truly,

(Signed) JOHN E. BEHAN.

Clerk.

Letter of City Attorney Transmitting
Certain Documents.

San Francisco, April 3rd, 1909.

Messrs. Dillon & Hubbard, Attorneys-
at-Law, New York City, N. Y.

Gentlemen:

The receipt of your letters of March 24th and March 29th is hereby acknowledged.

By registered mail I transmit to you the following documents called for in the above letters, as follows:

1. Certified copies of Ordinances Nos. 403 and 708 showing the designation of the official newspaper of the City and County of San Francisco.

2. Certificates of the Registrar of Voters showing, by an extract from the minutes of the proceedings of the Board of Election Commissioners, the establishment of boundaries of the election precincts, appointment of election officers for the various precincts and the designation of the polling places and a certified copy of the notice of election ordered published by said Board.

3. A certificate of the Registrar of Voters showing compliance with the sections of the Code relating to registration, also covering all matters relating to the conduct of the special election.

4. A certified copy of the general proceedings of September 28, 1908, covering the proceedings of the Board of Supervisors, from page 841 to 875.

5. Certified copies of Bills Nos. 568, 587, 653, 677, 683 and 745 as the same were passed for printing and published prior to final passage.

6. Certified copies of three affidavits showing service of Ordinance No. 505 and notice soliciting offers by the officers of the Spring Valley Water Company and copies of the ordinance and notice served.

Upon comparing the copy of the affidavit of publication of Ordinance No. 492 I noted an error therein by the omission of the 30th day of June as one of the dates upon which the ordinance was published. I herewith send you a corrected copy of such affidavit of publication.

I believe that these are all of the records and certificates requested by you in the letters of the above dates. There are, however, certain inquiries made in addition thereto which I will endeavor to answer:

1. In the matter of acts of the Legislature passed during the present session and the possible relation of such acts to the proceedings of this bond issue I think that I can safely assure you that no act has been passed that will in any way affect such validity, nor can I see how the Legislature, under our constitutional provisions, could pass any act that would so affect them. The procedure relating to issuance of bonds by the municipality is all contained in the Charter of the City and County of San Francisco, and I apprehend that this is a "municipal affair" as those words are used in Section 6, Article XI, of the Constitution and the provisions of the Charter would not be subject to or controlled by general laws. However, all of the laws passed by the Legislature have not yet been approved by the Governor, and it is impossible at this date to say precisely what action the Legislature may have attempted. I would therefore suggest that any opinion that you might give in relation to the sufficiency of the proceedings be qualified by a proper statement as to the possibility of interfering acts by the Legislature, and as soon as the time in which the Governor has to approve bills has expired and the new statutes are accessible I will advise you positively in this respect.

2. In regard to the affidavits of publications showing no publications have been made on Sundays and legal holi-

days: The Charter requirements in regard to the publication of the ordinances connected with bond proceedings require that the same shall be published in the "official newspaper" (Sec. 15, Chap. I, Art. II, also Sections 5 and 8 of Art. XII).

The designation of an official newspaper is provided for in Section 2, Chapter III of Article II, and it is required that such newspaper shall be a daily newspaper. The Evening Post newspaper is a paper published every day "Sundays and legal holidays excepted".

We have no Code provision, so far as I am aware, that declares what constitutes a daily newspaper, but without making a specific investigation, I feel confident that The Evening Post would be held to be a daily paper as those words are used in the Charter.

The affidavits of publication show that the ordinances were published "in each and every issue and copy of said The Evening Post" newspaper printed and circulated during said time. Such a form of affidavit was held to be sufficient as showing publication on every day the paper was regularly issued as required by Section 1705 of the Code of Civil Procedure (Estate of Hamilton, 120 Cal. 421.) I think that you will find this decision satisfactory.

3. In regard to the publication of ordinances once after their final passage, I have to say that there is no provision in the Charter requiring such publication. It has always been customary, however, to do this in order to facilitate the recording of the ordinances and also to supply a sufficient number of printed slips for office use. An affidavit showing such publication would therefore be surplusage.

If upon examination of the documents herewith sent to you you find that the proceedings thus far taken are satisfactory and in all respects regular and subject to the qualification above noted as to the possibility of some act of the Legislature interfering therewith, I would be pleased to have you wire me briefly your conclusions. Upon receipt of such advice it is the intention of the Supervisors to at once fix a date for the sale of the bonds and to provide for the printing of the same. This action will probably bring out the question as to whether any litigation is to be involved affecting the legality of these bonds. Thus far no intimation has been given of such litigation. I will advise you promptly should there be any actions brought or threatened that will involve the legality of these proceedings.

Yours very truly,
(Signed) PERCY V. LONG,
City Attorney.

Letter From Dillon & Hubbard Approving
Water Supply Bonds.

New York, April 9, 1909.
Board of Supervisors of the City and
County of San Francisco, San Francisco, California.

Dear Sirs:

At your request we have examined into the validity of a proposed issue of \$600,000 water supply bonds of the City and County of San Francisco, California, said bonds being of the denomination of \$1,000 each, numbered from 1 to 600, both inclusive, dated January 1, 1909, payable, \$100,000 thereof beginning with the lowest numbers, January 1, 1910, and \$100,000 thereof of the next higher numbers on the same date in each succeeding year until all of said bonds are paid, said bonds bearing interest at the rate of four and one-half per centum per annum payable semi-annually January 1 and July 1. We have examined the constitution and statutes of the State of California and the charter of said City and County of San Francisco and certified copies of proceedings authorizing the issue of said bonds, also the proposed form of said bonds as set forth in ordinance number 572, passed and approved October 5, 1908.

It is our opinion that the issue of said \$600,000 bonds has been duly authorized in accordance with the constitution and statutes of the State of California and the charter of said City and County of San Francisco, and that (assuming that there will have been no change in the constitution or statutes or in said charter prior to the sale and delivery of said bonds, which will affect said bonds) when said bonds shall have been signed by the Mayor and Treasurer, countersigned by the Auditor, and sealed with the corporate seal of said City and County, the coupons on said bonds bearing the engaved or lithographed signature of said Treasurer, all of said persons being actually in office when the bonds are delivered and paid for, and when said bonds shall have been duly sold at not less than par and accrued interest to date of delivery of and payment for the bonds, and duly delivered and paid for, said bonds will constitute valid and legally binding obligations of said City and County of San Francisco.

Very truly yours,

DILLON & HUBBARD.

Letter From Dillon & Hubbard Enclosing Bill for Services.

April 9, 1909.

Percy V. Long, City Attorney, San Francisco, California.

Dear Sir:

Referring to our letter of even date, we send you herewith memorandum of

our fee for professional services in respect of the \$600,000 water supply bonds of the City and County of San Francisco, \$2,000, the amount agreed upon. We send this to you now, so that it may be put in due course for payment. This fee includes the services down to the giving of a final opinion in regard to these bonds, unless, as stated in our telegram to you dated February 24, the work should for some unexpected reason (which we do not anticipate) be unusually great, in which event we are to be at liberty to apply for additional compensation, subject to your approval.

Very truly yours,

DILLON & HUBBARD.

Letter From Dillon & Hubbard to City Attorney.

New York, April 9, 1909.

Percy V. Long, Esq., City Attorney,
San Francisco, California.

Dear Sir:

We duly received your letter dated April 3, also the legal papers therein mentioned under separate cover. We have made examination of these in connection with the legal papers which we already had and the charter of San Francisco, and found everything satisfactory. We are therefore sending to you herewith a preliminary opinion in favor of the validity of these bonds. As you desired us to telegraph you as soon as we reached a conclusion, we telegraphed you to-day as follows:

"Letter third and legal papers received. Found satisfactory. Mailing you preliminary opinion bonds will be valid when duly sold provided no legislation this session Legislature affecting bonds."

We note in your letter that you will send us in due course copies of all the acts and resolutions passed at this session of the California Legislature, so that we may see whether there has been any amendment. We assume that there has been no change in the charter approved by any resolution at this session of the California Legislature, and that no change is contemplated which could affect the issuance or validity of these bonds, or that you would have advised us of any such change. We note that you will inform us later as to whether there is any legislation at this session in any way affecting the validity of the bonds, sending us copies of the acts and resolutions if they are in print. We note also that you will advise us in case of any litigation affecting the issuance of these bonds. As to legislation generally affecting the power to issue the bonds we think that the matter of the issuance of the bonds is a "municipal affair" within the meaning of Section 6, Article XI of the constitution. The charter, however, as

you will recollect, refers to general legislation as to the manner of holding elections, though probably this was all concluded before this session of the Legislature. It would be a satisfaction, however, to us, in order to make sure that no legislation has escaped us, to be fully advised as to the legislation at this session, as above suggested.

You will of course at the proper time also send us the various papers and information requested in paragraph numbered 9 of our letter to you dated March 24.

Very truly yours,

DILLON & HUBBARD.

REPORTS OF COMMITTEES.

The following Committees, by their respective Chairmen, presented reports on various matters referred, which reports were received, read and ordered placed on file:

Building Laws Committee—By Supervisor Rixford, Chairman.

Finance Committee—By Supervisor Jennings, Chairman.

Fire Committee—By Supervisor Broderick, Chairman.

Printing Committee—By Supervisor Booth, Chairman.

Public Buildings Committee—By Supervisor Rixford, Chairman.

Streets, Sewers and Parks Committee, on referred matters—By Supervisor Center, Chairman.

REPORT OF ARTIFICIAL LIGHTS COMMITTEE ON QUALITY OF SERVICE AND COMPLAINTS OF EXCESSIVE CHARGES FOR GAS.

The following reports were presented and read by the Clerk:

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: As authorized and requested by Resolution No. 3485 (New Series), we have investigated complaints regarding quality of the service and high charges for gas supplied to residents of this City by the San Francisco Gas and Electric Co. and by the Metropolitan Light and Power Co. and we now desire to report the character of the investigation made, also our conclusions and recommendations.

Resolution No. 3485 (New Series) was approved March 11, 1909. Immediately after its approval by the Mayor we gave notice to the public, through the press, that the committee would meet on March 16th for the purpose of hearing complaints. We met on the date named and heard numerous complaints of various character ranging from charges of high price and low pressure to incivility on the part of clerks and collectors.

After hearing the complaints we had them classified and then turned them over to Engineer A. M. Hunt and Prof.

C. L. Cory, whom we engaged because of their expert knowledge of the gas business, for analysis. Their findings are attached and made a part of this report.

After a careful consideration of the complaints received and of the findings of Experts Hunt and Cory we are of the opinion that *two things were mainly responsible for the high gas bills during the months of Dec. '08 and Jan. and Feb. '09.*

First—Increased consumption of gas during those months due to abnormal weather conditions.

Second—Increased price for the gas, the Court having permitted the Company to charge \$1.00 per thousand cubic feet whereas the rate fixed by this Board contemplated a charge of only 85 cents.

The increase of 15 cents on each thousand cubic feet in the winter months, the months of greatest use, made the bills high, especially when compared with bills of corresponding months in the year prior when the consumption was less and the price less.

Complaints as to low pressure seem justifiable, especially those coming from residents of the Richmond District. To insure a sufficient supply and a more even pressure in this district the San Francisco Gas and Electric Co. promised the early installation of a 12-inch main in Point Lobos avenue. The same Company also assures your Committee that it is making arrangements to lay an 8-inch supply main from the Potrero plant through Army street and over into the Sunset and Parkside Districts, which will take care of the demand in this fast growing section.

Your committee has recommended to the managers of the gas companies that hereafter all consumers be made acquainted with the date on which their meters are read monthly so that they may have opportunity to make personal investigation and satisfy themselves as to the correctness of the meter reader's statement; the officials of the companies promise to put this plan into operation at once.

In order that the gas inspector in the employ of the city may be in a position to make necessary tests as to quality, illuminating power and heating value of gas, determine the pressure, prove meters and otherwise serve the public whenever complaints are made, we recommend the purchase of the following instruments and supplies and ask that provision be made for their immediate purchase:

One (1) standard 5-ft. meter prover, complete.

One (1) 100 inch standard bar photometer.

One (1) candle balance.

One (1) Pentane lamp, 10 candle power.

One (1) Junker calorimeter, for gas.

One (1) Hemple gas analysis apparatus.

One (1) dozen sample tubes for gas.

Respectfully submitted,

A. A. D'ANCONA.

J. A. JOHNSTON.

W. BRODERICK.

Artificial Lights Committee.

Referred to Finance Committee for consideration of recommendations relative to purchase of supplies and apparatus for testing gas.

San Francisco, April 9, 1909.

To the Committee on Artificial Lights, Board of Supervisors, City and County of San Francisco, California.

Gentlemen: At your request, we have made as full an investigation as possible into the character and quality of the gas supplied in the city of San Francisco, with especial reference to the complaints of high bills during the months of December, 1908, and January and February, 1909.

There being no records available for the months in question, except those of the companies supplying gas, we have been compelled to use their records, supplementing them with such investigations as we have been able to make ourselves during the past three weeks.

The results of our investigations have been negative so far as disclosing any general condition that could account for abnormal bills during the past winter, except that the winter months are always those of maximum use of gas, and that the months of January and February were abnormal as regards the large amount of cloudy and cold weather. It is also a fact that the San Francisco Gas & Electric Company have since July, 1908, been collecting a rate of \$1.00 per thousand for gas, while for two year prior to that date, they had collected only 85c per thousand. The increase of rate amounts to about 17 2-3 per cent. The average increased use during the months above noted cannot be determined, but that it was materially higher than for the same months of a normal winter is certain.

The time and facilities available made it impossible to test a sufficient number of meters (there being over 60,000 in use) to ascertain the average accuracy of all the meters in use.

Our method of procedure in reference to meter testing was as follows:

We received from various sources eighty-one complaints of high bills. Of these, twenty-four were selected after investigation of the data, and the meters were taken out and tested by us, using a standard meter prover.

Seven of the meters were found correct within one per cent; twelve were fast, the average being 2.87 per cent; and five were slow, the average being 4.2 per cent. The maximum percentage fast was six per cent, and the maximum percentage slow was seven per cent.

The facts disclosed do not show a condition of affairs as regards the meters which can be considered as serious.

The most flagrant case, so far as

appearances go, brought to our notice was one in which the bill from Jan. 12th to Feb. 11th, 1909, was given as \$1.70, and from Feb. 11th to Feb. 25th, 1909, as \$11.85. On this latter date, the customer discontinued his service with the company which had been supplying him and took gas from the other company.

An examination and analysis of his bills for the periods preceding and following the dates above given are instructive, as noted below.

The quality of gas supplied by both the San Francisco Gas & Electric Company and the Metropolitan Light & Power Company is excellent.

On March 23rd, 1909, the gas being delivered into the mains by the S. F. G. & E. Co. had a candle power of 23.6 with a gross heat value of 710 British Thermal Units. The records of the Company for the past year indicate that this same high standard has been maintained during that period.

The gas of the Metropolitan Light & Power Co., on April 6, 1909, had a candle power of 18.8 and a gross heat value of 651 British Thermal Units. From the Company's records the average candle power for the month of December, 1908, was 19.13; for the month of January, 1909, 19.58. The average gross heat value (also from the Company's records) during these months was, Dec., 1908, 652 British Thermal Units; Jan., 1909, 690 British Thermal Units.

It can be definitely stated that the gas supplied by both these companies is of as high or higher quality as regards heat value than any artificial gas supplied to any other community of which we have been able to find records.

The analyses of the two gases obtained by us are appended. The ques-

tion has been raised as to the amount of carbon monoxide contained in the gas supplied in San Francisco. The analyses obtained by us show that the gas sent out by the S. F. G. & E. Co. contained 12.6 per cent carbon monoxide on March 23rd, 1909, and that of the Metropolitan Co. 4 per cent on April 6th, 1909. In practically all the large communities of this country, except on the Pacific Coast, the gas is made by what is known as the carburetted water gas process, and usually contains about 26 per cent of carbon monoxide. It will be seen that both the gases supplied in San Francisco contain only a fraction as much of this component as exists in the bulk of the gas which is distributed in Eastern communities. The relatively larger amount contained in the gas of the S. F. G. & E. Co. as compared with that of the Metropolitan Co. is due to the fact that the former company manufactures both oil gas and carburetted water gas, which are mixed before being distributed.

An examination of the analyses shows that neither gas had been admixed with air. It is not generally known that the admixture of air with an illuminating gas cuts down its candle power very rapidly. To illustrate this we had candle power tests

made on gas containing various percentages of air. Results are given in the table below.

% of air mixed with the gas.	Loss of candle power in % of that of unmixed gas.
1%	8%
3%	16%
5%	26.2%
8%	33.8%
12%	58.7%
15%	71.1%

It is readily seen that any attempt to dilute the gas with air to increase its volume by an appreciable amount will be accompanied by such a serious loss of candle power as to betray the fact at once.

It has been claimed that a gas company can, by increasing pressure on its mains, force gas through the meters into the house pipes, and that this gas will, when the pressure is again lowered, pass back into the mains, the net result being that the meter records gas that has not been used. To ascertain if this be possible, we connected the outlet of a new and tested meter to a tank having a volume equal to the entire pipe system of an average house. The inlet side of the meter was connected to a small tank containing gas, in which the pressure could be varied from a low pressure (1½ inches of water) to the maximum pressure on the mains. After carefully noting the position of the pointer of the test dial of the meter, the pressure was varied between the extreme limits ninety (90) times. This would represent the probable number of fluctuations of pressure in the mains during the period of a month, arising from the three peaks per day caused by the heavy demand for gas for cooking. At the conclusion of the test, the pointer had apparently not moved at all. The test was a severe one, and eliminates the above theory completely.

A test was made to determine the effect of the change of pressure of gas upon the economy with which it is used in an ordinary gas range for general cooking purposes. In this test the pressure of the gas was artificially varied through a wide range, from a minimum of .5 inch to 6.1 inches of water, or a total variation of 5.6 inches. The adjustment of the burner was so made as to give what was considered the most satisfactory gas flame under a four-inch pressure, and all of the tests were made with no change whatsoever being made in this arrangement of the burner.

In order to measure the amount of gas required to do an equal amount of heating under the different pressures,

one gallon of water was in each case heated in an ordinary granite-ware tea kettle, and enough gas was burned to increase the temperature of the water 100 degrees Fahr., the initial temperature of the water in each case being about 60 degrees Fahr.

During the test the amount of gas used was measured by both a new meter which had previously been tested, and found correct, and by the prover, which is ordinarily used for testing the accuracy of the meters.

The complete results of these tests are given below:

Pressure of Gas.	Cu. Ft. of Gas.	Time Required.
0.5 inch	3.45	19 min. 46 sec.
2.0 inches	3.80	9 " 32 "
4.0 "	4.35	8 " 4/5 "
6.1 "	4.24	5 " 52 "

An examination of the results of the test shows conclusively that while the length of time required to heat the given quantity of water was much greater for the lower pressures, yet the amount of gas consumed was less at the lower pressure, so that the claimed excessive bills during December and January could not have been due to extreme low pressure.

In this connection it should be noted that the maximum fluctuations of pressure found by us, after taking simultaneously twenty-four records at five different places, was in the Richmond District on 25th avenue, north of Lake street, which on April 1st showed a fluctuation of 6.4 inches.

We earnestly recommend that the City establish a laboratory and equip it with instruments so that the City gas inspector can make regular tests. Such a laboratory should be located at a point where service pipes may be run in from the mains of both companies supplying gas. It should be equipped with the following instruments:

One (1) standard 5-ft. meter prover, complete.

One (1) 100-inch standard bar photometer.

One (1) candle balance.

One (1) Pentane lamp, 10 candle power.

One (1) Junker calorimeter, for gas.

One (1) Hempel gas analysis apparatus.

One (1) dozen sample tubes for gas.

The necessary supply of glassware, re-agents, tubes, etc. In addition to the above there should be provided at least four seven-day pressure recording gauges and two 24-hour pressure recording gauges.

The above equipment will cost installed not to exceed two thousand dollars (\$2000.00).

The gas inspector should be required to make analyses, candle power and heat value determinations of the gas at least three (3) times each week, keeping permanent record of his results. The four seven-day pressure gauges should be installed at carefully selected points, and continuous records of the pressure obtained at these points should be kept on file. One of the 24-hour gauges should be installed in the laboratory, the other being available for use at any point from which complaints of low or heavily fluctuating pressure are received. The total lack of such data as it noted above has made it impossible for us to ascertain the conditions obtaining during the past winter, when gas consumption was heavy and complaints of high gas bills were most frequent.

In conclusion we can only report that we have discovered no facts which indicate that the gas companies have during the past winter done anything which would increase the amount of gas used by consumers. The gas at present supplied is undeniably of high quality, and the records of the companies substantiate their claim that this was also the case during last December, January and February.

The results of our meter tests qualify the statement that the meters in use are of good, reliable make, and record correctly within the commercial limits of accuracy.

Undoubtedly there have been, and will always be, sporadic cases where complaints are just, and gas meters will also be found which record incorrectly.

The San Francisco Gas & Electric Company and the Metropolitan Light & Power Company have shown us every courtesy and accorded us every facility asked for.

Respectfully submitted,

A. M. HUNT,

C. L. CORY.

Resolution No. 3694 (New Series), as follows:

Resolved, That John Tuttle be and is hereby granted permission, revocable at will of the Board of Supervisors, to blast in premises situate at the City Hall site, for the purpose of removing debris during the fulfillment of his contract for repairing the east wing of the City Hall; provided that the said John Tuttle shall execute and file a good and sufficient bond in the sum of

\$5,000, as fixed by the Board of Public Works, and approved by His Honor the Mayor, in accordance with Ordinance No. 1204; provided also that no blasting shall take place except during the hour of from 6 to 7 o'clock a. m.; that no one shot contains over three sticks of 7/8-inch diameter dynamite of not over 30 per cent nitro-glycerine; that all shots be fired under or behind a heavy rope screen of approximately 15x20 feet area; said rope screen to be square woven of hawser, not less than 1 1/4 inches in diameter and not over a 5-inch mesh. In case small particles should escape through the above screen, then a second screen of the same dimensions, but of 3/4-inch rope, woven on a 3-inch mesh, shall be used outside of the first one. These screens are to be loose hung or laid in order that they may "go with" the shot and prevent the breaking of the individual strands. And that the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this Resolution be violated by the said John Tuttle, then the privilege and all the rights accruing thereunder shall immediately become null and void.

Providing \$15,000 for an Architect's Competition for Procuring Plans for a City Hall.

Resolution No. — (New Series). Resolved, that the sum of \$15,000 be and the same is hereby set aside, appropriated and authorized to be expended by the Board of Public Works from the appropriation made in the budget of the fiscal year 1908-9, "For paving, repaving and repairs to streets, for reconstruction and repairs to sewers and for construction of and repairs to public buildings." for the purpose of enabling said Board of Public Works to obtain plans for a City Hall for the City and County of San Francisco to be erected on the

block bounded by Larkin and McAllister streets and City Hall avenue; that the necessary plans are to be procured and paid for by an "architectural competition," and in the manner set forth in a report of Newton J. Tharp, City Architect, submitted to the Board of Supervisors on April 9, 1909.

It is further declared to be the intention of the Board of Supervisors to submit to the voters of the City and County a proposition to incur a bounded indebtedness to the amount of approximately \$4,000,000 for the purpose of erecting a City Hall on the property above described.

Final Passage.

The following matters heretofore passed for printing, were taken up *finally passed* by the following vote and numbered as follows, to wit:

Amending Franchise of Ocean Shore Railway Company.

The following Bill, heretofore passed for printing, was taken up:

Bill No. 761, Ordinance No. — (New Series), entitled, "An ordinance amending section 1 of an ordinance entitled, Ordinance No. 1623, Providing for a Grant to the Ocean Shore Railway Company, a railroad corporation, of a Right to Way for, and the Right to Construct,

Maintain and Operate a Railroad, together with all Necessary Branches, Sidetracks, Turnouts, Switches, Crossings, Spur-tracks, Yard-tracks, Depot-tracks, and Terminal tracks and Facilities Along, Over, Under, Across and Upon Certain Streets, Avenues, Alleys, Places and Properties in the City and County of San Francisco, approved October 5, A. D. 1905."

Stipulation of the Ocean Shore Railway Company Agreeing Not to Use Steam Power in Operation of Road in Richmond District.

The following matters were presented and read by Clerk:

San Francisco, April 16, 1909.

John E. Behan, Esq., Clerk of the Board of Supervisors, City.

Dear Sir: Enclosed herewith I am sending you certified copy of Resolution of Board of Directors Ocean Shore Railway Company, ratifying the contract embraced in the letter signed by J. Downey Harvey and Burke Corbet, under date of April 12, 1909.

Yours very truly,

BURKE CORBET.

Certified Copy of Resolution.

I, the undersigned, Burke Corbet, secretary of the Ocean Shore Railway Company, a corporation, do hereby certify that at a regular meeting of the Board of Directors of said corporation held at the office of said corporation in the City and County of San Francisco, on the 15th day of April, 1909, at which meeting a quorum of the directors was present, a resolution of which the following is a copy was duly and regularly passed by unanimous vote of all the directors present, being a quorum of said corporation, to wit:

Whereas, On the 12th day of April, 1909, the President and secretary of this corporation, acting for and on behalf of this corporation, made, executed and delivered as the act of this corporation a contract embraced in a letter, of which the following is a copy, viz:

San Francisco, Cal., April 12, 1909.

To the Honorable Mayor and Board of Supervisors of the City and County of San Francisco.

Gentlemen:

In connection with the proposed amendment to Ordinance No. 1623, we wish to state, it is not the intention of the Ocean Shore Railway Company to use steam as a motive power in the operation of its trains through the Richmond District, and we hereby agree to and with the City and County of San Francisco, that the Ocean Shore Railway Company will not use locomotive steam power as a motive power for or in the operation of its trains or cars over Route No. 2, as designated in said

Ordinance, being the same route a portion of which will be operated within the Richmond District.

Therefore, be it Resolved, That the act of making, executing and delivering said letter and the contract embraced therein be and the same is hereby ratified and confirmed by this corporation.

In Witness Whereof, I have hereunto set my hand and affixed the official seal of said corporation, at the office of said corporation, this 15th day of April, 1909.

BURKE CORBET,

Secretary.

Motion.

Supervisor Connolly moved that J. Watson be granted the privilege of the floor.

Privilege of the Floor.

Whereupon, J. Watson, representing property owners in the Richmond, addressed the Board, stating that what the residents of the Richmond District wanted was a contract that would be binding on the successors and assigns of the Ocean Shore Railway Company and not a mere stipulation to that effect. He wished such a contract embodied in the franchise and made one of the conditions of the grant.

Burke Corbet, Secretary of the Ocean Shore Railway Company, also addressed the Board, stating that the company had a bond issue out and for that reason did not wish to change the phraseology of its franchise. He declared that the stipulation filed would give ample protection to the City.

Motion.

Supervisor Murdock moved that the Bill be laid over one week and the stipulation of the Ocean Shore Railway Company be referred the City Attorney for his opinion as to whether or not said stipulation fully protects the City in the manner intended.

Motion carried.

Action Deferred.

Whereupon, Bill No. 761, Amending Ocean Shore Franchise, was laid over one week.

Declaring Certain Streets Boulevards and Regulating Traffic Thereon.

Bill No. 865, Ordinance No. 752 (New Series), entitled, "Declaring certain streets to be boulevards, and regulating traffic thereon," the provisions of which set aside the following streets as public boulevards, viz.: Baker street from Oak street to Turk street; Fell street from Baker street to Stanyan street; Golden Gate avenue from Market street to its westerly terminus, South Park; Steiner street from Golden Gate avenue to Fulton street; Fulton street from Steiner to Baker streets; Twenty-fourth avenue from "D" street to its northerly termination; Seventh avenue from Fulton street to its northerly termination; Van Ness

Whereas, The City Attorney, by Resolution No. 2605 (New Series), of the Board of Supervisors, approved August 5, 1908, and Resolution No. 3521 (New Series), approved March 17, 1909, was directed to solicit offers for the sale to the City and County of San Francisco of the certain parcels of land in Potrero Nuevo Block No. 109 and in Block No. 375, Outside Lands, hereinafter described, belonging to John J. Roddy and Robert W. Bennett and wife, which land is required by the City and County of San Francisco as a site whereon to erect the San Francisco Hospital building; and the Frank McCoppin School building;

Whereas, The offers received from the above named owners to sell said lands to the City and County of San Francisco are deemed unreasonable and in excess of the appraised valuation of said lands and property in these vicinities; now, therefore,

Resolved, That the City Attorney be and is hereby authorized and instructed to institute condemnation proceedings against the said hereinabove named owners for the acquisition of the following described lands by the City and County of San Francisco, to wit:

Owner, John J. Roddy.

Commencing at a point formed by the intersection of the northerly line of Twenty-third street with the easterly line of San Bruno avenue, running thence northerly along said easterly line of San Bruno avenue 33 feet 4 inches, thence at a right angle easterly 100 feet, thence at a right angle southerly 33 feet 4 inches to the northerly line of Twenty-third street, thence at a right angle westerly 100 feet to the easterly line of San Bruno avenue and point of commencement. Being a portion of Potrero Nuevo Block No. 109.

Owners, Robert Bennett and Wife.

Commencing at a point on the easterly line of Seventh avenue, distant thereon 200 feet from the southerly line of B street, thence at a right angle easterly 120 feet, thence at a right angle southerly 25 feet, thence at a right angle westerly 120 feet to the easterly line of Seventh avenue,

thence at a right angle northerly 25 feet to the point of commencement. Being a portion of Outside Lands Block No. 375.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—18.

Renting, and Assigning Rooms in the Grant Building.

Also, Resolution No. 3725 (New Series), as follows:

Resolved, That Room No. 503 in the Grant Building be engaged at a monthly rental of \$10.00 for use as a courtroom by A. B. Treadwell, Justice of the Peace, in lieu of Room No. 610; and

Further Resolved, That Room No. 610 be assigned to Hon. Frank J. Murasky as chambers in lieu of present chambers, Room No. 615, and that the Room No. 615 vacated by said Hon. Frank J. Murasky be and is hereby assigned for the use of the Clerk of the Justice Courts.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—18.

Install Telephones.

Supervisor Rixford introduced the following:

Resolved, That the Pacific Telephone & Telegraph Company be and is hereby directed to install a telephone in the office of Katherine M. Ball, teacher of drawing in the School Department at the Emerson School, situate at Pine street, between Scott and Devisadero streets.

Motion.

Supervisor Pollok moved that Resolution be recommitted to the Public Buildings Committee.

Ayes—Supervisors Comte, Jennings, McLeran, Murdock, Murphy, Pollok—6.

Noes—Supervisors Bancroft, Booth, Broderick, Center, Connolly, D'Ancona, Giannini, Hocks, Johnston, McAllister, Payot, Rixford—12.

Adopted.

Whereupon, the above Resolution was adopted as Resolution No. 3726 (New Series) by the following vote:

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—18.

Action Deferred.

The following Bill, laid over from last meeting, was taken up and on motion again laid over one week:

Determination to Grant Franchise for Street Railroad on Stockton, Bay and Other Streets.

Resolution No.— (New Series),
 "Determining to grant a street railroad franchise for a period of twenty-five years over and along Stockton, Bay and other streets."

RELATIVE TO ISSUANCE OF BONDS FOR CONSTRUCTION OF CITY HALL AT CIVIC CENTER AND FOR CERTAIN OTHER PUBLIC IMPROVEMENTS.

The following reports were presented and read by the Clerk:

Report of Joint Committee on Public Utilities and Public Buildings.

To the Honorable the Board of Supervisors of the City and County of San Francisco—Gentlemen: Your Joint Committee on Public Utilities and Public Buildings to whom was referred the proposition of providing for the erection of a City Hall and the acquisition of lands at the intersection of Market street and Van Ness avenue, and the creation thereby of a "Civic Center" in accordance with the so-called "Burnham Plans", begs leave to report thereon as follows:

We have been presented with plans, estimates and statements which have convinced us that the proposition of hereafter erecting all the administrative buildings of the City and County on the group plan and the realization of the "Civic Center" idea is highly commendable and desirable from every point of view, and that it would be a mistake at this time to undertake the erection of a City Hall on the present site and thereby forever bar the carrying out of any rational plan of civic development along modern lines.

San Francisco is already a great city and will steadily grow to be a greater one, and if we wish it to occupy its proper place among the great cities of the world we would be derelict in our duty which we owe to the future, should we fail to present to the people of the City an opportunity to register their will on a matter of the highest possible consequence to them and to posterity.

We therefore recommend that the proposition to erect a City Hall to be erected on the land embraced within the lines of Market, Franklin and Hayes streets, and the acquisition of the lands necessary within such limits, be submitted at the ensuing election as a single proposition. This will permit a full, free and adequate expression of public opinion upon this proposition.

If the proposition were to be divided, and separate propositions be submitted as suggested by a minority of the Committee, viz.: One proposition to construct a City Hall and another to ac-

quire the land for a civic center, the issue would be involved, a free expression prevented with a possible result that both propositions would be defeated.

Respectfully submitted,

D. C. MURPHY,
 LORING P. RIXFORD,
 PAUL BANCROFT,

Joint Committee on Public Utilities and Public Buildings.

Minority Report of Supervisor Giannini.

To the Honorable the Board of Supervisors of the City and County of San Francisco—Gentlemen: I dissent from the report of the Committee as I do not consider that the creation of a Civic Center desirable at the present time.

Respectfully submitted,

A. H. GIANNINI.

Minority Report of Supervisor McLeran.

To the Honorable the Board of Supervisors of the City and County of San Francisco—Gentlemen: I agree with the foregoing report of the Joint Committee with the exception of the recommendation that the proposition to create a Civic Center and the erection of the City Hall be submitted as a single proposition. It is my opinion that the proposition should be divided into two parts: 1st—The erection of a City Hall, without reference to a site. 2nd—The acquisition of the lands necessary to constitute a Civic Center.

Respectfully submitted,

R. McLERAN.

(Subsequently during the proceedings Supervisor McLeran withdrew his minority report and said that he would agree and vote with the majority for the Civic Center.)

Report of Public Utilities Committee.

To the Honorable the Board of Supervisors of the City and County of San Francisco—Gentlemen: Your Committee on Public Utilities to whom has been assigned the duty of conducting proceedings relating to the issuance of bonds for various public improvements reports as follows:

Reference is hereby made to a report of this Committee submitted on March 16, 1908, wherein certain propositions to incur a bonded debt were stricken from the subsequent proceedings connected with the bond issue of 1908, and a provision made that the propositions so eliminated would be submitted to the voters at the earliest date possible thereafter.

It is with a view of keeping this promise that this Committee presents an ordinance determining that the public interest demands the acquisition or construction of the buildings and the acquisition of lands as enumerated below:

These propositions are as follows:

1. A proposition to construct a City Hall and acquire lands for the creation of a Civic Center within the lines of Hayes, Franklin and Market streets.

2. A proposition to construct a Polytechnic High School.

3. A proposition to construct a Juvenile Detention Home.

4. A proposition to acquire lands on Telegraph Hill for park purposes.

5. A proposition to acquire lands in the Potrero District for park purposes.

6. A proposition to acquire lands at the foot of Van Ness avenue and the equipment thereof for the purpose of an aquatic park.

7. A proposition to acquire lands in the Bay View District for park purposes.

8. To acquire lands for playgrounds as follows:

At Elizabeth, Noe, Twenty-fourth and Sanchez;

At Nineteenth, Twentieth, Iowa and Pennsylvania streets;

At Eighteenth, Dolores, Guerrero and Nineteenth streets for children's playgrounds.

Your Committee has considered the request of the Board of Education to include a proposition for the acquisition of additional lands contiguous to the present school grounds to be used for playgrounds. In this connection the Committee is of the opinion that such lands can be purchased from the proceeds of the 1908 bond issue as it is apparent that we will receive in excess of \$500,000 as a premium on bonds sold and hereafter to be disposed of. This will permit the purchase of additions to present school sites and we would recommend that this policy be adopted.

Your Committee held numerous public sessions for the purpose of considering all propositions that might be presented. A number of suggestions were made by citizens and representatives of various organizations as to proper subjects for a bond issue. The presentation of the projects set forth above is not to be taken as indicating that those not included are without merit, but the Committee deems it imprudent to overload the bonding capacity at the present time.

The ordinance is submitted to the Board for discussion and such action as it desires to take in respect thereto.

Respectfully submitted,

A. H. GIANNINI,
D. C. MURPHY,
R. McLERAN.

Committee on Public Utilities.

Motion.

Supervisor Giannini moved that Thomas Magee be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, Thomas Magee, real estate expert, was granted the privilege of the floor and addressed the Board, stating that the present City Hall site could be sold for approximately \$2,500,000 and that the proposed Civic Center lands could be bought for approximately \$4,500,000, making the net cost of the proposed new site \$1,500,000.

Willis Polk, architect, also addressed the Board, explaining the purpose of the Burnham plans and the difficulty encountered in treating the City Hall in its present location in any logical or scientific scheme of civic development. He favored the purchase of lands in proposed civic center.

Hon. James D. Phelan, representing the Society for the Beautification and Adornment of San Francisco, addressed the Board at length, strongly advocating the proposition for the construction of a City Hall on lands to be purchased in the proposed Civic Center and favoring the adoption of a general policy of development along lines laid down in the Burnham plans.

J. McDougald, representing the Public Buildings Committee of the Merchants' Association, also favored the plan for the construction of a City Hall at the Civic Center.

Declaratory Ordinance for Bond Issue for Certain Public Improvements.

Thereupon, Supervisor Rixford introduced the following:

Bill No. 873, Ordinance No. — (New Series), entitled, "Determining and declaring that the public interest requires the construction or acquisition of certain permanent buildings, improvements and lands for municipal purposes, the cost of which, in addition to the other expenses of the City and County, will exceed the income and revenue provided for the City and County for any one year, and directing the Board of Public Works to procure and file plans and estimates of the cost of original construction and completion of such permanent buildings and improvements and estimates of cost of the acquisition of the lands necessary for such municipal purposes, this Ordinance being the first of a series of Ordinances to be adopted by the Board of Supervisors of the City and County of San Francisco, under and by virtue of which it is proposed to incur a bonded indebtedness of said City and County for the purposes herein enumerated."

Question on Reports of Committees.
Construction of City Hall on Civic Center.

The Chair stated the question on Proposition 1 as follows:

"Shall the Board approve a proposition to construct and equip a permanent municipal building or buildings to be used as a City Hall to be erected on a tract of land bounded by Hayes, Franklin and Market streets, and the acquisition of Western Addition Blocks Numbers 69, 70, 71, 72 and the south-westerly portion of Block 1, to constitute a Civic Center within the boundaries above described."

Communication—From City Attorney, stating that firemen have right to sign petitions for nominations under Direct Primary Law.

Veto Message—Fire Alarm Boxes.

The following message from his Honor, the Mayor, returning without his approval and with his objections thereto, Resolution No. 3703 (New Series), was received, read, ordered published, entered at large in the Journal and referred to the *Electricity Committee*: Mayor's Office, City and County of San Francisco, San Francisco, April 26, 1909.

To the Board of Supervisors of the City and County of San Francisco:

I am constrained to return to you without my approval Resolution No. 3703, which reads as follows:

“Resolved, That the Clerk be and he is hereby authorized and directed to advertise for proposals to furnish 50 positive non-interfering and successive fire alarm fire boxes for the Department of Electricity, in accordance with speci-

fications therefor approved by the Electricity Committee of this Board.”

It is obvious that this Resolution is the same in every essential respect as the Resolution heretofore vetoed by me which provided that the Department of Electricity must use the fire alarm boxes now in the service of the city. In both instances the Board of Supervisors seek to control a matter which the Charter has exclusively left for control with the Department of Electricity. As your Board has been heretofore advised, the City Attorney decided, as had the Mayor, that your Honorable Board had no power to do this. Besides, the City Attorney, in an opinion of November 21, 1908, given at the instance of the Department of Electricity, decided as follows:

“I therefore advise the Board that it has no power independent of the Board of Supervisors to call for bids and award contracts for materials and supplies required by the Department of Electricity, but that power rests solely with the Board of Supervisors; but that the Board of Supervisors in letting the contracts, cannot interfere with the control given the Department of Electricity over the ‘construction and maintenance of the Fire Alarm, Police and Telephone and Telegraph Systems,’ BY DETERMINING THE CHARACTER, NATURE, KIND OR TYPE OF MATERIALS AND SUPPLIES TO BE USED IN THE CONSTRUCTION AND MAINTENANCE OF THOSE SYSTEMS.”

You must agree with me that, at least so far as the Fire Alarm System of the city is concerned, it is of the last importance that there should be no division of responsibility. Upon the Department of Electricity SOLELY rests the responsibility of determining the kind, character and number of Fire Alarm Boxes, and this grave responsibility, I respectfully submit, ought to rest where the Charter places it.

EDWARD R. TAYLOR, Mayor.

APPOINTMENT OF COMMITTEE OF ARRANGEMENTS FOR PRESENTATION OF MEDAL BY AMBASSADOR OF FRANCE IN COMMEMORATION OF REBUILDING OF SAN FRANCISCO.

The following communication from his Honor the Mayor was presented and read by the Clerk:

Mayor's Office,

RELATIVE TO THE ACQUISITION OF A MUNICIPAL WATER SUPPLY.

The following Report was presented, read and ordered entered at large in the Journal:

Report of Public Utilities Committee on Resolution Authorizing Clerk to Advertise for Bids for Sale of \$240,000 of Water Supply Bonds.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen:

Your Committee on Public Utilities begs leave to report that it has duly considered the following communication from the City Engineer, filed April 17, 1909, to wit:

"In order to carry out the purchases of the Hetch Hetchy water rights and work, it is necessary that \$250,000.00 of the \$600,000.00 bond issue be sold at as early a date as possible. This fund to be used for the following purposes:

- (1) Make 2nd and 3rd payments for Smith lands. \$100,000.00
- (2) Payment for Covell-Kellett lands 16,800.00

Perfection of right to:

- (1) Cherry Creek diversion canal
- (2) Eleanor Lake main canal
- (3) Tuolumne main canal 8,500.00
- (3) Clearing site, constructing permanent quarters Eleanor Lake dam and gauging stations 20,000.00
- (4) Location main canal west of Stanislaus Forest line 18,000.00
- (5) Location and construction of trails and roads 30,000.00
- (6) Msls. contingencies, traveling exp., etc.... 6,700.00

\$200,000.00

It will also be necessary to carry out some of the options, which have been held up to now, for additional exchanges for lands in the flooded areas and side slopes of both reservoirs. The rights of way call for 50 feet outside the extreme flood lines, and we should perfect these rights to the limits now contemplated for the ultimate development of both reservoirs.

I therefore ask that \$50,000.00 be set aside for this purpose, the items for which will be submitted to you from time to time."

Your Committee begs leave to recommend the passage of a Resolution inviting bids on May 10, 1909, for the sale of water supply bonds in the sum of \$240,000, for the purpose of defraying expenses and making payments as set forth in said communication.

Respectfully submitted,

A. H. GIANNINI,

D. C. MURPHY,

R. McLERAN,

Committee on Public Utilities.

The following Bill, heretofore passed for printing, was taken up:

Bill No. 761, Ordinance No. — (New Series), entitled, "An ordinance amending section 1 of an ordinance, entitled, 'Ordinance No. 1623. Providing for a Grant to the Ocean Shore Railway Company, a railroad corporation of a Right to Way for, and the Right to Construct, Maintain and Operate a Railroad, together with all Necessary Branches, Sidetracks, Turnouts, Switches, Crossings, Spur-tracks, Yard-tracks, Depot-tracks, and Terminal tracks and Facilities Along, Over, Under, Across and Upon Certain Streets, Avenues, Alleys, Places and Properties in the City and County of San Francisco,' approved October 5, A. D. 1905."

Opinion of City Attorney That Agreement of Ocean Shore Railway Company Relative to Non-Use of Steam as Motive Power in Richmond District Fully Protects All Concerned.

The following matters were presented and read by the Clerk:

April 26th, 1909.

Board of Supervisors, San Francisco, Cal.

Gentlemen: I am in receipt of your communication under date of April 20th wherein you request me to advise your Board whether a stipulation on the part of the Ocean Shore Railway Company made in the matter of the application by the Ocean Shore Railway Company for an amended franchise in the Richmond District fully protects the City and County of San Francisco in the manner intended.

As I understand the proposition the intention of the stipulation is to bind the applicant for the amended franchise

to the use of such motor power as might be approved by your Board.

It was apprehended by residents of the Richmond District that under the terms of the amended franchise a successful effort could be made to substitute steam for other power. In order to meet this objection the Ocean Shore Railway Company, through its Secretary, wrote a letter with the official seal attached, to the Mayor and your Board stating that it was not the intention of the Ocean Shore Railway Company to use steam as a motive power in the operation of its trains through the Richmond District and the Company agreed to and with the City and County of San Francisco that such steam power as a motive power would not be used.

I am inclined to the view that such a declaration and agreement prior to the passage of the ordinance granting the amended franchise would sufficiently protect the City against the use of steam as a motive power in the Richmond District. However, feeling that possibly such declaration would not sufficiently allay the fears of the protestants I took the matter up with the officials of the Ocean Shore Railway Company and suggested the entering into of an agreement between the Company and the City and County of San Francisco whereby it would be specifically agreed that steam motive power would not be used by either the Company or its successors or assigns.

The officials of the Company met me in a broad and liberal spirit and as a result of the negotiations I send you accompanying this letter an agreement authorized by the Board of Directors of the Ocean Shore Railway Company and executed by J. Downey Harvey, its President, and Burke Corbett, its Secretary, binding the Company to the agreement which I suggested, viz.: a promise not to use steam as a motive power in the operation of its cars or trains in the Richmond District.

In my judgment this meets any objections that might be urged against the passage of the ordinance granting the amended franchise and fully protects the rights of all concerned.

Yours very truly,

PERCY V. LONG,
City Attorney.

Certified Copy of Resolution.

The following is a resolution passed at a regular adjourned meeting of the Board of Directors of the Ocean Shore Railway Company April 22, 1909:

Whereas, There is at the present time before the Board of Supervisors of the City and County of San Francisco a bill asking for the amendment of Section 1 of Ordinance No. 1623 heretofore granted by the said City and County of San Francisco to this corporation; and

Whereas, The Board of Supervisors of the City and County of San Francisco have requested that this corporation make and enter into a contract with it agreeing not to use locomotive steam power as a motive power for the moving of its cars within the Richmond District and along Route No. 2: therefore be it

Resolved by this corporation that the President and Secretary, acting for and on behalf of this corporation, are authorized to make and enter into a contract with the City and County of San Francisco wherein and whereby this corporation agrees not to use steam locomotive power as a motive power along Route No. 2 within the Richmond District of the route described in the ordinance above mentioned, said contract to bind this corporation as well as its successors and assigns.

State of California, City and County of San Francisco.—ss.

I, Burke Corbet, Secretary of the Ocean Shore Railway Company, do hereby certify that the above and foregoing is a full, true and correct copy of a resolution duly passed by the Directors of the Ocean Shore Railway Company at a regular adjourned meeting of said Board duly convened and held on the 22nd day of April, 1909, at 9:30 o'clock a. m. That the same was passed by a vote of all of the Directors present. That a majority of said Directors were present at said meeting.

BURKE CORBET.

Secretary, Ocean Shore Railway Company.

Form of Agreement.

This agreement, made and entered into this 24th day of April, 1909, by and between the Ocean Shore Railway Company, a corporation organized, created and existing under and by virtue of the laws of the State of California, as party of the first part, and the City and County of San Francisco, within the State of California, a municipal corporation, organized, created and existing under and by virtue of the laws of the State of California, as party of the second part.

Witnesseth: Whereas, by Ordinance No. 1623 duly approved by the Mayor of San Francisco October 5, 1905, there was granted to the above named party of the first part a right of way for a railroad over three routes, as described in said Ordinance, which said Ordinance by reference thereto is incorporated in and made a part hereof. That in and by said ordinance it is provided, among other things, "The said Ocean Shore Railway Company is hereby granted the right to construct, maintain and operate by means of electricity or other motive power authorized by law and to be hereafter approved by the Board of Supervisors before being used, a single or double track

railroad over the routes above named; and

Whereas, A portion of Route No. 2 described in said ordinance is over certain streets within that portion of the City and County of San Francisco known and designated as the Richmond District, the same lying and being north of Golden Gate Park; and

Whereas, At the present time there is before the Board of Supervisors of the City and County of San Francisco Bill No. 761, by which it is proposed to amend Section 1 of the ordinance above mentioned; and

Whereas, Certain of the residents of said Richmond District have been advised that by said ordinance it might be possible for said party of the first part to operate its said cars by steam locomotive power; and

Whereas, The said party of the first part has assured said persons that it is not the intention of the said party of the first part to operate its cars and trains of cars after said railroad is constructed within the said Richmond District by steam locomotive power; and

Whereas, Said persons have requested the said party of the first part to make and enter into a contract in writing, with the City and County of San Francisco, wherein and whereby said party of the first part obligates itself not to operate its said cars or trains of cars after said road is completed and put in operation by means of steam locomotive power over that portion of said Route No. 2 which is within the Richmond District, lying north of Golden Gate Park:

Therefore, for and in consideration of the sum of one dollar to the said party of the first part in hand paid, it, the said party of the first part, has and does hereby agree to and with the said party of the second part that after the completion of its said line of railway, over, along, upon and across the route designated in said Ordinance No. 1623 as Route No. 2, that it, the said party of the first part, will not operate its cars nor trains of cars by means of steam locomotive power over that portion of said route within the Richmond District and north of Golden Gate Park.

This contract shall be obligatory upon the said party of the first part, as well as its successors and assigns.

In Witness Whereof, the said party of the first part has by resolution of its Board of Directors, duly passed, duly caused this agreement to be signed by its President, attested by its Secretary, and the seal of the corporation to be affixed hereto, this 24th day of April, 1909, and the party of the second part, by resolution of its Board of Supervisors, has authorized the Mayor of said City and County of San Fran-

cisco to sign this contract for and on behalf of the City and County of San Francisco.

OCEAN SHORE RAILWAY COMPANY.

By J. DOWNEY HARVEY,
President.

Attest: BURKE CORBET, Secretary.

CITY AND COUNTY OF SAN FRANCISCO.

By
Mayor of the City and County of San Francisco.

And
Clerk of the Board of Supervisors.

Adopted.

Whereupon, the following Resolution was introduced by Supervisor Center and adopted by the following vote:

Accepting Agreement of Ocean Shore Railway Company as to Non-Use of Steam in Richmond District.

Resolution No. 3746 (New Series), as follows:

Whereas, The Ocean Shore Railway Company has this day filed with the Board of Supervisors the following certified copy of a Resolution of its Board of Directors, to wit:

Whereupon, the Resolution, as amended, in words and figures following, was passed for printing by the following vote:

Resolution of Determination to Grant a Franchise for a Street Railroad on Stockton, Bay and Other Streets.

Resolution No. — (New Series):

Whereas, Application has been made to the Board of Supervisors of the City and County of San Francisco by Frank D. Stringham, through petition filed March 25, 1909, for a franchise for a term of twenty-five (25) years to construct, maintain and operate a double track street railroad, with all necessary branches, side tracks, turn-outs, switches, crossings, curves and facilities, upon, over and under the following described route, to wit:

Commencing at the southerly terminus of Stockton street where said street intersects the northerly line of Ellis street; thence over and upon said Stockton street to Bay street, curving into and connecting with double tracks on Bay street, in both an easterly and westerly direction, including the right to operate said railway through a tunnel or subway twenty-two (22) feet in width and sixteen (16) feet high in the clear, with suitable approaches to be constructed under said Stockton street from the northerly line of Sutter street to the southerly line of Sacramento street.

Also, commencing at the intersection of Bay street with the westerly line of East street; thence upon and over said Bay street to Montgomery avenue; thence curving into Montgomery avenue and upon and over Montgomery avenue to North Point street; thence curving into North Point street and upon and over North Point street to Polk street; thence curving into Polk street and upon and over said Polk street to Bay street; thence curving into Bay street and upon and over Bay street to Laguna street; thence curving into La-

guna street and upon and over Laguna street to Chestnut street; thence curving into Chestnut street and upon and over Chestnut street to the Presidio Reservation.

Whereas, It appears to this Board that the public interest will be subserved by the grant of such franchise, therefore,

Resolved, That this Board grant a franchise as a whole, for a term of twenty-five (25) years for a standard gauge street railroad upon, along and across the hereinbefore described route.

Said street railroad franchise shall be granted after due advertisement and offer for sale, in the manner and subject to the conditions and restrictions provided in the Charter of the City and County of San Francisco, with particular reference to the following subdivisions and sections of Chapter 2, Article II, of said Charter, relating to the powers of the Board of Supervisors, to wit:

Subdivision 2 and Subdivision 27, as amended February 5th, 1903, of Section 1 thereof and Section 6 thereof.

It is hereby determined that said street railroad franchise shall be granted subject to the conditions expressed in the following form of grant, to wit:

"Bill No. —, Ordinance No. — (New Series):

Granting to.....a franchise for a right of way and the right to construct, maintain and operate a double track railroad, together with all necessary branches, side tracks, turn-outs, switches, curves, crossings and facilities, upon, over and under certain streets in the City and County of San Francisco.

Be it ordained by the people of the City and County of San Francisco as follows:

Section 1. The right of way is hereby granted to his (or its) successors or assigns, for the term of twenty-five (25) years, to use portions of the streets and avenues hereinafter named and described, for street railroad purposes, as hereinafter set forth, and to that end the said....

..... his (or its) successors or assigns, is hereby granted the right to construct, erect, maintain and operate by means of electricity or such other improved power as science has now or may hereafter discover and the laws sanction, a double track railroad upon, over and under the portions of the following streets and avenues:

Commencing at the southerly terminus of Stockton street where said street intersects the northerly line of Ellis street; thence over and upon said Stockton street to Bay street, curving

into and connecting with double tracks on Bay street in both an easterly and westerly direction, including the right to operate said railway through a tunnel or subway twenty-two (22) feet in width and sixteen (16) feet high in the clear, with suitable approaches to be constructed under said Stockton street, from the northerly line of Sutter street to the southerly line of Sacramento street; also commencing at the intersection of Bay street with the westerly line of East street; thence upon and over said Bay street to Montgomery avenue; thence curving into Montgomery avenue and upon and over Montgomery avenue to North Point street; thence curving into North Point street and upon and over North Point street to Polk street; thence curving into Polk street and upon and over said Polk street to Bay street; thence curving into Bay street and upon and over Bay street to Laguna street; thence curving into Laguna street and upon and over Laguna street to Chestnut street; thence curving into Chestnut street, and upon and over Chestnut street to the Presidio Reservation.

Section 2. It shall be lawful, and said, his (or its) successors or assigns, shall have the right to build, construct, erect and maintain all necessary poles, feed, trolley, guy, stay and sustaining wires, overhead construction, connecting tracks, Y tracks, side tracks, turn-outs, curves, switches, crossings, and to connect any or all of said tracks with the main line of the railroad, as hereinbefore set forth. But nothing herein contained shall be construed to permit the grantee to connect his (or its) tracks with those of any other person, firm or corporation, without the consent of the Board of Supervisors, provided that the grantee, his (or its) successors or assigns, may connect with existing tracks on Stockton street, at Clay street, at Jackson street, at Broadway and at Union street.

Nothing herein contained shall be construed as the right to maintain any elevated road without the permission of the Board of Supervisors.

Section 3. The foregoing grants are made upon the following express conditions, to be strictly complied with by the said grantee, his (or its) successors or assigns, viz.:

First. The grantee, his (or its) successors or assigns, shall pay to the City and County of San Francisco, in lawful money of the United States, a percentage upon the gross annual receipts of said grantee, his (or its) successors or assigns, arising from the use, operation, possession or enjoyment of such franchise, as follows:per centum thereof during the first five

years of the period for which said franchise is granted;per centum thereof during the next succeeding ten years of said period; andper centum thereof during the next succeeding ten years of such period.

All such per centum of said gross receipts shall be paid monthly into the Treasury of the City and County of San Francisco on or before the tenth day of the next ensuing month, after such gross receipts shall have been earned.

Second. The grantee, his (or its) successors or assigns, shall continuously operate the whole of the railway hereby authorized, and at the end of the term of this franchise the road, track and bed of said railway, and all its stationary fixtures upon the public streets, shall become the property of the City and County.

The grantee, his (or its) successors or assigns, shall, within one hundred days, after the date of the grant hereby made, commence the construction of the railway hereby authorized, and continuously thereafter in each and every month until the completion thereof, expend in such construction at least the sum of three thousand dollars.

A failure to comply with any of the conditions in the foregoing paragraphs shall work an immediate forfeiture of such franchise, and the road or track constructed thereunder, and there shall be no power in the Board of Supervisors to relieve from such forfeiture or from any of said conditions.

On or before the tenth of each month, after said receipts shall have been earned, the grantee, his (or its) successors or assigns, and if a railway company, the President and Secretary of said railway company, shall make and file with the Clerk of the Board of Supervisors a sworn statement of the gross receipts of such railway for the preceding month.

Third. The franchise hereby granted shall not, upon the expiration of the term thereof, be renewed or regranted, and the Board of Supervisors of the City and County of San Francisco shall at all times have the power to regulate the rates of fare, to be charged by those using, operating, possessing or enjoying this franchise, and the Finance Committee of said Board shall at all times be permitted to examine and inspect their books as to their gross receipts.

Fourth. The grantee, his (or its) successors or assigns, shall grade and pave the space between the rails, and for two feet each side thereof, and between the tracks, upon the streets whereon said tracks are to be laid, and keep the same in good condition and

repair, under the supervision and to the satisfaction of the Board of Public Works of the City and County.

If the grantee, his (or its) successors or assigns, shall fail to comply with this provision upon reasonable notice from the Board of Supervisors, the Board of Public Works may forthwith proceed to do the work and the cost thereof shall be paid by the said grantee, his successors or assigns.

Fifth. Such street railroad operating under different management, as the Board of Supervisors may permit, or the City and County itself, in the operation of a Municipal Railroad, shall have the privilege of using said tracks, for a distance not exceeding five (5) consecutive blocks, upon the sole condition that the expense of construction, maintenance and repair of the tracks, and appurtenances and subway if used by said railroads jointly, shall be equally divided between the respective operating railroads.

Sixth. If permission shall be granted by the Board of Supervisors to a line or lines of street railroads operated under different managements, other than that operated by the grantee hereunder, to operate over the tracks of the grantee, for a distance greater than five (5) and not exceeding ten (10) blocks, then and in such case each of said lines shall pay an equal portion for the construction and repair of said tracks and appurtenances, including the subway, used by said railroads jointly, for such number of blocks, and each of such lines of railroads shall likewise pay to the grantee one-half ($\frac{1}{2}$) of the regular fare for each passenger carried over such portions of the grantee's road; provided that the City and County, in the operation of a Municipal Railroad, shall have the privilege of using said tracks for a distance not exceeding ten (10) blocks on the sole condition that it pay an equal proportion of the expense of construction, maintenance and repair of the tracks, subway and appurtenances used by the City and County and the grantee, his (or its) successors or assigns, jointly.

The grantee, his (or its) successors or assigns, shall have the right to reciprocal transfer privileges with the lines operated by the City and County, and the City and County and the grantee agree to secure to each other the benefit of any transfer arrangements which may be made by either of them with other lines and affecting passengers travelling over the portion of said railroad used by the City and County and the grantee in common.

The foregoing conditions are agreed to by the City and County, because of the unusual character of the construc-

tion of said road, and because of the number of intersecting competing lines under one management.

Seventh. The grantee, his (or its) successors or assigns, shall pay to the City and County, as a license upon each car, such sum as the Board of Supervisors may fix by general Ordinance, provided, however, that such sum shall not be less than Fifteen Dollars (\$15.00) nor more than Fifty Dollars (\$50.00) per annum.

Eighth. The grantee, his (or its) successors or assigns, operating under said franchise, shall, so far as lies within his (or its or their) power, and wherever required by the Board of Supervisors, maintain reciprocal transfer privileges with intersecting lines of street railroads, provided, however, that the grantee, his (or its) successors or assigns, shall not be required to accept or grant transfer privileges, except upon terms which will net him or it one-half ($\frac{1}{2}$) of the regular fare per trip for each passenger carried; and provided, further, that the grantee, his (or its) successors or assigns, shall not be required to issue transfers to passengers travelling upon his (or its) line upon a transfer from other lines.

Ninth. The grantee operating under this franchise shall install and maintain upon Stockton street, from Ellis to Sutter streets, first-class ornamental iron poles, of a design to be approved by the Board of Supervisors, and upon each alternate pole along said street, from Pacific street to Filbert street, shall install and maintain, at his (or its) own expense, and without expense to the City and County, electric arc lights for the lighting of said streets, and shall likewise install and maintain, at his (or its) own expense, and without expense to the City and County, twenty (20) additional electric arc lights to be placed at such points along the line of said railroad as may be designated by the Board of Supervisors.

Tenth. The grantee, his (or its) successors or assigns, shall keep the subway herein referred to adequately lighted at all times during the existence of this franchise, at his (or its or their) own expense.

Eleventh. As a condition precedent to the sale and granting of this franchise, the grantee hereunder shall permit and allow all policemen and firemen of the City and County of San Francisco at all times when in uniform, and all mail-carriers in the employ of the United States Government, while engaged in the actual discharge of duty, when in uniform, to ride on the cars of such company without paying any sum of money whatever for fare or otherwise.

Twelfth. The grantee further agrees that in the event that he (or it) shall make default in the observance or performance of any of the agreements or conditions hereinbefore required to be kept and performed by him (or it), and if any such default shall continue for a period of three (3) months (exclusive of all times during which the grantee, his (or its) successors or assigns, may be delayed or interfered with, without his (its or their) connivance, by unavoidable accidents, labor strikes or the orders or judgments of any Court entered in any suit brought without his (its or their) connivance), after written notice thereof to him (it or them) from the said City and County, then and in each and every such case, the said City and County by its Board of Supervisors shall be entitled to declare this franchise and all the rights and privileges of the grantee to maintain and operate street railways in any of the hereinbefore mentioned streets of the said City and County to be forfeited and at an end; provided, however, that should the grantee, his (or its) successors or assigns, pledge or mortgage his (its or their) street railway property or any of the rights secured to the grantee, his (or its) successors or assigns, by this franchise, or any security representing the said property or rights, for the security of the payment of his (or its or their) notes, bonds or other evidences of indebtedness, the amount thereof not being in excess of the value of all the property and rights of the grantee, such right or forfeiture of this franchise by reason of any violation by the grantee, his (or its) successors or assigns, of the provisions hereof, shall not be asserted or exist against such pledgee or pledgees, mortgagee or mortgagees, or any of them, and shall not impair or affect the right of such pledgee or pledgees, mortgagee or mortgagees, to recover by foreclosure or other legal process against all the property of the grantee, including the rights and privileges hereby granted, the face value of said notes, bonds or other evidences of indebtedness, or any security representing the said property or rights to an amount, however, not in excess of the sum for which the City and County would, at the time of declaring such forfeiture, have the right under the terms hereof to purchase the said street railway property; and it is hereby stipulated that any notice of default by the grantee, his (or its) successors or assigns, upon which a forfeiture shall be claimed, shall also be given by the said City and County to the trustee or mortgagee of record in any trust deed or mortgage securing such indebtedness. The purchaser at any foreclosure or

other sale shall acquire no other or greater rights or privileges than are hereby conferred, and such purchaser shall hold said property, so purchased at such foreclosure or other sale, subject to the right of purchase at any time thereafter, as herein provided, by the said City and County; and also subject to the continuing terms, conditions and limitations of this Ordinance, including the forfeiture provision to the same extent as if the said purchaser had been the original grantee hereunder.

Section 4. First: At any time during the last ten (10) years of the life of this franchise, the City and County of San Francisco, shall have the right to acquire the same for municipal purposes, together with the power plant, poles, wires, road bed, rails, rolling stock, and all real and personal property of said railway at such fair and reasonable valuation as may be agreed upon by the grantee, his (or its) successors or assigns, and the City and County of San Francisco; or, failing such agreement, at such valuation as may be fixed by a court of competent jurisdiction, such sum, however, not to be less than seventy-five per cent (75%) of the cost of construction, equipment, betterment and improvements, including brokerage and legal expenses, the said brokerage and legal expenses to be limited to fifteen per cent (15%) of the total construction, equipment, betterment and improvements of said railway, and at not less than full market value at the time of acquisition by the City and County, of the real property acquired by the grantee, his (or its) successors or assigns, for use in connection with the operation of said street railway, but the value of the franchise element shall be excluded.

Second: The grantee, his (or its) successors or assigns shall quarterly make and file with the Board of Public Works, sworn statements showing the exact amount *bona fide* expended by the grantee, his (or its) successors or assigns, in the actual construction, equipment, betterment and improvement of said railroad and subway; and the said Board of Public Works shall, for the purpose of verifying the same, have free access to the books and vouchers of the grantee, his (or its) successors or assigns, and if the Board of Public Works shall be satisfied of the truth of such statements, and that such amounts have been necessarily and actually expended by the grantee, his (or its) successors or assigns, in the construction, equipment, betterment and improvement of said railroad, including damages, said Board shall, by resolution, approve the same and record the said statements, together with a certi-

fied copy of the resolution approving the same, in the office of the County Recorder of the City and County of San Francisco, and the amounts contained in such approved statements, together with fifteen (15%) per cent additional for legal expenses and brokerage, shall be conclusive upon the City and County of San Francisco and the grantee, his (or its) successors or assigns, as the cost of such portion of the construction, equipment, betterment and improvement of said railway and subway, for the purpose of arriving at the seventy-five per cent (75%) referred to in the preceding paragraph of this section.

Third: If any claim or claims shall be made against the grantee, his (or its) successors or assigns, for damages arising from the construction of the tunnel aforesaid, and said claim or claims shall be settled before or after suit, or if a judgment shall be recovered against the grantee, his (or its) successors or assigns, then the amount of such settlement, judgment and payment shall be certified as hereinbefore provided for, and deemed a part of the costs of construction of said railway within the meaning of this section.

Section 5: The grantee, his (or its) successors or assigns, shall in the operation of said railroad, construe not more than eight hours as one day's work performed, and not less than twenty-five cents per hour as a minimum wage, but the grantee, his (or its) successors or assigns shall have the right to agree with his employees or any association of his employees, or any of them, upon any more favorable schedule of wages and hours mutually satisfactory to employer and employee.

The grantee, his (or its) successors or assigns, agree that whenever a majority of the other street railroads operating in the City and County shall operate under a schedule of three dollars (\$3.00) per eight-hour day for platform men the grantee, his (or its) successors or assigns shall operate under a similar schedule.

Section 6. The grantee, his (or its) successors or assigns, shall, before commencing work upon the tunnel, file a bond with the City in the sum of Fifty Thousand Dollars (\$50,000.00), to be approved by the Mayor, conditioned upon the construction and completion of said tunnel.

Section 7. Said street railroad franchise is hereby granted, subject to the conditions and restrictions provided in the Charter of the City and County of San Francisco, with particular reference to the following subdivisions and sections of Chapter 2, Article II of said Charter, relating to the powers of the Board of Supervisors, to wit:

Subdivision 2 and Subdivision 27, as amended February 5, 1903, of Section 1 thereof and Section 6 thereof.

Section 8. This Ordinance shall take effect and be in force from and after its passage."

It is also hereby determined that the bidder for said franchise shall file with his bid a good and sufficient bond in the penal sum of Ten Thousand (10,000) Dollars, with sureties thereon satisfactory to the Mayor of the City and County, conditioned that the bidder shall well and truly observe and perform the conditions of the franchise for which application is made, in the case the same is awarded to him, and that in case of breach of any of the conditions of such bond, the whole of the penal sum of Ten Thousand (\$10,000) Dollars, shall be taken to be liquidated damages; also,

That the successful bidder for this franchise shall pay all charges for advertising in the official newspaper of this Resolution, of the notice of sale and of the Ordinance granting said franchise.

Further Resolved, That the Clerk of this Board be and he is hereby authorized, empowered and directed to advertise for sealed proposals, or bids, for the sale of this franchise, in accordance with the terms of this Resolution as hereinbefore expressed, said bids to be filed with the Clerk not later than Monday, June 21, 1909, at the hour of 1:59 o'clock p. m., and Monday, June 21, 1909, at the hour of 3 p. m. is hereby fixed as the hour and date for the opening of said proposals, or bids, and for the awarding of said franchise.

This Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby.

Ordering Sewer Work.

On motion of Supervisor Center: Bill No. 878, Ordinance No. — (New Series), entitled, "Ordering the performance of certain work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order certain sewer work in the Academy Tract.

Adopted.

The following Resolutions were *adopted*:

Intention to Change Grades on Certain Streets.

On motion of Supervisor Center: Resolution No. 3763 (New Series), Declaring it to be the intention of the Board of Supervisors to change and

establish grades at certain points and elevations on "B" street and on Twenty-first avenue, in accordance with the recommendations of the Board of Public Works, filed April 15, 1909; and further declaring that no assessment district is necessary as no damage will result from such change of grades, inasmuch as the lowering of the grade would benefit both the street and the adjacent property; also directing said Board of Public Works to cause to be conspicuously posted along the streets upon which said change or modifications of grades is contemplated, notice of passage of this Resolution of Intention.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—18.

Also, Resolution No. 3764 (New Series), Declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on Croke street, between Mission street and Alemany avenue, in accordance with the recommendations of the Board of Public Works, filed April 15, 1909; and further declaring that no assessment district is necessary as no damage will result from said change of grades, inasmuch as the street work has not been done and the proposed grade conforms to the improvements already constructed; also directing said Board of Public Works to cause to be conspicuously posted along the street upon which said change or modifications of grades is contemplated, notice of passage of this Resolution of Intention.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—18.

Also, Resolution No. 3765 (New Series), Declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on Kearny street, between Sutter and Post streets, in accordance with the recommendations of the Board of Public Works, filed April 15, 1909; and further declaring that no assessment district is necessary as no damage will result from said change of grade as the modified grade will conform to the improvements already constructed; also directing said Board of Public Works to cause to be conspicuously posted along the street upon which said change or modifications of grades is contemplated, notice of passage of this Resolution of Intention.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—18.

Extension of Time, Sewer Work.

Also, Resolution No. 3767 (New Series), as follows:

Resolved, That Peter McHugh be and is hereby granted an extension of ninety days' time from and after May 1, 1909, within which to complete the contract for constructing a sewer in Fourteenth street, between Harrison and Howard streets, and lateral sewers in adjacent streets.

The extension of time is granted for the reason that the inclemency of the weather has prevented the contractor from completing the work within the time originally fixed by the Board of Public Works.

Ayes—Supervisors Bancroft, Booth, Broderick, Center, Comte, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McAllister, McLeran, Murdock, Murphy, Payot, Pollok, Rixford—18.

Passed for Printing.

The following Resolution was passed for printing:

Extension of Time, Sewer Work.

On motion of Supervisor Center:

Resolution No. — (New Series), Granting Peter McHugh an extension of ninety days' time from and after May 1, 1909, within which to complete the contract for constructing a sewer in Fourteenth street, between Harrison and Howard streets, and lateral sewers in adjacent streets.

This extension of time is granted for the reason that the inclemency of the weather has prevented the contractor from completing the work within the

time originally fixed by the Board of Public Works.

Fixing Water Rates for Fiscal Year 1909-10.

The following Bill, laid over from last meeting, was taken up:

Bill No. 857, Ordinance No. ____ (New Series), entitled, "Regulating the monthly rates of compensation to be collected by any person, company or corporation engaged in the business of supplying water to the inhabitants of the City and County of San Francisco, for family uses, for private purposes, for municipal uses and for all public purposes of said City and County for the year commencing July 1, 1909, and ending June 30, 1910.

Amendment Lost.

Supervisor McAllister moved to amend by increasing rates of private consumers 15 per cent and fixing the public hydrant rate at \$5.00 per month.

Motion lost by the following vote:

Ayes—Supervisors Broderick, Comte, McAllister, Pollok, Rixford—5.

Noes—Supervisors Bancroft, Booth, Center, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McLeran, Murdock, Murphy, Payot—13.

Explanation of Vote.

Supervisor D'Ancona explained his vote by stating that he would consider an advance in rates provided there was some promise given to the City by the officials of the Spring Valley Water Company in the way of additional protection from fire or water famine, but not otherwise.

Supervisor Murdock explained his vote by stating that the increased rates would afford the Company an opportunity of providing much needed additional water facilities.

Supervisor Pollok explained his vote by stating that it was his understanding that for an increase of 15 per cent over private rates and a \$5 hydrant rate the company would bring in 5,000,000 additional gallons of water in two years and would not pay more than 4 per cent to its stockholders.

Passed for Printing.

Whereupon, Bill No. 857, fixing water rates for the year 1909-10, was *passed for printing* by the following vote:

Ayes—Supervisors Bancroft, Booth, Center, Connolly, D'Ancona, Giannini, Hocks, Jennings, Johnston, McLeran, Murphy, Payot—12.

Noes—Supervisors Broderick, Comte, McAllister, Murdock, Pollok, Rixford—6.

Explanation of Vote.

Supervisor Connolly explained his vote by stating that he considered the needs of a water supply in outlying districts of more importance than additional fire protection.
